**Faculty of
Education
Undergraduate (BEd)**

**Fakulteit
Opvoedkunde
Voorgraads (BEd)**

All universities in South Africa are obligated by law to take part in a National Project driven by the external regulatory bodies (the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE) and the South African Qualifications Authority (SAQA)) to align all qualifications with the Higher Education Qualifications Sub-Framework (HEQSF). It follows that the NWU is continuously in the process of aligning its qualification and programme offering with the requirements of the HEQSF.

Students are advised to contact the relevant faculty to ensure that they register for the correct qualification, programme and/or curriculum, and to report any errors and/or omissions noticed. **It is the duty of the student to ascertain that he/she is registering for the correct qualification, programme and/or curriculum.** The University will not be held liable for any damages students may suffer as a result of neglecting this responsibility.

Alle universiteite in Suid-Afrika is volgens wet verplig om deel te neem aan 'n nasionale projek wat gedryf word deur die eksterne regulerende liggame (die Departement van Hoër Onderwys en Opleiding (DHOO), die Raad vir Hoër Onderwys (RHO) en die Suid-Afrikaanse Kwalifikasie-owerheid (SAKO)) om alle kwalifikasies in lyn te bring met die subraamwerk vir kwalifikasies vir hoër onderwys (HOKSR). Hieruit volg dat die NWU voortdurend besig is om sy kwalifikasie en programaanbieding in lyn te bring met die vereistes van die HOKSR.

*Studente word aangeraai om die betrokke fakulteit te kontak om te verseker dat hulle vir die regte kwalifikasie, program en/of kurrikulum registreer en om foute en/of weglatings wat opgemerk word, aan te meld. **Dit is die student se plig om vas te stel of hy/sy vir die regte kwalifikasie, program en/of kurrikulum registreer.** Die Universiteit sal nie aanspreeklik gehou word vir enige skade wat studente kan ly as gevolg van die versuim van hierdie verantwoordelikheid nie.*

Admission Requirements / Toelatingsvereistes

EDU.1.2.2

The admission requirements for all formal academic qualifications offered by the University are set out in the Admission Policy as approved by Senate and Council (http://www.nwu.ac.za/content/policy_rules). The NWU Admission Policy provides boundary admission conditions and rules in regard of the types of qualifications offered that are part of the officially approved PQM of the NWU and to which prospective students might seek admission.

Die toelatingsvereistes vir alle formele akademiese kwalifikasies wat deur die Universiteit aangebied word, is uiteengesit in die Toelatingsbeleid soos goedgekeur deur die Senaat en die Raad (<http://www.nwu.ac.za/af/content/beleide-en-reels>). Die NWU-toelatingsbeleid verskaf begrensde toelatingsvoorwaardes en reëls ten opsigte van die tipe kwalifikasies wat aangebied word, wat deel is van die amptelik goedgekeurde PKM van die NWU en waartoe voornemende studente toelating mag verkry.

Method of Delivery / Metode van Aflewering

Definitions / Definisies	
Contact mode of delivery / Kontakaflewering-modus	<p>The presentation of the composite modules of a qualification or programme at an NWU site of delivery. This involves attendance of lectures, tutorials, seminars, practicals, supervision, or other forms of required work on an NWU campus, in order to promote personal interaction between students and NWU academic staff. The student thus attends contact opportunities on one of the three campuses of the NWU.</p> <p><i>Die aanbieding van die saamgestelde modules van 'n kwalifikasie of program by 'n NWU-leweringpunt. Dit behels die bywoning van lesings, tutoriale, seminare, praktiese sessies, studieleiding, of ander vorms van vereiste werk op 'n NWU-kampus ten einde persoonlike interaksie tussen studente en NWU- akademiese</i></p>

	<i>personeel te bevorder. Die student woon dus kontakgeleenthede op een van die drie kampusse van die NWU by.</i>
Distance mode of delivery / Afstandaflewering-modus	<p>The distance mode of delivery refers to the presentation of the composite modules of a programme to students who do not attend classes, tutorial or practical sessions, or sit for examinations at one of the official NWU sites of delivery. The interaction with NWU academic or support staff, or NWU appointed facilitators/tutors, and the presentation of the composite modules of a programme are undertaken remotely through the use of teaching technology, various forms of correspondence, or the internet. The student may have the option of attending facilitation opportunities at NWU learning support centres. (Refer to EDU.2 and EDU.3.1.1 for specific requirements for BEd on distance.)</p> <p>Explicit DHET and HEQC approval of the distance mode of delivery is required for a programme to be offered thus.</p> <p><i>Die afstandaflewering-modus verwys na die aanbieding van die saamgestelde modules van 'n program aan studente wat nie klasse, tutoriale of praktiese sessies bywoon, of eksamens by een van die amptelike NWU-leweringpunte skryf nie. Die interaksie met die NWU se akademiese of ondersteuningspersoneel of NWU-aangestelde fasiliteerders/tutors en die aanbieding van saamgestelde modules van 'n program word oor 'n afstand met behulp van onderrigtegnologie, verskillende vorms van korrespondensie, of die internet onderneem. Die student kan die opsie hê om fasiliteringsgeleenthede by NWU-leerondersteuningsentrums by te woon. (Verwys na EDU.2 en EDU.3.1.1 vir spesifieke vereistes op afstand vir BEd.)</i></p> <p><i>Eksplisiete DHOO en HOKK-goedkeuring van die afstandaflewering-modus is nodig om 'n program so aan te bied.</i></p>

Contact full-time and contact part-time / Kontak voltyds en kontak deelyds

NWU distinguishes between contact full-time and contact part-time delivery of certain qualifications/programmes.

Classes are presented to contact full-time students during weekdays, whereas contact part-time students who are working during the week, are accommodated on Fridays and Saturdays. In order to ensure quality delivery, provision is made in the timetable for the same amount of contact hours for the part-time contact students as for the full-time students.

Die NWU onderskei tussen kontak voltydse en kontak deelydse aflewering van sekere kwalifikasies/programme.

Klasse aan die voltydse studente word gedurende wekedae aangebied en die deelydse studente wat reeds werksaam is, word oor Vrydae en Saterdagae geakkommodeer. Daar word vir die kontak (deelydse) studente dieselfde aantal kontak-ure as vir die voltydse studente in die rooster voorsiening gemaak om kwaliteit aflewering ook aan hierdie studente te verseker.

EDU.1.2.3

Annual Registration / Jaarlikse Registrasie

Important note regarding the annual registration for studies

Elke module het 'n kode en 'n beskrywende naam, byvoorbeeld ACCE 122 – Onderwysrekeningkunde, eerste jaar, tweede semester.

3) Each module has a certain weight, known as a credit.

Modules dra elkeen 'n bepaalde 'gewig' bekend as krediet.

4) Each module is to be passed individually.

Elke module moet afsonderlik geslaag word.

Klasse moet bygewoon word en geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

Calculation of Participation Marks / Berekening van Deelnamepunte

The participation mark for a module is calculated from the marks obtained in tests, assignments, practical and/or research assignments. Calculation of participation marks is programme-, module- and mode of delivery-specific.

The ratio between theory and practical work for calculation of the participation mark for a module, is as explained in the relevant study guide.

Die deelnamepunt vir 'n module word bereken uit die punte behaal in toetse, werkstukke, praktiese en/of navorsingsopdragte. Berekening van deelnamepunte is program-, module- en afleweringsspesifiek.

EDU.1.2.7 *Die verhouding tussen teorie en praktiese werk vir die berekening van die deelnamepunt vir 'n module, is soos uiteengesit in die betrokke studiegids.*

Admission to Examinations / Toelating tot Eksamens

Admission to the examination in any module requires a proof of participation or a participation mark (depending on the requirements of the module) as stipulated in A-Rule 1.13.2.

EDU.1.2.8 A proof of participation or a participation mark, which allows admission to the examination, will only be issued once a student has complied with the requirements for the module concerned to the satisfaction of the school director in consultation with the relevant subject group chairperson/programme leader. The requirements are stipulated in the study guide for the module concerned and under the module outcomes in this yearbook.

Toelating tot die eksamen in enige module vereis 'n deelnamebewys of 'n deelnamepunt (afhangende van die vereistes van die module) soos uiteengesit in A-Reël 1.13.2.

'n Deelnamebewys of 'n deelnamepunt wat toelating tot die eksamen verleen, sal slegs uitgereik word sodra 'n student aan die vereistes van die betrokke module, tot bevrediging van die skooldirekteur in oorleg met die betrokke vakgroepvoorsitter/programmeier, voldoen het. Die vereistes word in die studiegids vir die betrokke module en onder die module-uitkomste in hierdie jaarboek uiteengesit

Subminimum for Examination / Subminimum vir Eksamen

EDU.1.2.9 The subminimum for examinations in all modules that make use of examinations is 40% except where a higher subminimum is provided for in faculty rules (A-Rule 1.13.3).

Die subminimum vir eksamens in alle modules wat van eksamens gebruik maak is 40% tensy daar voorsiening gemaak word vir 'n hoër subminimum in die fakulteitsreëls (A-Reël 1.13.3).

EDU.1.2.10 Examination Opportunities / Eksamengeleenthede

The examination opportunities and the relevant rules are determined in accordance with A-Rules 2.5.3.

Any student, who has obtained the required proof of participation and/or participation mark, as prescribed, will be admitted to utilize the first and/or second examination opportunity for the module concerned. A fixed fee will be charged should a student make use of a second examination opportunity.

Modules stipulated in the annual yearbook as continuous assessment are excluded from second examination opportunities (with reference to A-Rule 2.5.3.2)

According to A-Rule 1.13.6, a student who requires one more module in order to complete a qualification may apply to the executive dean in writing to grant a final assessment opportunity on condition that the student has registered for, been admitted to the examination and has utilised one or both of the examination opportunities.

Die eksamengeleenthede en die toepaslike reëls word bepaal ooreenkomstig A-Reëls 2.5.3.

Enige student wat die vereiste deelnamebewys en/of deelnamepunt verwerf het, soos voorgeskryf, sal toegelaat word om die eerste en/of tweede eksamengeleentheid vir die betrokke module te gebruik. Indien 'n student gebruik maak van 'n tweede eksamengeleentheid, sal daar 'n vasgestede fooi gehef word.

EDU.1.2.11 *Modules wat jaarliks in die jaarboek as deurlopende assessering aangedui word, word uitgesluit van tweede eksamengeleenthede (met verwysing na A-Reël 2.5.3.2)*

Volgens die A-Reël 1.13.6, mag 'n student wat nog een module benodig om 'n kwalifikasie te voltooi, skriftelik by die uitvoerende dekaan aansoek doen om 'n finale assesseringsgeleentheid op voorwaarde dat die student vir die module geregistreer was, tot die eksamen toegelaat is en een of albei eksamengeleenthede gebruik het.

Pass Requirements / Slaagvereistes

For modules that make use of examinations, the module mark is calculated according to the ratio between the participation mark and the examination mark as set out under the module outcomes in the relevant yearbook. The module mark required for a pass in a module in which examinations are written is 50% in accordance with A-Rule 1.13.3.2.

The subminimum for all examinations written is 40% (A-Rule 1.13.3.1), unless stated otherwise in the rules of specific programmes and curricula.

Adjustment of the module mark for a first semester module in which an examination was written but not passed may be considered according to the stipulations of A-Rule 2.5.2.

A-Rule 2.6.2 stipulates the requirements for passing a module/curriculum/qualification with distinction. In order to complete the BEd degree with distinction, the weighted average obtained for the Core modules (Specialisation subjects) and Education modules, over the course of the BEd qualification is taken into account.

Any student who fails a module must repeat the module in order to obtain a new participation mark (according to A-Rule 1.13.3.5). Classes must be attended and no exemption from class attendance will be granted in the event of timetable clashes.

Some modules might make use of only continuous assessment. For such modules, the pass requirement is that you obtain a module mark of 50%.

Students who register for the second or third year level, who have not passed all the prescribed modules of the curriculum, may enrol for 16 additional credits per semester (A-Rule 1.9). Classes must be attended and no exemption from class attendance will be granted in the event of timetable clashes.

In reference to A-Rule 2.4.2, the faculty rules provide that BEd students in their final year, who have not passed all the prescribed modules of the curriculum thus far, may register for the outstanding modules provided these do not exceed 32 credits per semester. Classes must be attended and no exemption from class attendance will be granted in the event of timetable clashes.

A pass is obtained for a curriculum once all the modules of the programme have been passed individually (A-Rule 2.6.1).

Vir modules wat van eksamens gebruik maak, word die modulepunt bereken volgens die verhouding tussen die deelnamepunt en die eksamenpunt soos uiteengesit onder die module-uitkomste in die betrokke jaarboek. Die modulepunt wat vereis word vir 'n slaagpunt in 'n module waarin eksamen geskryf word, is 50% in ooreenstemming met A-Reël 1.13.3.2.

Die subminimum vir alle eksamens geskryf is 40% (A-Reël 1.13.3.1), tensy anders vermeld in die reëls van spesifieke programme en kurrikulums.

Aanpassing van die modulepunt vir 'n eerste semester module waarin 'n eksamen geskryf is maar nie geslaag is nie, mag oorweeg word ooreenkomstig die bepalings van A-Reël 2.5.2.

A-Reël 2.6.2 bepaal die vereistes vir die slaag van 'n module / kurrikulum / kwalifikasie met lof. Ten einde die BEd graad met lof te voltooi, word die geweegde gemiddelde van die Kernmodules (Spesialiseringsvakke) en Opvoedkundemodules, soos verwerf deur die verloop van die BEd-kwalifikasie, in berekening gebring.

Enige student wat 'n module druipt, moet die module herhaal om 'n nuwe deelnamepunt te verwerf (volgens A-Reël 1.13.3.5). Klasse moet bygewoon word en geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

Sekere modules maak van slegs deurlopende assessering gebruik. Die slaagsyfer van daardie modules is 'n minimum van 50% as modulepunt.

Studente wat vir die tweede of derdejaarsvlak registreer, wat nie al die voorgeskrewe modules van die kurrikulum geslaag het nie, mag vir 16 addisionele krediete per semester (A-Reël 1.9) inskryf. Klasse moet bygewoon word en geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

Met verwysing na A-Reël 2.4.2 bepaal die fakulteitsreëls dat finale-jaar BEd-studente wat nie al die voorgeskrewe modules van die kurrikulum geslaag het nie, mag registreer vir die uitstaande modules, mits dit nie 32 krediete per semester oorskry nie. Klasse moet bygewoon word en geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

EDU.1.2.12

'n Slaag word verwerf vir 'n kurrikulum sodra al die modules van die program afsonderlik geslaag is (A-Reël 2.6.1).

Progression Requirements / Vorderingsvereistes

The stipulations in A-Rule 1.16 and all the subparagraphs apply.

Where a certain module is set to be assumed learning for a module in another semester or year level (refer to Prerequisites in EDU 3.2 List of Modules), a participation mark of at least 40%, and in some instances a module mark of at least 50%, should be obtained before the student can register for the successive module (A-Rule 1.8.1).

EDU.1.2.13

Die bepalings in A-Reël 1.16 en al die subparagrafe is van toepassing.

Waar 'n bepaalde module gestel word as veronderstelde leer vir 'n module op 'n ander semester of jaarvlak (verwys na Voorvereistes in EDU 3.2 Modulelys), moet 'n deelnamepunt van minstens 40% en in sommige gevalle 'n modulepunt van minstens 50%, behaal word voordat die student vir die opeenvolgende module (A-Reël 1.8.1) kan registreer.

Repetition of Modules / Herhaling van Modules

Should a student fail an examination in a specific module, he/she is required to repeat the module in accordance with A-Rule 1.13.3.5 and 2.3.4.

Indien 'n student 'n eksamen in 'n spesifieke module druipt, moet hy/sy die module herhaal ooreenkomstig A-Reëls 1.13.3.5 en 2.3.4.

Access to Marked Examination Work / Toegang tot Gemerkte Eksamenwerk

A contact student may apply within time frame stipulated in A-Rule 1.13.7.3, namely five working days after the module examination results have been published in the case of the first examination and within two working days in the case of the second examination opportunity, to the school director to view the examination scripts and the memorandum in the presence of the lecturer and the subject chairperson concerned.

A distance student may apply, within the time frame stipulated in A-Rule 1.13.7.3, namely 10 working days, to the school director, via the UODL call centre, to view the examination scripts and the memorandum in the presence of the lecturer and the subject chairperson concerned in Potchefstroom in the lecturer's office.

EDU.1.2.14

'n Kontakstudent mag binne die tydsraamwerk soos in A-Reël 1.13.7.3 uiteengesit is, naamlik vyf werksdae na die module se eksamenresultate vrygestel is, in die geval van die eerste eksamen, en binne twee werksdae in die geval van die tweede eksamengeleentheid, 'n aansoek indien by die skooldirekteur om die gemerkte eksamenvraestel en die memorandums in die teenwoordigheid van die lektor en die relevante vakvoorsitter, te sien.

'n Afstandstudent mag binne die tydsraamwerk soos in A-Reël 1.13.7.3 uiteengesit is, naamlik 10 werksdae, 'n aansoek by die skooldirekteur indien, via die EOAL-inbelsentrum, om die gemerkte eksamenvraestel en memorandums in die teenwoordigheid van die lektor en die relevante vakvoorsitter te Potchefstroom in die lektor se kantoor te sien.

Monitoring of Academic Performance / Kontrolering van Akademiese Prestasie

In accordance with A-Rules 1.15.1 – 1.15.3, a student who achieves less than half the credits required for the programme concerned as prescribed in the faculty rules concerned for the mode of delivery (contact or distance) and attendance mode (full-time or part-time), is deemed not to have made satisfactory academic progress. A student whose academic performance is deemed unsatisfactory may be issued with a written warning by the executive dean concerned.

EDU.1.2.15

In ooreenstemming met A-Reëls 1.15.1 – 1.15.3, word 'n student geag om onbevredigende akademiese vordering te hê, indien hy/sy minder as die helfte van die krediete wat vir die betrokke program vereis word, soos voorgeskryf in die betrokke fakulteitsreëls vir die metode van aflewering (kontak of afstand) en bywoningsmodus (voltyds of deelyds) behaal. 'n Student wie se akademiese prestasie as onbevredigend geag word, kan 'n skriftelike waarskuwing vanaf die betrokke uitvoerende dekaan ontvang.

Extension of Period of Study / Verlenging van Studietydperk

Refer to A-rule 1.17.

EDU.1.2.16

The executive dean concerned may, on the recommendation of the academic director concerned, extend a student's study period following an application submitted before the end of the penultimate academic year by a student who does not expect to complete a programme within the maximum duration allowed for the study

A-Reël 1.17 verwys.

Die Uitvoerende Dekaan vir wie dit aangaan, kan volgens die relevante akademiese direkteur se aanbeveling 'n student se studietydperk verleng, nadat 'n aansoek voor die einde van die student se laaste akademiese jaar ingedien is en daar nie verwag word dat die student 'n program binne die maksimum toegelate tydperk vir die studie sal kan voltooi nie.

EDU.1.2.17

Termination of Studies / Terminering van Studies

A student's studies may be terminated in accordance with the stipulations of A-Rule 1.18. In accordance with A-Rule 1.18.4, a student whose studies have been terminated may, in accordance with the applicable faculty rules, apply for admission to another study programme, but must in the course of the application mention the termination.

EDU.1.3

'n Student se studie kan beëindig word ooreenkomstig die bepalinge van A-Reël 1.18. In ooreenstemming met A-Reël 1.18.4, mag 'n student wie se studie beëindig is, ooreenkomstig die toepaslike fakulteitsreëls, aansoek doen vir toelating tot 'n ander studieprogram, maar moet in die loop van die aansoek die beëindiging vermeld.

EVALUATION OF ACADEMIC LITERACY / EVALUERING VAN AKADEMIESE GELETTERDHEID

All undergraduate students who register at the North-West University for the first time are required to register for a module / modules in academic literacy. They have to pass this module / these modules before they can graduate.

A. TESTING

Students have to write a compulsory proficiency test in academic literacy, at a time and place determined by the University, to determine their ability to function within the academic environment. The purpose of this test is to identify students who, due to inadequate academic literacy skills, may not complete their study programme within the stipulated period in order to empower them with the necessary knowledge and skills.

Students have the option of writing the compulsory skills test in either English or Afrikaans. With the exception of students who are identified as borderline cases by the test, each student has only one opportunity to write the test. Students who are regarded as borderline cases, will be granted a second opportunity to write the test. It is the student's responsibility to check and verify his/her result within 14 days of writing the test and to register for the correct module in the correct semester (see below).

B. MODULE(S)

Academic Literacy Development (ALDE111) / Ontwikkeling van Akademiese Geletterdheid (ALDA111)

Students who are identified as at-risk by the test, must register for the module ALDE111 [English] or ALDA111 [Afrikaans], depending on the language in which the compulsory test was written.

i. Level and credits

This module is on NQF level 5 and worth 12 credits (additional credits).

ii. Composition of module and calculation of module marks

ALDE111 / ALDA111 comprises one component only, which includes two periods per week. Class attendance is compulsory. The module is only presented in Semester 1.

A system of continuous assessment is followed. The final module mark is calculated as follows: Exam mark = 40% and Participation mark = 60%. For admission to the exam in ALDE111 / ALDA111, a participation mark of 40% is required.

Note that for conditional admission to ALDE122 / ALDA122, a student who is required to follow ALDE111 / ALDA111 should obtain a module mark of 40% minimum for ALDE111 / ALDA111.

iii. Important additional information

Specific faculty rules in terms of termination of studies might apply if a student fails ALDE111 / ALDA111.

Students who have already successfully completed a module similar to ALDE111 / ALDA111 at another tertiary institution and can provide proof of this, may apply in writing on the prescribed form for formal recognition for the module. This application should be submitted to the subject chair responsible for Academic Literacy. Recognition is only granted in cases where the modules are on the same NQF level (NQF5), where the credit values are of the same value (12), and where content is comparable.

iv. Language and mode of delivery

ALDE111 is presented in English and ALDA111 in Afrikaans. The module is presented in both contact and open distance learning mode. Note that only students who are formally registered for open distance learning may follow the module in this mode. Moreover, open distance learning is presented in English only.

v. Outcomes

On completion of this module students should be able to:

- bridge the divide between secondary school and university education;
- access academic information effectively in order to understand academic texts;
- process academic information successfully; and
- produce academic information responsibly and appropriately.

Academic Literacy Development (ALDE122) / Ontwikkeling van Akademiese Geletterdheid (ALDA122)

All students, regardless of the result obtained for the compulsory proficiency test in academic literacy, must register for the module ALDE122 [English] / ALDA122 [Afrikaans]. Students with English as their language of teaching and learning, register in all cases for ALDE122 in Semester 2. Students with Afrikaans as their language of teaching and learning, register in all cases for ALDA122 in Semester 2.

i. Level and credits

This module is on NQF level 5 and worth 12 credits. Note that it is calculated in terms of curriculum credits. It thus carries a weight of 12 credits in the first-year curriculum.

ii. Composition of module and calculation of module marks

For admission to the module ALDE122 / ALDA122, a student required to take ALDE111 / ALDA111, must first pass this module. In all other cases students have immediate access to ALDE122 [Semester 2] / ALDA122 [Semester 2].

Students who did not pass the module ALDE111 / ALDA111, but were conditionally allowed to take ALDE122/ ALDA 122 and passed the module, may have their result for ALDE111/ ALDA111 condoned to a pass by the entity concerned with Academic Literacy.

The module ALDE122 / ALDA122 comprises two compulsory components: an Academic Literacy component and a Computer and Information Literacy component. For the academic literacy component, class attendance of two periods per week is compulsory. Computer and Information Literacy requires that students learn autonomously, but they will have access to contact sessions if they wish to make use of them. A student must pass both components to pass the module.

A system of continuous assessment is followed. The final module mark is calculated as follows: Exam mark = 40% and Participation mark = 60%. For admission to the exam in ALDE122 / ALDA122, a participation mark of 40% is required.

The exam consists of two papers, viz. Academic Literacy and Computer and Information Literacy. The subminimum required to pass the Academic Literacy component, is 40%. The subminimum required to pass the Computer and Information Literacy component, is 50%. These components are dealt with in a ratio of 80:20 when calculating the final mark (80% for the academic literacy and 20% for the computer and information literacy component).

iii. Important additional information

Specific faculty rules in terms of termination of studies might apply if a student fails ALDE122 / ALDA122.

Students who have already successfully completed a similar module to ALDE122 / ALDA122 at another institution and can provide proof of this, may apply in writing on the prescribed form for formal recognition of the module. This application should be submitted to the subject chair responsible for Academic Literacy. Recognition is only granted in cases where the modules are on the same NQF level (NQF5), where the credit values are the same value (12), and where content is comparable.

iv. Language and mode of delivery

ALDE122 is presented in English and ALDA122 in Afrikaans. The module is presented in both the contact and open distance learning mode. Note that only students who are formally registered for open distance learning may follow the module in this mode. Moreover, open distance learning is presented in English only.

v. Outcomes

On completion of this module students should be able to:

- successfully become part of the academic learning community and participate in this community;
- access information in a responsible and ethical way in order to write an academic text;
- process information strategically in order to write an academic text;
- produce an academic text; and
- demonstrate a fundamental level of computer and information literacy.

Alle voorgraadse studente wat vir die eerste keer aan die Noordwes Universiteit registreer, is verplig om vir 'n module / modules in akademiese geletterdheid te registreer. Hulle moet dit slaag, alvorens hulle kan gradueer.

A. TOETSING

Studente moet 'n verpligte vaardigheidstoets in akademiese geletterdheid skryf op 'n gegewe tyd en plek, soos deur die Universiteit bepaal. Die doel van die toets is om studente te identifiseer wat, a.g.v. onvoldoende vaardighede in akademiese geletterdheid die risiko loop om hulle studieprogram nie suksesvol te voltooi binne die toegelate tydperk nie, sodat hulle met die nodige kennis en vaardighede bemagtig kan word.

Studente besluit self of hulle die verpligte vaardigheidstoets in Afrikaans of in Engels wil aflê. Met die uitsondering van studente wat deur die toets as grensgevalle uitgewys word, kry elke student slegs een geleentheid om die toets af te lê. Studente wat as grensgevalle beskou word, kry 'n tweede geleentheid. Dit is die student se verantwoordelikheid om hom-/haarself binne 14 dae na aflegging van die toets van sy/haar uitslag te vergewis en vir die korrekte module in die korrekte semester te registreer (sien hieronder).

B. MODULE(S)

Ontwikkeling van Akademiese Geletterdheid (ALDA111) / Academic Literacy Development (ALDE111)

Studente wat deur die toets as risikogevallige geïdentifiseer word, moet vir die module ALDA111 [Afrikaans] óf ALDE111 [Engels] registreer, afhangende van die taal waarin hulle die verpligte vaardigheidstoets afgelê het.

i. Vlak en krediete

Hierdie module is op NKR-vlak 5 en het 'n waarde van 12 krediete (addisionele krediete).

ii. Samestelling van module en punteberekening

ALDA111 / ALDE111 bestaan uit slegs een komponent wat minstens twee periodes per week behels en klasbywoning is verpligtend. Die module word slegs in Semester 1 aangebied.

'n Stelsel van deurlopende assessering word gebruik. Die finale modulepunt word soos volg bereken: Eksamenpunt = 40% en Deelnamepunt = 60%. Vir toelating tot die eksamen in ALDA111 / ALDE111 word 'n deelnamepunt van 40% vereis.

Let wel: Vir voorwaardelike toelating tot die module ALDA122 / ALDE122 moet 'n student wat verplig is om eers ALDA111 / ALDE111 te volg, 'n modulepunt van minstens 40% in ALDA111 / ALDE111 verwerf.

iii. Belangrike addisionele inligting

Spesifieke fakulteitsreëls i.t.v. terminering van studies kan van toepassing wees indien 'n student ALDA111 / ALDE111 nie slaag nie.

Studente wat reeds 'n module soortgelyk aan ALDA111 / ALDE111 suksesvol aan 'n ander tersiëre instelling voltooi het en bewys daarvan kan lewer, kan skriftelik op die voorgeskrewe vorm by die betrokke entiteit verantwoordelik vir Akademiese Geletterdheid om erkenning aansoek doen. Erkenning word slegs toegestaan in gevalle waar die modules op dieselfde NKR-vlak is (NKR5), die kredietwaarde minstens dieselfde is (12) en die inhoud vergelykbaar is.

iv. Taal en modus van aanbieding

ALDA111 word in Afrikaans aangebied en ALDE111 in Engels. Die module word in beide kontak- en afstandsmodule aangebied, maar let daarop dat slegs studente wat formeel vir afstandsonderrig geregistreer is, dit in die afstandsmodule mag volg. Afstandsmodule word verder slegs in Engels aangebied.

v. Uitkomst

By afhandeling van hierdie module behoort die student in staat te wees om:

- die gaping tussen hoërskool en universiteit te oorbrug;
- op effektiewe wyse toegang tot akademiese inligting te verkry met die doel om akademiese tekste te verstaan;
- akademiese inligting suksesvol te prosesseer; en
- akademiese inligting gepas en verantwoordelik te produseer.

Ontwikkeling van Akademiese Geletterdheid (ALDA122) / Academic Literacy Development (ALDE122)

Alle studente, ongeag die uitslag van die verpligte vaardigheidstoets in akademiese geletterdheid, moet die module ALDA122 [Afrikaans] / ALDE122 [Engels] neem. Studente met Afrikaans as onderrigtaal, registreer in alle gevalle vir ALDA122 in Semester 2. Studente met Engels as onderrigtaal, registreer in alle gevalle vir ALDE122 in Semester 2.

i. Vlak en krediete

Hierdie module is op NKR-vlak 5 en het 'n waarde van 12 krediete. Let daarop dat dit wel vir kredietdoeleindes van die kurrikulum in berekening gebring word. Krediete hiermee verdien, dra dus 'n gewig van 12 krediete in die eerstejaarskurrikulum.

ii. Samestelling van module en punteberekening

Vir toelating tot die module ALDA122 / ALDE122 moet 'n student wat verplig is om eers ALDA111 / ALDE111 te neem, laasgenoemde slaag. In alle ander gevalle het studente onmiddellik toegang tot ALDA122 [Semester 2] / ALDE122 [Semester 2].

Studente wat nie die module ALDA111 / ALDE111 geslaag het nie, maar wel voorwaardelik tot ALDA122 / ALDE122 toegelaat is en die module geslaag het, se uitslag van ALDA111 / ALDE111 kan deur die betrokke entiteit verantwoordelik vir Akademiese Geletterdheid tot 'n slaagpunt gekondoneer word.

Die module ALDA122 / ALDE122 bestaan uit twee verpligte komponente: Akademiese Geletterdheid en Rekenaar- en Inligtingsvaardighede. Akademiese Geletterdheid behels twee lesings per week en klasbywoning is verpligtend. Rekenaar- en Inligtingsvaardighede word op outonome wyse bemeester, maar daar is ook verskeie geleenthede vir kontaksessies tot studente se beskikking indien hul daarvan gebruik wil maak. Al twee die komponente moet geslaag word om die module te kan slaag.

'n Stelsel van deurlopende assessering word gebruik. Die finale modulepunt word soos volg bereken: Eksamenpunt = 40% en Deelnamepunt = 60%. Vir toelating tot die eksamen in ALDA122 / ALDE122 word 'n deelnamepunt van 40% vereis. Die eksamen bestaan uit twee vraestelle, naamlik Akademiese Geletterdheid en Rekenaar- en Inligtingsvaardighede. Die subminimum wat vir eersgenoemde komponent behaal moet word om die module te kan slaag, is 40%. Die subminimum wat vir laasgenoemde komponent behaal moet word om die module te kan slaag, is 50%. Hierdie twee komponente word in 'n 80:20-verhouding hanteer vir die berekening van die finale punt – 80% vir die eerste komponent (Akademiese Geletterdheid) en 20% vir die tweede komponent (Rekenaar- en Inligtingsvaardighede).

iii. Belangrike addisionele inligting

Spesifieke fakulteitsreëls i.t.v. terminering van studies kan van toepassing wees indien 'n student ALDA122 / ALDE122 nie slaag nie.

Studente wat reeds 'n module soortgelyk aan ALDA122 / ALDE122 suksesvol aan 'n ander tersiëre instelling voltooi het en bewys daarvan kan lewer, kan skriftelik op die voorgeskrewe vorm by die betrokke entiteit verantwoordelik vir Akademiese Geletterdheid om erkenning aansoek doen. Erkenning word slegs toegestaan in gevalle waar die modules op dieselfde NKR-vlak is (NKR5), die kredietwaarde minstens dieselfde is (12) en die inhoud vergelykbaar is.

iv. Taal en modus van aanbieding

ALDA122 word in Afrikaans aangebied en ALDE122 in Engels. Die module word in beide kontak- en afstandsmodule aangebied, maar let daarop dat slegs studente wat formeel vir afstandsonderrig geregistreer is, dit in die afstandsmodule mag volg. Afstandsmodule word verder slegs in Engels aangebied.

v. **Uitkomst**

By afhandeling van hierdie module behoort die student in staat te wees om:

- op eties-verantwoordelike wyse te soek vir inligting wat nodig is vir die skryf van 'n akademiese teks;
- inligting op 'n strategiese manier te verwerk met die doel om 'n akademiese teks te kan skryf;
- 'n akademiese teks te produseer; en
- 'n fundamentele vlak van rekenaar- en inligtingsgeletterdheid te demonstreer.

NB: *Plagiat word beskou as 'n ernstige akademiese oortreding wat tot dissiplinêre optrede kan lei.*

Beleid oor die NWU-studentedissipline

Afdeling 3.1.2: Wangedrag kan deur die NWU se tugverhoorkomitee oorweeg word in gevalle waar die akademiese gedrag van 'n student op oneerlikheid neerkom, soos in die beleid oor akademiese integriteit beskryf word;

Afdeling 4.3: Dit is die beleid van die universiteit om duidelike en konsekwente reëls, prosesse en prosedures daar te stel om die universiteit se verbintenis tot akademiese integriteit te verseker. CAPACITY STIPULATION / KAPASITEITSBEPALINGS

Please take cognizance of the fact that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements may not necessarily be admitted to the relevant courses. (A- Rule 1.5.2.)

Neem asseblief kennis dat die Universiteit as gevolg van spesifieke kapasiteitsbepalings hom die reg voorbehou om kandidate vir toelating tot bepaalde studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke kursus toegelaat sal word nie. (A-Reël 1.5.2.)

RECOGNITION OF PRIOR LEARNING AND CREDIT ACCUMULATION AND TRANSFER / ERKENNING VAN VORIGE LEER EN KREDIETAKKUMULASIE EN -OORDRAG

Refer to A-Rules 1.6 and 1.7.

The faculty subscribes to the view that RPL constitutes an essential element of the transformation of access and admissions policies at higher education institutions in South Africa. The transformation of access and admissions policies is intended to increase participation and to broaden access to higher education in order to produce graduates with the skills and competencies necessary to meet the human resource needs of the country.

EDU.1.6

The following types of RPL are identified, namely:

(1) RPL for access: The establishment of a suitable level of study and/or experience aimed at admission to a qualification, for a candidate who does not qualify for admission into that qualification via the official admission requirements of the NWU.

(2) RPL for advanced standing: The exemption from a certain level of a course of study or programme on the basis of the candidate's experience/learning acquired. A portfolio and/or assessment may be used to consider the candidate for RPL. This RPL is regarding the exemption of certain levels of study. (Advanced standing - based on the previous experience and/or knowledge acquired, the applicant may be accepted for example for the second year.)

(3) RPL for module exemption: A student may be exempted from completing a module of a programme on the basis of a documented process of recognition of prior learning. Such an exemption does not translate to credit transfer, but the student does not have to complete the module in question due to his/her proven knowledge, skill or experience, gained through informal or non-formal learning, which equates to the level and content of the outcomes of one or more modules of a particular academic programme. The outcomes of existing programme modules must therefore be compared and found to be similar/equivalent to the candidate's proven knowledge/experience/skills

Credit accumulation and transfer: The awarding of credits for modules or courses as part of learning programmes/qualifications. The outcomes of successfully completed modules must be compared and found to be similar/equivalent to the outcomes of the corresponding modules offered at the faculty as requested for credit accumulation and transfer (CAT). The completed outcomes must also comply with the relevant SAQA level descriptors and credit value.

Important information: Faculty Rule 1.7.3 stipulates that within the BEd Foundation phase programme an adjustment of the minimum study period for the completion of the BEd degree is applicable to students that completed the Grade R-Diploma at NWU. Students will enter the BEd Foundation phase programme at second year level, having only three (3) first year modules not being credited from the BEd Foundation phase first year curriculum, to be completed during their second, third or fourth year level in the programme.

A SALA administrative officer is appointed in the office of each of the school directors across the three sites of delivery, and they oversee the RPL/CAT process for both contact and distance students in the respective programmes.

Processes for each of the types of RPL/CAT as well as forms and guidelines to compile a portfolio of evidence are available at the faculty's quality office, and will be included in the Quality manual of the faculty, after approval by faculty board. *Verwys na A-Reëls 1.6 en 1.7.*

Die Fakulteit ondersteun die siening dat erkenning van vorige leer (EVL) 'n integrale element is van die transformasie van toegang- en toelatingsbeleid by hoëronderrysinstellings in Suid-Afrika. Die transformasie van toegang- en toelatingsbeleid het ten doel om deelname te verhoog en om toegang tot hoër onderwys te verbreed om sodoende graduandi te lewer met die vereiste vaardighede en bevoegdheids om aan die nodige menslike hulpbronne van die land te voldoen.

Die volgende tipes EVL is geïdentifiseer :

(1) EVL vir toegang: *Die daarstel van 'n toepaslike studie- en/of ondervindingsvlak wat gemik is op toegang tot 'n kwalifikasie vir 'n kandidaat wat nie kwalifiseer vir toegang tot die spesifieke kwalifikasie nie as gevolg van NWU se amptelike toegangsvereistes.*

(2) EVL vir gevorderde status: *Vrystelling van 'n sekere vlak van 'n kursus of program op die basis van die kandidaat se ondervinding/opleiding. 'n Portefeulje en/of assessering kan gebruik word om die kandidaat vir EVL te oorweeg. Hierdie EVL handel oor vrystelling van sekere studievlakke. (Gevorderde status – gebaseer op vorige ondervinding en/of kennis, kan byvoorbeeld beteken dat die aansoeker vir die tweede jaar aanvaar word.)*

(3) EVL vir vrystelling van modules: *'n Student kan vrygestel word van die voltooiing van 'n module van 'n program op grond van 'n gedokumenteerde proses van erkenning van vorige leer. Sodanige vrystelling beteken nie kredietoordrag nie, maar dat die student nie die betrokke module hoef te voltooi nie, op grond van sy/haar bewese kennis, vaardigheid of ervaring, opgedoen deur middel van informele of nie-formele leer, wat gelykstaande is aan die vlak en inhoud van die uitkomst van een of meer modules van 'n bepaalde akademiese program. Die uitkomst van bestaande modules in betrokke program moet dus vergelyk word en moet gelyk wees aan die kandidaat se bewese kennis/ervaring/vaardighede.*

Kredietakkumulاسie en -oordrag: *die toekenning van krediete vir modules of kursusse as deel van leerprogramme/kwalifikasies. Die uitkomst van suksesvol voltooid modules moet vergelyk word en moet gelyk wees aan die uitkomst van die ooreenstemmende modules wat by die fakulteit aangebied word, soos versoek vir kredietakkumulاسie en -oordrag (KAO). Die voltooid uitkomst moet ook voldoen aan die toepaslike SAQA-vlakbeskrywers en kredietwaardes.*

Belangrike inligting: Fakulteitsreël 1.7.3 bepaal dat binne die BEd Grondslagfase-program 'n aanpassing van die minimum studietydperk vir die voltooiing van die BEd-graad van toepassing is op studente wat die Graad R-diploma aan die NWU voltooi het. Studente sal die BEd Grondslagfaseprogram op tweedejaarsvlak betree, met slegs drie (3) eerstejaarsmodules wat nie erken word binne die BEd Grondslagfase eerstejaarkurrikulum nie, wat gedurende hul tweede, derde of vierde jaar in die program voltooi moet word.

'N SALA-administratiewe beampte word aangestel in die kantoor van elk van die skooldirekteure op die drie afleweringstereine, en hulle bestuur die EVL/KAO-proses vir beide kontak- en afstandstudente in die onderskeie programme.

Prosesse vir elk van die tipes EVL/KAO sowel as vorms en riglyne vir die samestelling van 'n portefeulje van bewys is beskikbaar by die kwaliteitskantoor van die fakulteit en sal na goedkeuring deur die fakulteitsraad in die kwaliteitshandleiding van die fakulteit opgeneem word.

EDU.2 WHAT IS DISTANCE LEARNING (DL)? / WAT IS AFSTANDSLEER (AL)?

Distance learning refers to a delivery mode focusing on enhanced accessibility to education and training, limiting or eliminating barriers such as time, place and pace of learning. The NWU promotes open distance learning by allowing students to register for the modules of a programme either in January or in June, offering technology-mediated instruction and examination opportunities at various learning support centres nationally and internationally, and providing student support to enhance the student learning experience. Students who study at a distance are still subject to specific admission requirements as determined by the Institutional Admissions Requirements Committee, fixed dates for the commencement of academic programmes, a minimum and maximum duration for the completion of their studies, and specific scheduled assessment opportunities. (Appendix to the General Academic Rules (A-Rules) of the NWU: Glossary of Teaching Learning-related concepts and designations).

Afstandsl eer verwys na 'n aflewering smodus wat op beter toeganklikheid tot onderwys en opleiding fokus en struikelblokke soos tyd, plek en tempo van leer beperk of uitskakel. Die NWU bevorder oop afstandsl eer deur studente toe te laat om óf in Januarie óf in Junie vir die modules van 'n program te registreer, nasionaal en internasionaal tegnologie-gesteunde onderrig en eksamen geleenthede by verskillende leerondersteuningsentrums aan te bied, en studente-ondersteuning te verskaf om die studente se leerervaring te verbeter. Studente wat oor 'n afstand studeer, is steeds aan spesifieke toelatingsvereistes soos deur die Institusionele Toelatingsvereisteskomitee bepaal word, vaste datums vir die aanvang van akademiese programme, 'n minimum en maksimum duur vir die voltooiing van hulle studie, en spesifieke geskeduleerde assesseringsgeleenthede onderhewig. (Bylae tot die Algemene Akademiese Reëls (A-Reëls) van die NWU: Woordelys van Onderrig-Leer- verwante begrippe en benamings) .

MATTERS TO TAKE NOTE OF REGARDING ODL STUDIES / SAKE RAKENDE OAL-STUDIES WAARVAN KENNIS GENEEM MOET WORD

Students need to note the following matters, and are referred to the applicable yearbook:

- i. Some qualifications delivered in the distance mode allow students to register twice a year for studies, this does not apply to BEd.
- ii. Each programme has a minimum and a maximum study duration for completing the programme.
- iii. Students have a number of assessment opportunities (examinations) during a study period and all modules can be written at each assessment opportunity (first and/or second opportunity) should the student qualify to write examination.
- iv. Students do not have a second examination opportunity directly after the first attempt. If they fail the first attempt (e.g. in June/July), they can write the failed module during the next examination opportunity (e.g. in October/November). A valid participation mark will give the student access to two examination opportunities, where after a student must generate a new participation mark.
- v. Contact classes are mainly presented by means of interactive white boards at the learning support centres in southern Africa, supported by facilitators. Lecturers can also be contacted via email. All modules presented by means of interactive white boards are stored on the internet for students to access at a later stage.
- vi. Students are supported by means of a call centre, social media (Facebook) and contact with lecturers and facilitators.
- vii. Examinations are written at several examination centres throughout southern Africa, but the NWU can request students to write a specific module (e.g., Computer Science) at the campus in Potchefstroom, where the Unit for Open Distance Learning is situated.
- viii. **Unsatisfactory academic performance:** A student whose academic performance is found to be unsatisfactory will receive a formal written warning from the relevant director. If subsequent progress is still not satisfactory, the student may be dealt with in terms of A-Rule 1.18 and sub-paragraphs.
- ix. **Termination of studies of ODL students:** The minimum and maximum duration of study for the various qualifications is indicated in the calendar and in the information booklets for these qualifications. One year before the maximum duration of study is exceeded and a student's studies are finally terminated, such a student will receive a warning letter to inform him/her of the two final examination opportunities to pass all outstanding modules. Should such a student still have modules outstanding after these examination opportunities, the studies of such a student must be terminated in terms of A-Rule 1.18.

Only in exceptional cases and then on the grounds of irrefutable evidence will the Executive Director: UODL and the Executive Dean of the Faculty of Education consider a request for continuation of studies from a student whose studies have been terminated. Should such an application be successful, the student will be afforded only one examination opportunity to complete all outstanding modules.

Studente moet op die volgende sake let, en word na die toepaslike jaarboek verwys:

- i. *Sommige kwalifikasies wat in die afstandsmodus gelewer word, laat studente toe om twee keer per jaar vir studies te registreer, dit geld nie vir BEd nie.*
- ii. *Elke program het 'n minimum en 'n maksimum studieduur om die program te voltooi.*
- iii. *Studente het 'n aantal assesseringsgeleenthede (eksamens) tydens 'n studietydperk en alle modules kan by elke assesseringsgeleentheid geskryf word. (eerste en/of tweede eksamengeleentheid) sou die student kwalifiseer om eksamen te skryf.*
- iv. *Studente het nie 'n tweede eksamengeleentheid direk na die eerste poging nie. Indien hulle die eerste poging druip (byvoorbeeld in Junie), kan hulle die betrokke module tydens die volgende eksamengeleentheid (byvoorbeeld in November) skryf. 'n Geldige deelnamepunt sal aan die student toegang tot twee eksamengeleenthede gee, waarna die student 'n nuwe deelnamepunt moet verwerf.*
- v. *Kontakklasse word hoofsaaklik met die ondersteuning van fasiliteerders deur middel van interaktiewe witborde by die leerondersteuningsentrums in Suider-Afrika aangebied. Dosente kan ook per e-pos gekontak word. Alle modules wat deur middel van interaktiewe witborde aangebied word, word op die internet gestoor vir studente om later te gebruik.*
- vi. *Studente word deur middel van 'n inbelsentrum, sosiale media (Facebook) en kontak met dosente en fasiliteerders ondersteun.*
- vii. *Eksamens word by verskillende eksamensentrums regoor Suider-Afrika geskryf, maar die NWU kan studente versoek om 'n spesifieke module (byvoorbeeld Rekenaarwetenskap) op die kampus in Potchefstroom, waar die Eenheid vir Oop Afstandleer geleë is, te skryf.*
- viii. **Onbevredigende akademiese prestasie:** *'n Student wie se akademiese prestasie nie bevredigend is nie, sal 'n formele, skriftelike waarskuwing van die betrokke direkteur ontvang. Indien vordering daarna nie bevredigend is nie, kan daar ingevolge A-Reël 1.18 en subparagrafe teen die student opgetree word.*
- ix. **Beëindiging van OAL-studente se studies:** *Die minimum en maksimum studieduur van die onderskeie kwalifikasies word in die jaarboek en in die inligtingsboekies vir hierdie kwalifikasies aangedui. Een jaar voordat die maksimum studieduur oorskry word en 'n student se studie finaal beëindig word, sal so 'n student 'n waarskuwingsbrief ontvang om hom/haar in kennis te stel van die twee finale eksamengeleenthede om alle uitstaande modules te slaag. Indien so 'n student na hierdie eksamengeleenthede steeds uitstaande modules het, moet so 'n student se studie ingevolge A-Reël 1.18 beëindig word.*

Slegs in buitengewone gevalle en dan op grond van onweerlegbare bewyse sal die Uitvoerende Direkteur: EOAL en die Uitvoerende Dekaan van die Fakulteit Opvoedkunde 'n versoek oorweeg van 'n student wie se studie beëindig is om sy/haar studie voort te sit. Indien so 'n aansoek slaag, sal die student slegs een eksamengeleentheid gegee word om alle uitstaande modules te voltooi.
