Preamble

WHEREAS the Senate is responsible for the regulation of all teaching, learning and research functions, as well as for the academic support functions of the University and for the determination of policy and rules concerning all academic matters; and

AFTER consultation with the relevant academic structures on all three campuses of the University regarding the appropriate manner in which students' admission and registration, the course of their studies, examination and related matters should be regulated; and

TAKING INTO CONSIDERATION the provisions of the *Higher Education Act, 1997* and of the *Statute of the North-West University*,

SENATE MAKES THESE RULES for the effective and orderly execution of the academic processes of the University.

1 General provisions¹

1.1 Application and interpretation

- 1.1.1 These rules must be read with and applied subject to the *Higher Education Act, 1997* and the *Statute of the North-West University* and in conjunction with policies as determined by Senate and Council, such as, but not limited to, the Admission Policy, the Recognition of Prior Learning Policy and the Assessment and Moderation Policy, as well as the schedule of payable fees as determined annually by the University.
- 1.1.2 Senate must compile a manual for post-graduate studies within the framework of the provisions of these Rules, which manual has the status of a binding policy document of the University, in order to regulate matters relating to the preparation for, progress, guidance and completion of post-graduate studies.
- 1.1.3 Except where expressly provided for otherwise, these Rules apply to all qualification programmes listed in the Programme and Qualification Mix of the North-West University and offered by the University and prevail over faculty rules.
- 1.1.4 In instances where a faculty rule may contain provisions that are in conflict with these rules, the latter will prevail.
- 1.1.5 Where functions and decision-making authority are entrusted by these Rules to persons or structures, Senate or the campus senate committee concerned may at any time resolve to require the person or structure concerned to report on the performance of the relevant function or the making of the decision, and Senate or the campus senate committee concerned may, within the limits of reasonableness taking into account the implications for those affected thereby, replace or revoke the act or decision concerned.

¹ Implementation date – 1 January 2013

1.2 Application for admission

1.2.1 Procedure

A prospective student applies for admission to the University by completing the prescribed application form either on paper or electronically and submitting it to the Admissions Office together with the prescribed application documentation, fees for application and selection (where applicable), or proof of payment thereof.

1.2.2 Faculty-specific requirements

No application for admission is accepted if the applicant does not, in addition to the general admission requirements, also comply with faculty-specific requirements where applicable.

1.2.3 Selection

The University reserves the right to select students before admission to specific fields and not to admit applicants to the relevant qualification programmes if they do not satisfy the selection standards, even where such applicants do meet the minimum admission requirements. Where, in such a case, a student number is allocated to an applicant, it is done solely for administrative purposes, and does not constitute or create a right to admission.

1.3 Registration

1.3.1 Prior admission

No one is registered as a student before such person is admitted to a specific qualification programme of the University or for non-degree purposes.

1.3.2 Simultaneous registration at more than one institution

A student may not be registered simultaneously at the University and at another higher education institution without written permission granted by the campus registrar concerned on recommendation of the dean concerned and with the concurrence of the other institution.

1.3.3 Simultaneous registration for more than one qualification

A student may not be registered simultaneously for more than one qualification within the University without prior written permission granted by the campus registrar concerned on recommendation by the dean or deans concerned.

1.3.4 Use of the University's facilities by registered students

Subject to specific exceptions granted by the campus registrar concerned, only registered students are entitled to utilize the University's facilities.

1.3.6 Duration of registration

A student who is admitted to and registered at the University continues to be a student of the University for the duration of the validity of the registration or until such time as the registration is validly terminated by the student or by the University.

1.3.7 Erroneous registration

The University reserves the right to cancel any erroneous registration and to withdraw any qualification that was awarded erroneously after the conclusion of a disciplinary process or the completion of a thorough administrative enquiry.

1.8 Avoidance of conflict of interest

- 2.4.3.2 Where a first-time entering student who has registered for the first time for an undergraduate programme at the University fails any first-year module with no less than 40% in the first semester, but achieves an examination mark of at least 50% in that module, the school director concerned may allocate a pass mark of 50% to the student.
- 2.4.3.3 The sub-minimum for examinations in all modules is 40% except where a higher sub-minimum is provided for in faculty rules.
- 2.4.3.4 If a first-time entering student is registered for a first semester module for the first time and fails that module with no less than 40%, and passes a second semester module in the same subject following on the first semester module for which the first semester module is prescribed as assumed learning, the school director concerned may retroactively award a pass mark of no more than 50% for the first semester module; provided that this may, at most, be done regarding one module in the student's curriculum per year.

2.4.4 Number of examination opportunities

- 2.4.4.1 For undergraduate examinations there are two examination opportunities per module, of which the student may utilise one or both.
- 2.4.4.2 A student who utilises the second examination opportunity will be liable for the prescribed fee.
- 2.4.4.3 Where the student utilises both opportunities, the module mark is calculated with reference to the participation mark which gave admission to the first examination opportunity and the mark achieved in the second examination.
- 2.4.4.4 Faculty rules may exclude specific modules from a second examination opportunity.
- 2.4.4.5 A student who, having used all ordinary examination opportunities, has passed all modules but one required for a qualification, may apply to the dean concerned to be granted a final assessment opportunity in the outstanding module, provided that the student was registered for that module in that academic year and had a participation mark that admitted him / her to the examination.

- 2.4.7.1 Subject to exceptions that may be provided for in faculty rules, "unsatisfactory academic performance" means that a full-time student achieves in a semester less than half the credits required for the curriculum concerned or passes less than half of the modules registered for in the semester.
- 2.4.7.2 A student whose academic performance is unsatisfactory receives a formal warning from the dean and is referred for academic advice and study counselling.

2.4.8 Termination of studies

- 2.4.8.1 Where a student -
 - 2.4.8.1.1 has already received two warnings from the dean as referred to in 2.4.7.2 and fails for the third time to show satisfactory academic performance, or

- 2.4.8.2 A student whose studies have been terminated is not admitted to the same study programme in the subsequent academic year.
- 2.4.8.3 A student whose studies have been terminated may apply in the normal manner to be admitted to another study programme, but must in the course of the application mention the termination.
- 2.4.8.4 in the event of an application for re-admission the dean concerned has the discretionary authority to set reasonable conditions for such re-admission and must report such conditions to the Vice-Rector.
