1 Aim

The eight Vice-Chancellors medals are awarded annually to the best Masters student at the North-West University in a number of disciplines, as indicated below. This award is given in recognition of excellent work done by Masters Students at the NWU, and in addition to celebrate the continued efforts of study leaders and other academics in creating and sustaining a nurturing environment for these students.

- 4.3 The criteria for evaluation can include the following:

Articles originating from the study, presentations originating from the study that was presented at conferences as well as a general evaluation of the contribution of the study to the particular subject.

5 Presentation ceremony
