**MINIMUM TOELATINGSVEREISTES VIR VOORGRAADSE STUDIE
(POTCHEFSTROOMKAMPUS) 2016
(VIR ALLE VORME VAN ONDERRIG)**

HOKR-belyning

Soos alle ander Suid-Afrikaanse universiteite is die NWU tans besig om al hul kwalifikasies en programme te belyn met die Hoëronderwyskwalifikasie-subraamwerk, wat deel van die Hoëronderwyskwalifikasieraamwerk uitmaak. Hierdie projek is die sleutelmeganisme deur middel waarvan die Universiteit verseker dat akademiese programme oor die drie kampusse heen met mekaar belyn is. Al ons akademiese programme lei tot die toekenning van 'n spesifieke kwalifikasie, wat beteken dat op al die kampusse waar 'n spesifieke program aangebied word, dit in ooreenstemming moet wees met die doel, rasionaal, toelatingsvereistes, leeruitkomst, kredietstruktuur en assesseringskriteria van die betrokke kwalifikasie. Terwyl die programme by die kwalifikasiestandaarde van die spesifieke kwalifikasie moet hou, word 'n mate van 'n toegewing ten opsigte van die kontekstuele werklikhede op die onderskeie kampusse gemaak. Daar kan op die onderskeie kampusvlakke oor aangeleenthede soos spesifieke assesseringstake en die seleksie van keusemodules besluit word.

1. ALGEMENE TOELATINGSVEREISTES

Met inagneming van die Algemene Reëls en Fakulteitsreëls soos vervat in die betrokke jaarboeke en met spesifieke verwysing na Reël A.5 (wat bepaal dat 'n **Nasionale Senior Sertifikaat*** verwerf is en dat daar voldoen is aan die minimum statutêre vereistes vir toelating tot **Diploma**** en/of **B-gradstudie***** aan 'n universiteit in die RSA), behou die Universiteit die reg voor om die volgende keuringsmodel toe te pas, aan die hand waarvan kandidate se aansoeke oorweeg sal word.

* NSS-vereistes:
'n Prestasie van "3" (40-49%) in drie vakke behaal (waarvan een 'n amptelike taal op Huistaalvlak is) en 'n "2" (30-39%) in drie ander vakke, op voorwaarde dat 'n portefeulje as bewys ingedien word van die skoolgebaseerde assesseringskomponent (KASS) van die (sewende) vak wat gedruip is.
** Diplomavereistes:
'n NSS, gesertifiseer deur Umalusi, met 'n prestasie van "3" (40-49%) in ten minste vier erkende twintigkredietvakke.
*** B-gradvereistes:
'n NSS gesertifiseer deur Umalusi, met 'n prestasie van "4" (50-59%) of beter in ten minste vier twintigkredietvakke wat op die lys van aangewese vakke is en hoogstens twee <u>erkende</u> vakke.

VERPLIGTE VAKKE – Groep A (Ook aangewese vakke)
1) Twee amptelike tale (Behaal 'n "4" in die taal van onderrig op HT of EAT-vlak).
2) Wiskunde of Wiskundige Geletterdheid.
3) Lewensoriëntering (nie bereken in die APS nie en ook nie 'n aangewese vak nie).

AANGEWESSE VAKKE (Behaal 'n "4" (50-59%) in minstens vier van hierdie vakke)	
Rekeningkunde	Inligtingstechnologie
Landbouwetenskappe	Tale (Slegs een addisionele taal (3de taal) bykomend tot die twee verpligte tale in Groep A mag aangebied word as 'n aangewese vak vir universiteitstoelating)
Besigheidstudies	Lewenswetenskappe
Verbruikerstudies	Wiskundige Geletterdheid

Dramakunste	Wiskunde
Ekonomie	Musiek
Ingenieursgrafika- en Ontwerp	Fisiese Wetenskappe
Aardrykskunde/Geografie	Religiestudies
Geskiedenis	Visuele Kunste

ERKENDE VAKKE (Maksimum twee van hierdie vakke)

Landboubestuurpraktyk	Landboutegnologie
Dansstudies	**Tale (Amptelike tale op Tweede Addisionele Taal-vlak en nie-amptelike tale)
Ontwerp	Siviele Tegnologie
Meganiese Tegnologie	Rekenaartoevoegingstegnologie
Elektriese Tegnologie	Gasvryheidstudies
Toerisme	

LYS VAN AMPTELIKE TALE		LYS VAN NIE-AMPELIKE TALE	
Afrikaans	Sesotho	Arabies	Frans
Engels	Sesotho sa Leboa	Duits (HT)	Goedjarati (HT)
IsiNdebele	Setswana	Hebreeus	Hindi (HT)
IsiZulu	Xitsonga	Italiaans	Latyn
SiSwati	Tshivenda	Portugees (HT)	Spaans
IsiXhosa		Tamil (HT)	Teloegoe (HT)
		Oerdoe (HT)	

Slegs een taal mag uit elk van die twee taalgroepe aangebied word:

- (a) IsiNdebele, SiSwati, IsiXhosa en IsiZulu.
- (b) Sesotho sa Leboa, Sesotho en Setswana.

Neem asseblief kennis dat die Universiteit – weens bepaalde kapasiteitsbeperkings – die reg voorbehou om kandidate vir toelating tot sekere studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke kursusse toegelaat sal word nie. Weens kapasiteitsbeperkings en die ooraanbod van studente in bepaalde studierigtings sal studente op grond van hulle skoolprestasie gekeur word vir toelating tot hierdie rigtings.

Keuringsmodel: Bepaling van die Akademiese Prestasieskaal (APS)

NSS-beoordelingswaarde	APS-telling
8 (90-100%)	8
7 (80-89%)	7
6 (70-79%)	6
5 (60-69%)	5
4 (50-59%)	4
3 (40-49%)	3
2 (30-39%)	2
1 (0-29%)	1

- Die prestasie wat in 6 vakke behaal is, word gebruik om die APS-telling te bereken.
- Die APS-punt wat vir Lewensoriëntering (LO) behaal is, word nie in berekening gebring by die berekening van die APS-telling nie. 'n APS-punt wat in LO behaal is op skaal 5 of hoër sal alleenlik in aanmerking geneem word by die oorweging van grensgevalle of as aanbeveling vir toelating tot bepaalde programme.
- 'n Student wat een APS-skaalpunt minder behaal as wat vereis word vir 'n bepaalde studierigting, kan op grond van die diskresie van die Senaat voorwaardelik tot 'n bepaalde studierigting toegelaat word. So 'n student sal deur die suksesvolle aflegging van 'n Senaatsgoedgekeurde toelatingseksamen wat by die Matrikulasieraad geregistreer is, moet bewys dat hy/sy oor die vermoë beskik om tot universiteitstudies toegelaat te word.
- 'n Student wat voorwaardelike vrystelling verwerf, kan onder bepaalde voorwaardes tot sekere studieprogramme toegelaat word.

**MINIMUM ADMISSION REQUIREMENTS FOR UNDERGRADUATE STUDIES
(POTCHEFSTROOM CAMPUS) 2016**

(FOR ALL FORMS OF TUITION)

HEQC alignment

As all other South African universities, the NWU is currently busy with the alignment of all its qualifications and programmes with the Higher Education Qualifications Sub-Framework, which forms part of the National Qualifications Framework. This project is the key mechanism by means of which the University ensures that its academic programmes are aligned with each other across the three campuses. All our academic programmes lead to the award of a particular qualification, which means that at all the campuses where a specific programme is offered it must be consistent with the purpose, rationale, admission requirements, learning outcomes, credit structure and assessment criteria of that qualification. While programmes must adhere to the qualification standards of the particular qualification, some allowance is made in terms of the contextual realities at the various campuses. Matters such as specific assessment tasks and the choice of elective modules could be decided on at the different campus levels.

1. GENERAL ADMISSION REQUIREMENTS

With due cognisance of the General Rules and Faculty Rules as contained in the relevant calendars and with specific reference to Rule A.5 (which determines that a **National Senior Certificate*** must be obtained and that the minimum statutory requirements for admission to **Diploma**** and/or **B degree studies***** at a university in the RSA must be met), the University reserves the right to apply the following screening model[#], on the basis of which consideration will be given to a candidate's application.

*NSC requirements:
An achievement of "3" (40-49%) in three subjects (one of which is an official language at Home Language level) and a "2" (30-39%) in three other subjects, provided that a portfolio of evidence in the school-based assessment (CASS) component is submitted in the (seventh) subject failed.
** Diploma requirements:
A National Senior Certificate (NSC) certified by Umalusi with an achievement of "3" (40-49%) in at least four recognised 20-credit subjects.
*** B degree requirements:
A National Senior Certificate (NSC) certified by Umalusi with an achievement of "4" (50-59%) or better in at least four 20-credit subjects that are on the list of <u>recognised</u> subjects.

COMPULSORY SUBJECTS – Group A (Also designated subjects)
1) Two official languages (an achievement of "4" in the language of education at HL or FAL level).
2) Mathematics or Mathematical Literacy.
3) Life Orientation (not taken into account for APS purposes and not a designated subject).

DESIGNATED SUBJECTS (Obtain a "4" (50-59%) in at least four of these subjects)	
Accounting	Information Technology
Agricultural Sciences	Languages (Only one additional language (3rd) over and above the two compulsory languages in Group A may be offered as a designated subject for university admission)
Business Studies	Life Sciences
Consumer Studies	Mathematical Literacy
Dramatic Arts	Mathematics

<i>Economics</i>	<i>Music</i>
<i>Engineering Graphics and Design</i>	
<i>Physical Sciences</i>	
<i>Geography</i>	<i>Religion Studies</i>
<i>History</i>	<i>Visual Arts</i>

RECOGNISED SUBJECTS (Maximum two of these subjects)	
<i>Agricultural Management Practices</i>	<i>Agricultural Technology</i>
<i>Dance studies</i>	**Languages (Official languages at 2nd Additional and non-official languages)
<i>Design</i>	<i>Civil Technology</i>
<i>Mechanical Technology</i>	<i>Computer Applications Technology</i>
<i>Electrical Technology</i>	<i>Hospitality Studies</i>
<i>Tourism</i>	

* LIST OF OFFICIAL LANGUAGES		**LIST OF NON-OFFICIAL LANGUAGES	
<i>Afrikaans</i>	<i>Sesotho</i>	<i>Arabic</i>	<i>French</i>
<i>English</i>	<i>Sesotho sa Leboa</i>	<i>German (HL)</i>	<i>Gujurati (HL)</i>
<i>IsiNdebele</i>	<i>Setswana</i>	<i>Hebrew</i>	<i>Hindi (HL)</i>
<i>IsiZulu</i>	<i>Xitsonga</i>	<i>Italian</i>	<i>Latin</i>
<i>SiSwati</i>	<i>Tshivenda</i>	<i>Portuguese (HL)</i>	<i>Spanish</i>
<i>IsiXhosa</i>		<i>Tamil (HL)</i>	<i>Telegu (HL)</i>
		<i>Urdu (HL)</i>	

Only one language from each of the language groups may be offered:

- (a) *IsiNdebele, SiSwati, IsiXhosa and IsiZulu.*
 (b) *Sesotho sa Leboa, Sesotho and Setswana.*

Please note that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements will not necessarily be admitted to the courses in question. Because of the capacity limitations and the high demand from students for admission to particular fields of study, students will be selected on the basis of their scholastic achievements for admission to these fields.

Screening model: Calculating the Academic Achievement Point Score (APS)

NSC rating	APS score
8 (90-100%)	8
7 (80-89%)	7
6 (70-79%)	6
5 (60-69%)	5
4 (50-59%)	4
3 (40-49%)	3
2 (30-39%)	2
1 (0-29%)	1

- *The results of 6 subjects are used to determine the APS score.*
- *The achievement in Life Orientation (LO) will not be used in computing the APS score. An achievement level of 5 in LO and higher will, however, be regarded as a recommendation for admission in borderline cases and admission to certain programmes. A pass at level 3 is required to obtain an NSC.*
- *A student who achieves one APS scale point less than required for a specific study course, may at the discretion of the Senate be admitted conditionally to a particular field of study.*
- *A student who obtains discretionary exemption may be admitted to certain study programmes under certain conditions.*

2.4 ACE – SCHOOL OF TOMORROW

2.4.1 Recognised SAT scores up to March 2005

The SAT scores recognised as meeting the minimum admission requirements for admission to first-degree studies in South Africa are:

SAT I: Total score of 1050 in the 1600 point score with a subminimum of 500 for the Mathematics as well as the Verbal score,

or

SAT II: Total score of 1050 in the 1600 point score with a subminimum of 500 for English as well as Physics or Chemistry.

2.4.2 Recognised SAT scores as of March 2005

The following cut-off points will be accepted for the new SAT Test for the ACE School of Tomorrow:

- Minimum total score of 1600 with a sub-minimum of 550 for the Critical Reading section, 500 for the Mathematical section and 500 for the Writing section.

The new SAT was introduced in March 2005, in respect of which the following differences apply:

- A third of the total score for skills involves writing, and has been included in the new SAT to reinforce the importance of writing.
- The new SAT differs from the SAT I in that the new SAT score adds up to 2400 instead of the 1600 of the SAT I.

2.4.3 Recognised SAT scores as from January 2008

As from 1 January 2008, holders of ACE School of Tomorrow school qualifications may apply for admission to bachelor's degree studies if they have met the following minimum HESA admission requirements (par 31):

Step 1:

Completion of the ACE School of Tomorrow Grade 12 Graduation Certificate, ACE School of Tomorrow NCSC or the ACE School of Tomorrow ICCE

and

Step 2:

Successful completion of **any one** of the following five combinations of quality assurance tests

- SAT I score of 1050 with a subminimum of 500 for the Verbal and Mathematics scores

or

- SAT I score of 1050 for English and one of Physics, Chemistry, World History or Biology with a subminimum of 500 for English and for the other subject score

or

- As from March 2005, a SAT I score of 1600 with a subminimum of 550 for Critical Reading and 500 for Mathematics and 500 for the Writing section

or

BEREKENING VAN APS-TELLING / CALCULATION OF APS SCORE

- 1 **APS-telling:** Die prestasie behaal in 'n minimum van vier aangewese en twee erkende NSS-vakke word gebruik om die APS-telling te bereken. Resultate behaal in Lewensoriëntering word nie in berekening gebring nie.
APS score: *The results achieved in at least four designated and two recognized NSC subjects are used to determine the APS score. The results obtained in Life Orientation will not be used in the computation of the APS score.*
- 2 **Taalvereiste:** *in Slaagsyfer van 50-59% (vlak 4) in die onderrigtaal op Huistaal- of Eerste Addisionele Taal-vlak.*
Language requirement: *A pass at level 4 (50-59%) in the language of instruction on either the Home Language or First Additional Language level.*
- 3*1 **Keuringsprogram:** **Aansoeke sluit 30 Junie. Studente word aangeraai om so spoedig moontlik, verkieslik voor 31 Mei, aansoek om toelating te doen. Laat aansoeke kan op meriete oorweeg word.**
***1Selection programme:** **Applications close 30 June. Students are requested to apply for admission as soon as possible, preferably before 31 May. Late applications may be considered on merit.**
- 4 **Keuringsresultate word saam met die APS-telling oorweeg en bogenoemde moet dus slegs as minimum vereistes gesien word.**
Selection results will be considered in conjunction with the APS score; the above should only be seen as minimum requirements.

Neem asseblief kennis dat die Universiteit – weens bepaalde kapasiteitsbeperkings – die reg voorbehou om kandidate vir toelating tot sekere studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke kursusse toegelaat sal word nie. Weens kapasiteitsbeperkings en die ooraanbod van studente in bepaalde studierigtings sal studente op grond van hulle skolastiese prestasie gekeur word vir toelating tot hierdie rigtings.

Please note that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements will not necessarily be admitted to the courses in question. Because of the capacity limitations and the high demand from students for admission to particular fields of study, students will be selected on the basis of their scholastic achievements for admission to these fields.

FAKULTEIT NATUURWETENSKAPPE / FACULTY OF NATURAL SCIENCES
BEREKENING VAN APS-TELLING / CALCULATION OF APS SCORE

- 1 **APS-telling:** Die prestasie behaal in vier aangewese en twee NSS-vakke word in die berekening van die APS-telling gebruik. Die punt behaal in Lewensoriëntering word nie in berekening gebring nie.
- APS score:** *The results obtained in four prescribed designated and two NSC subjects are used for the calculation of the APS score. The results obtained in Life Orientation are excluded.*
- 2 **Taalvereiste:** *’n Slaagsyfer van 50-59% (vlak 4) in die taal van leer en onderrig op Huistaal- of Eerste Addisionele Taal-vlak.*
- Language requirement:** *A pass at level 4 (50-59%) in the language of instruction on either the Home Language or First Additional Language level.*
- 3 **Wiskunde-vereiste:**
- a) ’n Student wat enige module in Wiskunde wil volg, uitgesonderd Wiskundige Tegnieke (WISN 112, WISN 113 of WISN 123), moet in die graad 12-eksamen in Wiskunde ’n punt van minstens 60% (vlak 5) of minstens 70% (vlak 6) in ’n ander eksamen in Wiskunde wat die Senaat as gelykwaardig aan bogenoemde ag, behaal het.
- b) Opmerkings:
- i) Studente wat nie hieraan voldoen nie, maar in Wiskunde wel ’n punt van minstens 50% (vlak 4) of minstens 60% (vlak 5) in ’n ander eksamen in Wiskunde wat die Senaat as gelykwaardig aan bogenoemde ag, behaal het, word toegelaat tot ’n opknappingskursus in Wiskunde wat in Januarie deur die Skool vir Rekenaar-, Statistiese en Wiskundige Wetenskappe aangebied word. Indien sodanige studente voldoende presteer in die toetse wat tydens hierdie kursus afgeneem word, kan hulle in aanmerking kom vir toelating tot studie in Wiskundemodules.
- ii) Voornemende studente wat nie aan die graad 12-vereiste voldoen om vir WISN 111 in te skryf nie, en ook nie die opknappingskursus bygewoon het nie, kan in die tweede studiejaar toelating tot WISN 111 verkry deur in die eerste studiejaar die module in Wiskundige Tegnieke (WISN 112, WISN 113 of WISN 123) te slaag, met dien verstande dat persone wat langs hierdie weg toelating wil kry tot programme wat andersins vir hulle ontoeganklik sou wees, in ag moet neem dat hulle moontlik nie hulle studie in die minimum tydperk sal kan afhandel nie.
- iii) ’n Student wat Wiskundige Tegnieke (WISN 112, WISN 113 of WISN 123) wil neem, moet óf in die graad 12-eksamen in Wiskunde ’n punt van minstens 40% (vlak 3) óf minstens 50% (vlak 4) in ’n ander eksamen in Wiskunde behaal het wat die Senaat as gelykwaardig aan voorgenoemde ag.
- 4 **Mathematics requirement:**
- a) *A student who wishes to follow any module in Mathematics, with the exception of Mathematical Techniques (WISN 112, WISN 113 or WISN 123), must have obtained a mark of at least 60% (level 5) in the grade 12 Mathematics exam or at least 70% (level 6) in another Mathematics exam considered by the Senate as equivalent to the above.*
- b) **Comments:**
- i) *Students who do not meet these requirements, but who managed to obtain a Mathematics mark of at least 50% (level 4) or at least 60% (level 5) in another Mathematics exam considered by the Senate as equivalent to the above, are admitted to a refresher course in Mathematics presented in January by the School of Computer, Statistical and Mathematical Sciences. If such students perform satisfactorily in the tests taken during this course, they may be considered for admission to Mathematical modules.*
- ii) *Prospective students who do not meet the grade 12 requirement for enrolling for WISN 111, and who have not attended the refresher course, can gain admission to WISN 111 in the second study year by passing the module Mathematical Techniques (WISN 112, WISN 113 or WISN 123) in the first study year, provided that persons seeking to follow this route to obtain admission to programmes that would otherwise have been inaccessible to them, should take into consideration that they may not be able to complete their studies in the minimum period.*
- iii) *A student who wishes to take Mathematical Techniques (WISN 112, WISN 113 or WISN 123) must have obtained a mark of at least 40% (level 3) in the grade 12 Mathematics exam or at least 50% (level 4) in another Mathematics exam considered by the Senate as equivalent to the above.*

- 5 *1 Keuringsprogram: Aansoeke sluit 30 Junie. Studente word aangeraai om so spoedig moontlik, verkieslik voor 31 Mei, aansoek om toelating te doen. Laat aansoeke kan op meriete oorweeg word.
- *1 Selection programme: Applications close 30 June. Students are requested to apply for admission as soon as possible, preferably before 31 May. Late applications may be considered on merit.

Neem asseblief kennis dat die Universiteit – weens bepaalde kapasiteitsbeperkings – die reg voorbehou om kandidate vir toelating tot sekere studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke kursusse toegelaat sal word nie. Weens kapasiteitsbeperkings en die ooraanbod van studente in bepaalde studierigtings sal studente op grond van hulle skolastiese prestasie gekeur word vir toelating tot hierdie rigtings.

Please note that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements will not necessarily be admitted to the courses in question. Because of the capacity limitations and the high demand from students for admission to particular fields of study, students will be selected on the basis of their scholastic achievements for admission to these fields.

BEREKENING VAN APS-TELLING / CALCULATION OF APS SCORE

- 1 **APS-telling:** Die prestasie behaal in vier aangewese vakke plus twee NSS-vakke word in berekening gebring. Die punt behaal in lewensoriëntering word nie in berekening gebring by die berekening van die APS nie.
APS score: *The results obtained in four designated subjects and two NSC subjects are used in the computation of the APS score. The results obtained in Life Orientation are excluded.*
- 2 **Taalvereiste:** *n Slaagsyfer van 50-59% (vlak 4) in die taal van leer en onderrig op Huistaal- of Eerste Addisionele taal-vlak.*
Language requirement: *A pass at level 4 (50-59%) in the language of instruction on either the Home Language or First Additional Language level.*

Neem asseblief kennis dat die Universiteit – omrede bepaalde kapasiteitsbeperkings – die reg voorbehou om kandidate vir toelating tot sekere studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke kursusse toegelaat sal word nie. Weens kapasiteitsbeperkings en die ooraanbod van studente in bepaalde studierigtings sal studente op grond van hulle skolasiese prestasie gekeur word vir toelating tot hierdie rigtings.

Please note that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements will not necessarily be admitted to the courses in question. Because of the capacity limitations and the high demand from students for admission to particular fields of study, students will be selected on the basis of their scholastic achievements for admission to these fields.
