

ATLAS.ti WORKSHOP

THEORY, PRACTICE (2 DAYS)

22 & 23 September 2020
Presenter: Muller Spies

A two-day workshop presented by an ATLAS.ti trainer from *AUTHeR* (Africa Unit for Transdisciplinary Health Research) on ATLAS.ti support.

Programme

Day 1 22 September 2020 09:00 – 13:00	Introduction to ATLAS.ti – Computer Assisted Qualitative Data Analysis Software	The outcome of this workshop will equip you to start and facilitate a qualitative data analysis process with ATLAS.ti. Understanding the basic interface, preparing documents, starting a new project, and coding and data exploration.
Day 2 23 September 2020 09:00 – 12:00	ATLAS.ti Literature Review - ATLAS.ti practical and further exploration	The outcome of this workshop will guide and equip you to utilise ATLAS.ti in your research process as early as from your literature review.

Please note: All participants should have access to Microsoft Teams, ATLAS.ti 8 and 5 academic articles to optimally participate and benefit from this workshop. It is important to download Microsoft Teams before the workshop starts.

See next page on how to download Microsoft Teams (for NWU staff Members)

Venue:	Online workshop, access to MS Teams will be needed.
Cost:	R500 per day (ATLAS.ti training). Both days need to be attended.
RSVP:	15 September 2020: Your booking is only confirmed once proof of payment has been received. Please send proof of payment at least one week before the workshop to Ms Joyce Matsietso at Joyce.Matsietso@nwu.ac.za
Arrangements:	<ul style="list-style-type: none"> • Please ensure that your <i>microphone is muted</i> during the presentation and questions and answer session • All <i>video images to be switched off</i> please. Only the presenters may use their video when presenting. • If possible, please send <i>questions in the chat section</i> to facilitate meaningful discussion during the question and answers session. • If you have a question during the questions and answer phase, please <i>raise your hand icon</i>. The facilitator will indicate who can ask a question during which period you can <i>unmute your microphone</i>. Remember to <i>switch it off</i> after you have asked your question.
