THE MODERN-DAY IMPACT OF CULTURAL AND RELIGIOUS DIVERSITY:
"MANAGING FAMILY JUSTICE IN DIVERSE SOCIETIES"*

C Rautenbach**

SUMMARY

This contribution deals with the modern-day impact of cultural and religious diversity and comments on some of the viewpoints to be found in Managing Family Justice in Diverse Societies.¹ The topics dealt with in this publication create a greater awareness of the challenges family diversity presents, and illustrate that an attempt to adopt a single definite strategy to manage diversity would not be the right approach; rather that each and every situation should be managed according to its unique context.

KEYWORDS: Legal pluralism; diverse societies; family justice; cultural diversity; religious diversity

---

* This note is a commentary on some of the viewpoints discussed in Maclean and Eekelaar (eds) Managing Family Justice in Diverse Societies. See also the book review by Rautenbach 2013(16)5 PER 478-487.
