1 FACULTY RULES

1.1 AUTHORITY OF THE GENERAL RULES

The faculty rules valid for the different qualifications, programmes and curricula of this faculty and contained in this faculty calendar are subject to the General Academic Rules of the University, as determined from time to time by the Council of the University on recommendation by the Senate. The faculty rules should therefore be read in conjunction with the General Academic Rules.

The *General Academic Rules*, which are published in the WebPages of the University at <http://www.nwu.ac.za>

1.2 EVALUATION OF ACADEMIC LITERACY LEVELS

- a) All undergraduate students who register at the University for the first time, must report, at a time and place determined by the University, for compulsory proficiency tests in academic literacy in order to evaluate their ability to function in an academic environment. The purpose of the test is to identify students who, due to insufficient academic skills, run the risk of not completing their study programme successfully within the allowed period.
- b) The test is conducted in the presentation language of the programme that the student has registered for [Afrikaans or English], and with the exception of students who are indicated as marginal cases by the test, each student will receive only one opportunity to write the test. Students considered marginal cases, will receive a second opportunity to write the test.
- c) Students, who are identified as risk cases by the test, must register for the module AGLA 111 [Afrikaans] or AGLE111 [English]. These modules will not be considered for credit purposes in curricula, but the credits awarded in these modules will count as additional credits.
- d) For admission to the exam in AGLA111 / AGLE111, a participation mark of 35% is required. Students who do not obtain admission to the exam in AGLA111 / AGLE111, or who fail the exam, and who also fail two or more other modules, will have to have the continuation of their studies in the next semester re-evaluated by the Selection Committee. Lastly, AGLA111 /

AGLE111 must be passed by the end of the second historic year of study in order to prevent the termination of studies.

- e) For admission to the module AGLA121 / AGLE121, which is a compulsory module for all students registered at the University for the first time, a student who first has to complete AGLA111 / AGLE111 must obtain a mark of at least 40% in AGLA111 / AGLE111. The modules AGLA121 / AGLE121 carry a weight of 12 credits that form part of the curriculum that the student has registered for.
- f) Students who have failed the module AGLA111 / AGLE111, but who have been admitted to AGLA121 / AGLE 121 and have passed this exam, may have their results for AGLA111 / AGLE111 condoned into a passing grade by the relevant school director.
- g) Students who have already successfully completed a module or modules (course[s]) similar to AGLA111, 121 / AGLE111, 121, at another institution and can provide proof of this, can apply, in writing, to receive recognition for this from the **Director of the School for Languages**.
- h) A subminimum applies to each of the three sections of AGLA/AGLE121. Students must pass all three sections to complete the module successfully.

1.3 FACULTY-SPECIFIC RULES

1.3.1 Admission requirements

Requirements for admission to the University are given in General Academic Rule A.5.1. Specific requirements are stated in the rules of the different qualifications, programmes and curricula offered in the Faculty.

1.3.2 Admission to the examination

- a) Admission to the examination in any module takes place by obtaining a proof of participation (general rule A.1.51).
- b) A proof of participation that grants admission to the examination will only be issued after a student has, to the satisfaction of the school director in consultation with the subject group chairperson, complied with the requirements of the specific proof of participation as set out in the **study guide** of the relevant module.

- c) In order to be admitted to the examination (the final assessment) in a module, a student must obtain the minimum participation mark of 35% for a first year module and 40% for modules at higher levels.

1.3.3 Pass requirements of a module and a curriculum

- a) The provisions of general rules A.5.4.4 - A.5.4.5 apply.
- b) The sub-minimum for all examination papers is 40% (General Academic Rule A.5.4.4.4). There are also modules from other faculties such as in the School of Basic Sciences where the JURI-modules have a sub minimum of 45%.
- c) In order to pass a module the final module mark of at least 50% must be obtained. (General Academic Rule A.5.4.4.1), but still subject to the sub-minimum for each examination paper as required in A5.4.4.4.
- d) The adjustment of a final module mark of a first semester module in which a bona fide first-time entering student who had obtained a participation mark and has written the final examination paper, but has not passed, will be done in accordance with General Academic Rule A.5.4.4.2.
- e) Passing all the modules of which the programme and or curriculum is compiled individually, means passing the programme.
- f) General Academic Rule A.5.4.5 stipulates the requirements for a module/curriculum/qualification to be passed with distinction.

1.3.4 Progress in a curriculum based on assumed learning

- a) A module of any subject can only be taken if the student has already complied with prescribed assumed learning as stipulated in general rule A.1.8
- b) Only with the consent of the Dean, may a student in any academic year register for more credits than the number of credits he/she had passed the previous academic year plus 50% of the number of credits.
- c) A student who joins the University after having completed a portion or a full qualification at another institution of higher learning may apply in writing for the recognition of modules, but credit will only be granted with the written approval of the Dean and provided that the application is made not longer than three years after the credits were obtained.

1.3.5 Termination of studies

A student who in any semester fails more than 50% of the modules he / she was registered for, shall receive a formal written warning from the Dean and be referred for academic advice and study counselling.

If a student's academic performance is unsatisfactory the studies of the student may be terminated in terms of General Academic Rule A.5.7.

1.3.6 Modules to complete a degree

If a student needs at the most five modules to complete his/her degree, these modules can be completed through UNISA, subject to the following conditions

- The degree should be completed within five years. If it takes longer, application for lengthening of the study period must be done in writing to the Dean.'
- At least half of the core modules on the exit level must be completed at the NWU.
- The student must be registered at both institutions, the NWU and UNISA.

1.4 WARNING AGAINST PLAGIARISM

Assignments are individual tasks and not group activities unless expressly indicated as a group activity. For further details see: <http://www.nwu.ac.za>

1.5 CAPACITY STIPULATION

Please take cognizance of the fact that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements may not necessarily be admitted to the relevant field of study.

2 RULES FOR THE DEGREE BACHELOR OF ARTS

2.1 CHOICE OF PROGRAMME AND CURRICULUM

This qualification can be obtained in one of the programmes and curricula described in Rule V.1.7.

2.2 DURATION (MINIMUM AND MAXIMUM DURATION)

The minimum duration of the study for a BA degree is three years and the maximum duration for the completion of the degree is four years.

2.3 ADMISSION TO PROGRAMMES

Admission to all the programmes in this qualification is in accordance with General Rule A.5.1 of the University.

2.4 SPECIFIC ADMISSION REQUIREMENTS: MODULES

2.4.1 English

- a) ENLS111 (practical module): It is strongly recommended that students with a matriculation result below 60% in English as a second language (L2), or a result below 50% in English as a first language (L1) should register for this module.
- b) ENLL111 (Academic module): It is strongly recommended that students with a matriculation result of 60% or more in English as a second language (L2), or a result of more than 50% in English as a first language (L1) should register for this module.
- c) ENLL121: To register for the second semester academic module (ENLL121), a student must have obtained a mark of 60% or more for the academic module of the first semester (ENLL111). Students who fail to obtain 60% for their module mark of the first semester (ENLL111) will be streamed into the practical module of the second semester (ENLS121). However, the English subject group retains the right to consider individual cases for admission to ENLL121 on merit.

2.4.2 German

- a) GERM111 and GERB111 are beginners courses. No prior knowledge of German is required to register for these modules, but students must have a matriculation exemption certificate.
- b) Students who passed matric German with a final mark of 65% or higher or have obtained a certificate equal to level A2 of the Common European Framework of Reference for Languages from an accredited language learning institution may not register for GERM111/121 or GERB111/121. They may register for GERM211/221. If this qualification has been obtained more than 2 years prior to registration for French, an admission test is required. The results of this test will determine whether a student will be allowed to register for GERM111/121 or GERB 111/121 or GERM211/221. Allowances could be made under exceptional circumstances after having consulted with the subject chairperson.
- c) Students with prior knowledge of German, but who do not have official proof of proficiency, will be required to partake in an admission test. The results of this test will determine whether a student will be allowed to register for GERM111/121 or GERB111/121 or GERM211/221.
- d) The credits of the modules from which the student has been exempted, are not awarded.
- e) Students who have passed GERB111 and 121 will be allowed to continue with GERM211/221.
- f) Credits cannot be obtained for both GERM111 and GERB111 neither for both GERM121 and GERB121.

2.4.3 French

- a) FREN111 and FREB11 are beginners courses. No prior knowledge of French is required to register for these modules, but students must have a matriculation exemption certificate.
- b) Students who passed matric French with a final mark of 65% or higher or have obtained a certificate equal to level A2 of the Common European Framework of Reference for Languages from an accredited language learning institution may not register for FREN111/121 or FREB111/121. They may register for

FREN211/221. If this qualification has been obtained more than 2 years prior to registration for French, an admission test is required. The results of this test will determine whether a student will be allowed to register for FREN111/121 or FREN211/221. Allowances could be made under exceptional circumstances after having consulted with the subject head.

- c) Students with prior knowledge of French, but who do not have official proof of proficiency, will be required to partake in an admission test. The results of this test will determine whether a student will be allowed to register for FREN111/121 or FREN211/221.
- d) The credits of the modules from which the student has been exempted, are not awarded.
- e) Students who have passed FREB111 and 121 will be allowed to continue with FREN211/221.
- f) Credits cannot be obtained for both FREN111 and FREB111 neither for both FREN121 and FREB121.

2.4.4 Communication Studies

Selection for the curriculum in Communication will, in addition to the specific entrance requirements for the BA Communication, also be determined by the number of places available.

2.4.5 Language Practice

- a) For admission to LPRA111 and LPRA121 an achievement on level 5 (60 – 69%) for the appropriate Home Language and the First Additional Language (source language) is required.
- b) For admission to LPRA221 at least 36 credits from languages in the first three semesters are required.
- c) Students who take Language Practice as a major must preferably have a language as second major up to third year, and at least one other language up to second year.

2.4.6 Computer Science

APS: For entrance to ITRW112 prospective students must have obtained an achievement for Mathematics on level 4 (50 – 59%) or must have obtained a

percentage in another Mathematics examination that the Senate regards as equivalent to the above.

M-Score: For entrance to ITRW112 prospective students must have passed matric Mathematics on the Higher Grade, or must have obtained 50% for matric Mathematics on the Standard Grade, or must have obtained a percentage in another Mathematics examination that the Senate regards as equivalent to the above.

2.4.7 Statistics

APS: For admission to STTN111 and STTN124 prospective students must have obtained an achievement for Mathematics on level 4 (50 – 59%) or must have obtained a percentage in another Mathematics examination that the Senate regards as equivalent to the above.

M-Score: For admission to STTN111 and STTN124 prospective students must have passed matric Mathematics on the Higher Grade, or must have obtained 50% for matric Mathematics on the Standard Grade, or must have obtained a percentage in another Mathematics examination that the Senate regards as equivalent to the above.

2.4.8 Mathematics

APS: For admission to WISN123 prospective students must have obtained an achievement on level 4 (50 – 59%) for Mathematics.

M-Score: For admission to WISN123 prospective students must have obtained at least 50% (D) for Mathematics (SG) or 40% (E) for Mathematics.

2.5 ARTICULATION

Successful completion of any of the curricula within the BA-qualification provides entrance to registration for the qualification Honours Bachelor of Arts, if specific entrance requirements are also complied with.

2.7 PROGRAMME: HUMANITIES (GENERAL)

2.7.1 Composition of programme and curricula

This programme provides broad training in the humanities. The curricula have been compiled in such a manner that a student is trained in at least two basic subjects in the humanities. After completing the BA-degree, postgraduate studies can be undertaken in either of these subjects. The programme therefore serves as preparation for further studies in specialised fields.

2.7.2 Admission requirements for the programme

- a) APS: Prospective students must have obtained an APS-score of 20 and a minimum achievement at level 4 (50 – 59%) in the language of learning on either the Home Language or First Additional Language level.
- b) M-score: Prospective students must have obtained a M-score of 13. For this qualification the M-score is calculated using the following formula: medium of instruction of proposed qualification (Afrikaans or English) X 2 + 3 best subjects

2.7.3 Programme Outcomes

On completion of this programme, students should have acquired sufficient knowledge, skills and values to understand not only the demands of the specific occupation they wish to enter, but also those of the broader society within which they will function. Students should be able to understand key concepts, apply and extrapolate them within the field of the humanities and to master and apply the academic conventions valid within the humanities. The nature of the material and the methodology of the programme are particularly suitable for establishing a foundation for lifelong learning.

2.7.4 Curriculum: History and The Humanities (L316V)

2.8 PROGRAMME: DEVELOPMENT AND MANAGEMENT

2.8.1 Composition of programme and curricula

The curricula compiled for this programme provide a basic training in Development and Management. In the composition of the curricula consideration was given to employment possibilities and the human resource needs of South Africa. These curricula also prepare the student for postgraduate study in this specialised field.

2.8.2 Admission requirements

APS: Prospective students should have an APS-score of 20 and a minimum achievement at level 4 (50 – 59%) in the language of learning on either the Home Language or First Additional Language level.

M-score: Prospective students should have a M-score of 13. For this qualification the M-score is calculated using the following formula: medium of instruction of proposed qualification (Afrikaans or English) X 2 + 3 best subjects.

2.8.3 Curriculum: Public Management and Governance (L304V)

2.8.3.1 Curriculum outcomes

On completion of this curriculum students should:

- a) be knowledgeable about the basic political government structures within a democratic establishment and connect them with public governance which is shaped by these structures;
- b) have obtained skills to function as a public manager in order to implement government policy in a meaningful and effective manner;
- c) understand the underlying legislative aspects which underwrite the governing function and which offer functional frameworks to public managers within the South African government structures;
- d) be able to describe the complex social dynamics of the development of government structures and institutions within the South African context and be able to interpret the complex political situations by means of acquired managerial and political know-how.

2.9 PROGRAMME: BA WITH LAW SUBJECTS

2.9.1 Composition of programme and curriculum

Apart from the academic and fundamental education of students, the aim of this programme is to equip students with knowledge and expertise in each of the specialist areas, and to empower them to implement the acquired knowledge and skills in relevant environments in society.

2.9.2 Admission requirements

- a) No tertiary education qualification is required for admission to the degree.
- b) A prospective student with matriculation exemption and an APS score of 25 or more qualifies for admission to the studies.
- c) Please take cognizance of the fact that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements may not necessarily be admitted to the relevant courses.

2.9.3 Programme Outcomes

The BA Law programme trains scientists in humanities who are able to integrate the basic knowledge and techniques of the human sciences and the applicable technological fields in order to investigate human phenomena related to human sciences and to solve associated problems. After successful completion of the BA Law programme the student should:

- a) demonstrate a rounded and systematic knowledge of the principles of jurisprudence;
- b) unlock, apply, analyse, integrate and evaluate in grounded way knowledge independently;
- c) think and act critically and creatively in a problem solving manner;
- d) integrate knowledge and techniques of the humanities to solve problems in these fields and in society in an innovative way. This includes knowledge and application of concepts, theories, principles, procedures, techniques and research methods in the humanities;

- e) implement expert skills in society;
- f) be knowledgeable of the theory, terminology and foundations of the fields of study included in the degree B.A. with Law subjects;
- g) be aware of the necessity to act professionally and ethically and to accept responsibility within one's own limitations and skills;
- h) to think and act fundamentally regarding societal issues;
- i) to communicate orally as well as in writing, scientific knowledge on the relevant fields of study in various media by using appropriate structure, style and graphic and electronic support; conduct research on a limited scale and develop knowledge.

2.9.4 Curriculum: BA with Law subjects (R302V)

2.9.4.1 Selection of modules

In consultation with a subject advisor and with due consideration of the limitations of the timetable, the student selects modules from the following subjects to complete the curriculum

Modules: (select one)	Language	Year level 1	Year level 2	Year level 3

Industrial Psychology as major (ABCD 311 and ABCD 321*)

Students, with Industrial Psychology as major, must register for an additional module/s to the value of 32 credits in their second or third year of study. It may not be a JURI module. The following modules are recommended: STTN 111, STTN 124, PSYC 211, PSYC 212, PSYC 311, LARM 311 and LARM 321.

ABCD 111 and 121 (Language Modules)

When a student registers for a language module in the first semester (ABCD111), the corresponding second-semester module (ABCD 121) must be taken in the same year.

2.10 PROGRAMME: LANGUAGE AND LITERARY STUDIES

2.10.1 Admission requirements for the programme

- a) A student must meet the general admission requirements as specified in General Rule A.5.1.
- b) A student must have an APS of at least 20.

2.10.1.1 Programme outcomes

The programme aims to develop scientific insight and knowledge in the language and literatures of specific languages. This entails the following:

- the development of the ability to acquire independently, master, apply, analyse, integrate and evaluate in a fundamental manner the knowledge of the language and literatures of specific languages
- the development of the ability to describe, understand and evaluate critically the theoretical frameworks within which language and literature are studied
- the development of skills to apply the acquired knowledge and insight in practice
- the development of skills in the use of foreign languages
- the development of the ability to mediate effective communication through the production and improvement of texts
- the development of the ability to identify and solve problems related to language and literature in a critical and creative manner
- the development of the ability to recognise, understand and communicate the cultural diversity of SA and the world manifested in language and literature
- the development of sensitivity and respect for the language and literature of other languages and cultures.

- a) A student must meet the general admission requirements as specified in General Rule A.5.1.
- b) A student must have an APS of at least 24.

2.11.1.1 Programme outcomes

Upon completion of this programme, students should:

- possess a systematic and thorough knowledge of translation (including computer-assisted translation), editing, subtitling, audio-description and interpreting as subdisciplines within language practice
- possess an informed understanding of key terms, concepts, principles and theories in the various subdisciplines in language practice, and demonstrate the ability to relate developments in the various subdisciplines to one another
- understand the role and position of translation, editing, subtitling, audio-description and interpreting in the multilingual and multicultural South African, African and global society, with particular emphasis on the dimension of ethics
- apply the essential methods, techniques and procedures in language practice effectively in the practical translation and editing of selected real-life spoken, written and audiovisual texts, with particular emphasis on linguistic, cultural, entrepreneurial and technological skills

- use the latest computer-assisted translation (CAT) tools as well as other computer-related resources relevant to different types of professional language work effectively and responsibly
- apply practical and theoretical language-practice knowledge and skills in solving familiar and unfamiliar, concrete and abstract language-practice problems in a familiar context, by using resources responsibly and effectively, and assess and adapt solutions to particular contexts
- collect, analyse, synthesise and evaluate information on various topics in language practice effectively and responsibly
- communicate information coherently by applying the basic conventions of academic discourse (e.g. in essay writing) and professional conventions (e.g. in translation annotations), and by making use of appropriate technological aids
- be committed to a process of life-long learning, specifically with reference to social, economic, political, and technological developments in the language professions.

2.13 PROGRAMME: BEHAVIOURAL SCIENCES

2.13.1 Composition of programme and curricula

The curricula compiled for this programme provide a basic training in the behavioural sciences. In the composition of the curricula consideration was given to career possibilities and the human resource needs of our country. These curricula also prepare the student for postgraduate study in specific specialised programmes.

2.13.2 Admission requirements

APS: Prospective students must have obtained an APS-score of 20.

M-score: Prospective students must have obtained an M-score of 13. For this programme the M-score is calculated using the following formula: medium of instruction of proposed programme (Afrikaans or English) X 2 + 3 best subjects.

2.13.3 Curriculum: Industrial Psychology/Labour Relations Management (L300V)

2.13.3.1 Curriculum outcomes

On completion of this curriculum students should:

- a) possess knowledge, skills and values by means of which they will develop a sense of the demands of the particular occupations they wish to enter, as well as of the broader society in which they function;
- b) be able to perform functions and apply skills by means of which psychological phenomena in the workplace can be investigated and managed;
- c) possess knowledge, skills and values through which they develop an understanding of the broader community, its underlying philosophy, psycho-social functioning and other related matters that make it a dynamic environment;
- d) be committed to a process of life-long learning.

2.13.8 Curriculum: Social Work and Psychology (G301V)

***This curriculum is being phased out and no new registrations are accepted.**

The curriculum encompasses training in Social Work and Psychology as majors with Sociology as supplementary subject. Psychology is taken together with Social Work

up to the third level. The subject Social Work includes both theoretical and practical training in order to equip the student to work with people.

2.13.8.1 Curriculum outcomes

The student will be skilled in providing community development services.

2.13.8.2 Articulation and exit points

The following articulation possibilities exist.

This qualification also gives admission to any post-graduate qualification for which this degree is accepted as an admission requirement.

The following exit points exist:

Students registered for the B.A. degree (with Social Work as major), may, subjected to the admission requirements, switch to a B.A. degree without Social Work as major.

2.13.8.3 Faculty specific rules for the curriculum

- a) Students registered for the BA-degree (with Social Work and Psychology), and who wish to switch to B.SW must report for a selection process before the end of the first semester of the first year of study. The selection process must be completed before the end of the first semester of the second year of study.
- b) Due to statutory requirements, no student will be allowed to register for the subject Social Work in the second or third year, unless registered as a Student Social Worker in terms of the Social Service Professions Act (Act 110 of 1978).
- c) The fees payable for the prescribed modules do not cover all the costs of the prescribed work. The student will be responsible to pay expenses related to practical work during university holidays and block placements.
- d) Students may only change their study programme / curriculum with the written consent of the respective school directors.
- e) Students must at the end of their third year submit proof that they

have complied with all the requirements of the practical work.

3 RULES FOR THE DEGREE BACHELOR IN SOCIAL WORK

The Bachelor in Social Work is a four year degree course that will equip the student to register and practice as a social worker , as required by the Act for Social Service Professions 1978 (Act 110 of 1978). The teaching and training entail theoretical as well as practical work.

This degree is presented full-time/part-time. Classes are presented from ±15:30 to ±17:00.

3.1 DURATION OF THE STUDY

The duration of the programme for this qualification is a minimum of four years and a maximum of five years.

3.2 PROGRAMME: SOCIAL WORK

The curriculum compiled for this programme gives a good basic training in Social Work. In compiling the curriculum consideration was given to career opportunities and the human resource needs of South Africa. This curriculum will enable the student to register as a Social Worker with the South African Council for Social Service Professions (SACSSP). Students are also prepared for post graduate studies in Social Work.

3.3 ADMISSION REQUIREMENTS

- a) In addition to the general admission requirements (General rules A.4) the following requirements prevail:
- b) Prospective students will be subjected to a selection programme consisting of the following components:
 - i) Personal interviews by a selection panel with prospective students and the completion of a psychometric selection questionnaire. Information about the selection criteria and –procedures can be obtained from the Subject - chairperson .
 - ii) If deemed necessary, the Director of the School for Behavioural Sciences may require that a student be subjected to further selection procedures before continuing with the programme.

iii) Information with regard to the selection requirements and procedure are available from the Registrar or the subject group chairperson.

Students registered for the B.SW degree may, before the end of the first semester of the second year, switch to the B.A. degree with Social Work as a major.

Prospective students who are unsuccessful in the first selection process, may register for the first level of the B.A. degree with Social Work as a major. These students may, at the end of the first study year, again apply for admission to the B.SW degree. The process of selection must be completed before the end of the first semester of the second year of study.

The School Director may require a student to undergo the selection process again before being admitted to the following study year.

With the view on practical work in the third and fourth year, it is strongly recommended that a student must be in possession of a driver's license. The University can not guarantee a placement w.r.t the mini-internship (BSWG471) for students who do not comply with this requirement.

- c) APS: Prospective students must have obtained an APS-score of 24 and a minimum achievement at level 4 (50 – 59%) in the language of learning on either the Home Language or First Additional Language level.
- d) M-score: Prospective students must have obtained a M-score of 17. For this qualification the M-score is calculated using the following formula: medium of instruction of proposed qualification (Afrikaans or English) X 2 + 3 best subjects

3.3.1 Curriculum outcomes

The student will be skilled in:

- a) rendering of therapeutic and development centred social work services;
- b) the utilisation of the South African social service system in the rendering of services, and
- c) fulfilling the variety of social work roles as required by the South African Council for Social Service Professions.

3.3.1.1 Articulation and exit points

Articulation

- a) **Vertical:** This qualification gives admission to the master's level study at all South African universities, as well as various foreign training institutions.
- b) **Horizontal:** This qualification gives admission to any post-graduate qualification/programme for which this degree is accepted as an admission requirement.

Exit points

Students registered for the B.SW degree may at the end of the first semester of the second study year switch to the B.A. degree with Social Work as major.
