Please note: Although the information in this Yearbook has been compiled with the utmost care and accuracy, the Council and the Senate of the University accept no responsibility whatsoever for errors that may occur. Before students finally decide on the selection of modules, they must consult the class timetable. If a clash occurs in the planned selection of a student, the relevant module combination is not permitted.

In die besonder bly dit elke student se verantwoordelikheid om hom/haar deeglik te vergewis van die klasrooster en moontlike roosterbotsings voordat hy/sy finaal oor die keuse van modules besluit. Indien daar 'n botsing by 'n student se voorgenome keuse voorkom, is die betrokke kombinasie van modules ontoelaatbaar.*

THE.1 FACULTY RULES
FAKULTEITSREËLS

THE.1.1 PURPOSE OF THE FACULTY YEARBOOK
DOEL VAN DIE FAKULTEITSJAARBOEK

The purpose of this Faculty Yearbook is to direct the academic activities with regards to qualifications and programs of the Faculty.

This faculty yearbook is subject to and are directed by various national legal frameworks (i.e., the Higher Educational Qualification Sub-Framework, the National Qualifications Framework, and the Qualification of Educational Subject Matter).

Die doel van hierdie fakulteitsjaarboek is om die akademiese aktiwiteite met betrekking tot die kwalifikasies en programme van die Fakulteit te reël.

Hierdie fakulteitsjaarboek is onderhewig aan en word gereël deur verskeie nasionale wetlike raamwerke (nl. die Hoëronderwyskwalifikasiesubraamwerk, die Nasionale Kwalifikasie Raamwerk, en die Kwalifikasie van Onderwys Subjek Inhoud), en word bestuur deur 'n Nasionale Hoër Onderwys bestuurstelsel.

THE.1.2 AUTHORITY OF THE GENERAL ACADEMIC RULES (A RULES)
GESAG VAN DIE ALGEMENE AKADEMIESE-REËLS (A-REËLS)

The faculty rules valid for the different qualifications, programmes and curricula of this faculty and contained in this faculty yearbook are subject to the General Academic Rules of the University, as determined from time to time by the Council of the University on recommendation by the Senate. The faculty rules should therefore be read in conjunction with the General Academic Rules which are available on the website of the University.

Die fakulteitsreëls, wat ten aansien van die verskillende kwalifikasies, programme en kurrikulums van hierdie fakulteit geld en in hierdie fakulteitsjaarboek opgeneem is, is onderhewig aan die Algemene Akademiese Reëls van die Universiteit, soos dit van tyd tot tyd deur die Raad van die Universiteit op aanbeveling van die Senaat vasgestel word, en moet dus met daardie Algemene Akademiese Reëls saamgelees word. Die Algemene Akademiese Reëls verskyn op die Universiteit se webblad.

THE.1.3 FACULTY-SPECIFIC RULES
FAKULTEITSPESIFIEKE REËLS

THE.1.3.1 GENERAL ADMISSION REQUIREMENTS
ALGEMENE TOELATINGSVEREISTES

Students must take note that fulltime access to the internet with a speed of 2Mbs and a computer are prerequisites as all study material are only accessible electronically.

Studente moet daarop let dat voltydse internettoegang met 'n spoed van 2Mbs en 'n rekenaar voorvereistes vir toelating is, aangesien alle studiemateriaal slegs elektronies beskikbaar is.

THE.1.3.1.1 M&D ADDISIONAL ADMISSION REQUIREMENT
ADDISIONELE M&D TOELATINGSVEREISTE

In addition to the general admission requirements of the University as set out in the Admission Policy, and the Faculty Specific Admission Requirements, an applicant who obtained any prior qualification(s) at an institution(s) not

accredited in South Africa, must also include an SAQA certificate of such qualifications with his/her application.

Bykomend tot die algemene toelatingsvereistes van die Universiteit soos uiteengesit in die Toelatingsbeleid, en die Fakulteitspesifieke toelatingsvereistes, moet 'n aansoeker indien hy/sy enige voorafgaande kwalifikasie(s) verwerf het by 'n instansie(s) wat nie in Suid-Afrika geakkrediteer is nie, ook 'n SAQA-sertifikaat van sodanige kwalifikasies by sy/haar aansoek insluit.

THE.1.3.2 REGISTRATION
REGISTRASIE

Registration is the prescribed, completed process a student has to go through to be registered as a student at the University and is regulated in accordance with General Academic Rules (see A.1.10).

Registrasie is die voorgeskrewe, volledige proses wat 'n student moet deurloop om as 'n student van die Universiteit te registreer en word gereguleer deur die Algemene Akademiese Reëls (sien A.1.10).

A student admitted to the University registers annually for the period of the study of a specific programme, at the time and place determined by the University for this purpose. The process consists of the payment of the prescribed registration fee, the completion of the registration form, and the obtaining of the necessary signatures on the registration form.

'n Toegelate student registreer jaarliks vir die duur van die studie vir 'n spesifieke studieprogram op die tyd en plek deur die Universiteit daarvoor bepaal. Die proses behels die betaling van die voorgeskrewe registrasiegeld, die voltooiing van die registrasievorm en aanbring van die nodige handtekeninge.

The registration form is submitted to the registration department where upon proof of registration is issued.

Die registrasievorm word deur die student by die registrasie-afdeling ingedien waarop 'n bewys van registrasie uitgereik word.

Registering for additional modules and final year modules is regulated by the General Academic Rules (see A.2.3 and A.2.4).

Registrasie vir addisionele modules en finalejaarmodules word gereguleer deur die Algemene Akademiese Reëls (sien A.2.3 en A.2.4).

Students must be made aware that, when registering for contact studies, some of the modules may be offered online.

Studente moet daarvan bewus wees dat, wanneer hulle vir kontakstudies registreer, sommige van die modules aanlyn aangebied mag word.

THE.1.3.3 CREDIT RECOGNITION AND TRANSFER
KREDIET-ERKENNING EN -OORPLASING

A student who was registered for, but did not complete an undergraduate or postgraduate programme at the university or at any other registered higher education institution, may apply on the relevant form for credit recognition and transfer for equivalent programmes or modules which have been successfully completed.

'n Student wat geregistreer was, maar nie sy voorgaardse of nagraadse studies by die universiteit of enige ander geregistreerde hoër opvoedingsinstelling voltooi het nie, mag aansoek doen op die voorgeskrewe vorm vir krediet-erkenning en oorplasing na gelykwaardige programme of modules wat suksesvol afgehandel is.

Where the application is based on credits completed in an undergraduate or postgraduate programme at the NWU, the executive dean concerned may, on application by a student on the relevant form and within the framework of the applicable faculty rules, award any or all credits, including credits at the exit-level of the programme, as meeting part of the requirements for the qualification concerned, on condition that the outcomes and NQF level of the modules are equivalent.

Waar die aansoek gebaseer is op voltooide krediete in 'n voorgraadse of nagraadse program van die NWU, mag die betrokke uitvoerende dekaan, op versoek van 'n student op die relevante vorm en binne die raamwerk van die toepaslike fakulteitreëls, sommige of al die krediete toeken, insluitend krediete op die uittreevlak van die program, as voldoening aan 'n gedeelte van die vereistes van die betrokke kwalifikasie, op voorwaarde dat die uitkomstes en NKR-vlak van die modules gelykwaardig is.

THE.1.3.4 MODULE REQUIREMENTS
MODULE VOORVEREISTES

A module can only be taken if a student complies with the prescribed prerequisites as stipulated in the list of modules.

'n Module kan slegs geneem word indien 'n student aan die voorgeskrewe voorvereiste soos in die lys van modules voorgestel word, voldoen.

THE.1.3.5 SPECIFIC ADMISSION REQUIREMENTS FOR MODULES OFFERED BY OTHER FACULTIES
SPESIFIEKE TOELATINGSVEREISTES TOT BEPAALDE MODULES AANGEBIED DEUR ANDER FAKULTEITE

For further information regarding the specific admission requirements for modules offered by other faculties - please consult the specific faculty's yearbook.

Vir meer inligting rakende die spesifieke toelatingsvereistes tot bepaalde modules wat deur ander Fakulteite aangebied word – raadpleeg asb. die spesifieke fakulteit se jaarboek.

THE.1.3.6 CONTACT SESSIONS
KONTAKGELEENTHEDE

As a general rule, the following holds:
As algemene reël geld die volgende:

For the first three semesters (two semesters at year level 1 and the first semester at year level 2), the typical number of theory classes for each 8-credit and 12-credit module is maximum two periods per week. For a 16-credit module, the maximum number of theory periods is four per week.

Vir die eerste drie semesters (twee semesters op jaarvlak een en die eerste semester van jaarvlak 2) is die maksimum aantal teorieperiodes vir elke 8- en

12-kredietmodule twee periodes per week. Vir 'n 16-kredietmodule is die maksimum aantal teorieperiodes vier per week.

For all following semesters, the typical number of theory periods for each 8-credit module is maximum one per week. For 16-, 24- and 32-credit modules, the maximum number of theory periods is two or three per week, respectively.

Vir alle daaropvolgende semesters is die maksimum aantal teorieperiodes vir elke 8 kredietmodule een periode per week. Vir 16-, 24- en 32-kredietmodule is die maksimum aantal teorieperiodes onderskeidelik twee of drie per week.

THE.1.3.7 MINIMUM PARTICIPATION OF CONTACT STUDENTS
MINIMUM DEELNAME VAN KONTAKSTUDENTE

In the Faculty, one of two models applies, as explained in the particular study guide or e-learning environment:

In die Fakulteit geld een van twee modelle, soos in die betrokke studiegids of e-leeromgewing uiteengesit:

Model 1: Attendance of scheduled contact sessions is compulsory. In the case of contact modules, students may normally be absent, for a valid reason, from at most one third of the classes scheduled for a module (unless other arrangements have been made with regard to a particular module). In all cases of absence, students must submit a written valid reason for their absence, either before the commencement of the class or as soon as possible thereafter, to the director of the relevant School.

Model 1: Bywoning van geskeduleerde kontakgeleenthede is verpligtend. Ten opsigte van kontakmodules mag studente in die reël van hoogstens een-derde van die klasbyeenkomste wat vir 'n module geskeduleer is, met geldige verskonings afwesig wees (tensy anders gereël met betrekking tot `n bepaalde module). In alle gevalle van afwesigheid moet die student óf vóór die afwesigheid óf so spoedig moontlik daarná `n geldige rede vir afwesigheid skriftelik aan die betrokke Skooldirekteur voorlê.

Model 2: In certain modules, as explained in the particular study guide or e-learning environment, class attendance does not in itself count as an admission requirement. In such modules, the work of students (contact and distance learning) for each seminar is assessed in terms of the assignment documents, which have to be submitted via eFundi within a prearranged time scheduled for each seminar. The study guide of each module explains the practical application of this principle.

Model 2: In bepaalde modules, soos in die betrokke studiegids of eleeromgewing uiteengesit, geld klasbywoning op sigself nie as toelatingsvereiste nie. In hierdie modules word die student (kontak- en oop afstandsleer) ten opsigte van die werk vir elke seminaar geassesseer op grond van die opdragte-dokument wat via eFundi op 'n vooraf bepaalde tyd ingehandig moet word. Elke module-studiegids vermeld die praktiese toepassing van hierdie beginsel.

A participation mark for admission to the examination is issued only when students have fulfilled the above-mentioned requirements for contact session attendance. Exemption from class attendance is regulated by the General Academic Rules (see A.1.12).

`n Deelnamepunt met die oog op eksamentoelating word alleenlik uitgereik wanneer aan bogenoemde vereistes ten opsigte van klasbywoning voldoen is.

Vrystelling van klasbywoning word deur die Algemene Akademiese Reëls (sien A.1.12) bepaal.

Up to 50% of the modules of any contact programme must be presented by the module owner (thus discipline expert) irrespective of the campus where the module owner works. The basic principle that does apply, is that the student who is registered on a campus, will receive all his/her classes on the campus, but that up to 50% of those classes may be presented via technology-mediated processes with a facilitator in the classroom where the student is to ensure lively discussion and interactive learning elements for contact classes for Theology.

Tot 50% van die modules van enige kontakprogram moet deur die module-eienaar (dus vakkundige) aangebied word, ongeag die kampus waar die module-eienaar werk. Die basiese beginsel wat wel van toepassing is, is dat die student wat op 'n kampus geregistreer is, al sy/haar klasse op die kampus sal ontvang, maar dat tot 50% van die klasse aangebied kan word via tegnologie-bemiddelde prosesse met 'n fasiliteerder in die klaskamer waar die student lewendige besprekings en interaktiewe leerelemente vir kontakklasse vir Teologie moet verseker.

THE.1.3.8 ASSESSMENT
ASSESSERING

THE.1.3.8.1 Continuous Assessment
Deurlopende assessering

The assessment criteria, grading and scoring tools are set out in the study guide/module overview document (MOD).

Die assesseringskriteria, gradering en telkaarte is uiteengesit in die studiegids/module-oorsig-dokument (MOD).

THE.1.3.8.1.1 Module Mark
Modulepunt

The continuous assessment module mark is calculated according to the criteria applicable to the continuous assessment portfolio as set out in the study guide/module overview document (MOD). A student must COMPLETE the portfolio in order for the portfolio to be assessed. Thereupon, a mark of 50% for the completed portfolio is needed to pass the module. A portfolio is regarded COMPLETE only if ALL the required formative and summative assignments are submitted for assessment.

Die modulepunt word bereken volgens die kriteria uiteengesit vir 'n deurlopende assesserings-portefeulje. Die kriteria is beskryf in die studiegids/ module-oorsigdokument (MOD). 'n Student moet die portefeulje VOLTOOI alvorens dit geassesseer sal word. 'n Gemiddelde punt van 50% vir die voltooide portefeulje is nodig om die module te slaag. 'n Portefeulje word slegs as VOLLEDIG beskou as AL die vereiste formatiewe en summatiewe werkopdragte vir assessering ingedien word.

THE.1.3.9 EXAMINATION (see A.1.13) (if applicable)
EKSAMINERING (sien A.1.13) (indien van toepassing)

THE.1.3.9.1 Calculation of Participation Mark
Samestelling van die deelnamepunt

The participation mark for a module is compiled from class attendance, evaluations of participation in seminars, tests, assignments and practical work, as specified in the study guide or e-learning environment of the module.

Die deelnamepunt vir 'n module word saamgestel uit klasbywoning, evaluering van seminaardeelname, toetse, werkstukke en praktiese werk, soos in die betrokke studiegids of e-leeromgewing gespesifiseer.

THE.1.3.9.2 Admission to the Examination (see A.1.13.2)
Toelating tot die eksamen (sien A.1.13.2)

Entrance to the examination in any module is gained by obtaining a participation mark after all the requirements of the specific module have been met.

Toelating tot die eksamen in enige module geskied deur die verwerwing van 'n deelnamebewys nadat aan die vereistes van die betrokke module voldoen is.

THE.1.3.9.3 Participation Mark
Deelnamebewys en deelnamepunt

A participation mark, which grants the holder entrance to the examination in a module, will only be issued after a learner has met the requirements as set out in the specific module to the satisfaction of the director of the school, who acts in consultation with the subject chairperson. The calculation of the participation mark is explained in the study guide or e-learning environment of the module.

'n Deelnamepunt, wat toelating tot die eksamen in 'n module verleen, sal slegs uitgereik word nadat 'n student tot die bevrediging van die Skooldirekteur, in oorleg met die betrokke vakgroepvoorsitter, voldoen het aan die vereistes daarvoor, wat in die studiegids vir die betrokke module uiteengesit is. Die wyse waarop die deelnamepunt bereken word, word in die studiegids of e-leeromgewing vir die betrokke module uiteengesit.

THE.1.3.9.4 Module Mark
Modulepunt

The module mark is calculated according to the ratio between the participation mark and the examination mark, as indicated above.

Die modulepunt word bereken in die verhouding tussen die deelnamepunt en die eksamenpunt soos hierbo aangedui.

THE.1.3.9.5 Remark of examination papers
Hermerk van eksamenantwoordstelle

Regarding the remark of examination answer papers, a minimum examination mark of 40% and a minimum module mark of 45% would be a requirement. An administration fee would be charged. (Administration fee for 2023: R250,00.) Only applications on the prescribe Faculty form, and received on time, will be considered.

Om in aanmerking te kom vir die hernasien van eksamenantwoordstelle, word 'n minimum eksamenpunt van 40% en 'n minimum modulepunt van 45% vereiste. 'n Administrasiefooi sal ook gehef word. (Administrasiefooi vir 2023: R250,00.) Slegs aansoeke op die voorgeskrewe Fakulteitsvorm, wat betyds ontvang word, sal oorweeg word.

THE.1.3.9.6 Pass Requirements of the Programme
Slaagvereistes van die program

The subminimum for the participation mark and the examination mark, as well as the ratio between the participation mark and the examination mark for all modules, is indicated elsewhere in this Yearbook. The required pass mark for a module is 50%. A curriculum is successfully completed when a student has passed all its individual components (see A.1.13.3).

Die subminimum vir alle modules se deelnamepunt en eksamenpunt asook die deelnamepunt-eksamenpunt-verhouding word elders in die jaarboek aangedui. Die slaagvereiste vir 'n module is 50%. 'n Program word geslaag deur al die modules waaruit die program saamgestel is, afsonderlik te slaag (sien A.1.13.3).

THE.1.3.9.7 Pass with Distinction (see A.1.13.3.6 and A.2.6.2)
Slaag met onderskeiding (sien A.1.13.3.6 en A.2.6.2)

A full-time student enrolled in a contact programme must complete the programme within the minimum time specified in the faculty rules in order to qualify for the award of the qualification with distinction, except if failure to comply with the minimum time requirements is due to the interruption of the study on medical grounds, in which case the executive dean concerned may approve the award of the degree with distinction.

'n Voltydse student wat vir 'n kontakprogram ingeskryf is, moet die program binne die minimum tydperk wat in die fakulteitsreëls gespesifiseer word, voltooi om in aanmerking te kom om die kwalifikasie met onderskeiding te slaag. Indien die tydperk oorskry word agv mediese redes, kan die betrokke uitvoerende dekaan die toekenning van die graad met lof, goedkeur.

A part-time student or a student enrolled in a distance programme must complete the programme within the maximum time specified in the faculty rules in order to qualify for the award of the qualification with distinction.

'n Deeltydse student of 'n student wat dmv afstandsonderrig studeer, moet die program binne die maksimum tydperk wat in die fakulteitsreëls gespesifiseer word, voltooi om in aanmerking te kom om die kwalifikasie met onderskeiding te slaag.

THE.1.3.9.8 Repetition of Modules
Herhaling van modules

Contact students can sit maximum twice for examination in any module within twelve months following the initial date of registration for that module. The second exam opportunity for contact students is immediately after the first opportunity. Distance students also have two exam opportunities for a module, but the second opportunity is six months after the first exam opportunity. After failing the maximum number of examination opportunities students will have to register anew for that module.

Kontakstudente kan die eksamen in enige module tot twee keer aflê binne twaalf maande wat volg op die datum van eerste registrasie vir die betrokke module. Die tweede eksamengeleentheid vir kontakstudente vind direk na afloop van die eerste eksamengeleentheid plaas. Afstandstudente het ook twee eksamengeleenthede vir 'n module, maar die tweede geleentheid vind eers ses maande na afloop van die eerste eksamengeleentheid plaas. Indien studente nie suksesvol is na twee eksamengeleenthede nie, moet hulle weer vir die betrokke module registreer en 'n deelnamepunt verwerf.

2 Medestudente help met die assessering (formatief en summatief) of hulp van medestudente ontvang met betrekking tot wegneem assessering waar samewerking deur die betrokke assesseringsprosedures verbied is.

3 Die skryf van enige assessering namens 'n ander student of 'n versoek aan 'n medestudent om 'n assessering namens jouself af te lê.

***NB:** Plagiaat word beskou as 'n ernstige akademiese oortreding wat tot dissiplinêre optrede kan lei.*

Beleid oor die NWU-studentedissipline

Afdeling 3.1.2: Wangedrag kan deur die NWU se tugverhoorkomitee oorweeg word in gevalle waar die akademiese gedrag van 'n student op oneerlikheid neerkom, soos in die beleid oor akademiese integriteit beskryf word;

Alle bewerings van plagiaat moet ondersoek word volgens die voorgeskrewe ondersoekprosedures soos deur die Senaat goedgekeur is.

Onttrekking van 'n kwalifikasie

Die NWU-Raad kan, ingevolge die NWU Akademiese Reëls (Afdeling 1.20), 'n kwalifikasie terugtrek indien die ontvanger van die kwalifikasie skuldig bevind word aan 'n klag van ernstige akademiese wangedrag.

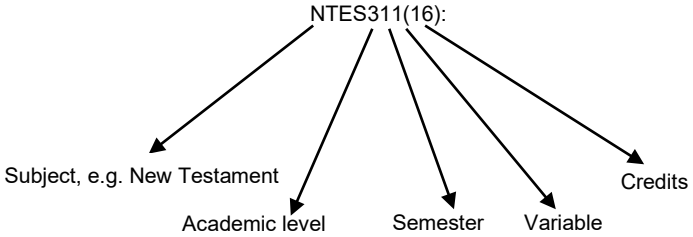
THE.1.3.11 CAPACITY STIPULATION
KAPASITEITSBEPALINGS

Please take cognizance of the fact that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements may not necessarily be admitted to the relevant programmes.

Neem asseblief kennis dat die Universiteit as gevolg van spesifieke kapasiteitsbepalings hom die reg voorbehou om kandidate vir toelating tot bepaalde studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke program toegelaat sal word nie.

THE.1.3.12 MODULES AND CREDITS
MODULES EN KREDIETE

Each qualification programme consists of a number of modules, with credit values of 4 or multiples of 4. One credit represents an equivalent of 10 study hours. Each Module Code consists of a four-letter subject abbreviation, followed by three digits, and then one set of digits in parentheses, e.g.



Also, consult the General Academic Rules.

Elke kwalifikasieprogram bestaan uit 'n aantal modules, met kredietwaardes van 4 of veelvoude van 4. Een krediet verteenwoordig 10 gemiddelde studie-ure. Elke modulekode bestaan uit 'n vierletter vakafkorting, gevolg deur 3 syfers, en dan 1 stel syfers tussen hakies, bv:

THE.1.3.14 RECOGNITION OF PRIOR LEARNING
ERKENNING VAN VORIGE LEER

As stated in the General Academic Rules (see A.1.6): / *Soos vermeld in die Algemene Akademiese Reëls (sien A.1.6):*

An executive dean may, by means of the recognition of prior learning (RPL) in accordance with the university's Recognition of Prior Learning Policy, grant a student who does not meet the minimum admission requirements admission to a programme of a qualification, or grant advanced standing to a student by exempting the student from the recognised modules required for the completion of a particular programme.

'n Uitvoerende Dekaan mag, dmv die erkenning van vorige leer (EVL) in ooreenstemming met die universiteit se Erkenning van Vorige Leer-beleid, die volgende vergunning maak aan 'n student wat nie oor die minimum toelatings-vereistes beskik nie - óf toelating tot 'n program van 'n kwalifikasie, óf gevorderde status aan 'n student, deur hom vry te stel van die erkende modules wat vereis word vir die voltooiing van 'n spesifieke program.

Only proven informal or non-formal learning may be taken into consideration by means of RPL, the process of equivalence-setting between such learning and formal modules must be documented, and its outcome must be recorded on the official student record.

Slegs bewese informele of nie-formele leer mag in aggeneem word tov die EVL, die proses van gelykheidstelling tussen sodanige leer/studie en formele modules moet gedokumenteer word, en die uitslag daarvan moet aangeteken word op die student se amptelike studenterekord.

Where a student was granted exemption for one or more modules as a consequence of RPL, the remaining HEMIS credits required for the qualification must be obtained by completing the relevant programme.

Waar 'n student vryskelding toegestaan is vir een of meer modules as 'n gevolg van EVL, moet die oorblywende HEMIS-krediete vereis vir daardie kwalifikasie, verkry word deur die relevante program te voltooi.

The maximum portion of a qualification from which a student may be exempted by means of RPL is fifty percent of the credits of the full qualification programme.

Die maksimum gedeelte van 'n kwalifikasie waarvan 'n student vrygeskeld mag word dmv EVL is vyftig persent van die krediete van die volledige kwalifikasie programme.

THE.1.3.15 ACADEMIC LITERACY
AKADEMIESE GELETTERDHEID

All undergraduate students who register at the North-West University for the first time are required to register for a module / modules in academic literacy. They have to pass this module / these modules before they can graduate.

Alle voorgraadse studente wat vir die eerste keer aan die Noordwes Universiteit registreer, is verplig om vir 'n module / modules in akademiese geletterdheid te registreer. Hulle moet dit slaag, alvorens hulle kan gradueer.

a) Testing / *Toetsing*

Students have to write a compulsory proficiency test in academic literacy, at a time and place determined by the University, to determine their ability to function within the academic environment. The purpose of this test is to identify students who, due to inadequate academic literacy skills, may not complete their study programme within the stipulated period in order to empower them with the necessary knowledge and skills.

Studente moet 'n verpligte vaardigheidstoets in akademiese geletterdheid skryf op 'n gegewe tyd en plek, soos deur die Universiteit bepaal. Die doel van die toets is om studente te identifiseer wat, a.g.v. onvoldoende vaardighede in akademiese geletterdheid die risiko loop om hulle studieprogram nie suksesvol te voltooi binne die toegelate tydperk nie, sodat hulle met die nodige kennis en vaardighede bemagtig kan word.

Students have the option of writing the compulsory skills test in either English or Afrikaans. With the exception of students who are identified as borderline cases by the test, each student has only one opportunity to write the test. Students who are regarded as borderline cases, will be granted a second opportunity to write the test. It is the student's responsibility to check and verify his/her result within 14 days of writing the test and to register for the correct module in the correct semester (see below).

Studente besluit self of hulle die verpligte vaardigheidstoets in Afrikaans of in Engels wil aflê. Met die uitsondering van studente wat deur die toets as grensgevalle uitgewys word, kry elke student slegs een geleentheid om die toets af te lê. Studente wat as grensgevalle beskou word, kry 'n tweede geleentheid. Dit is die student se verantwoordelikheid om hom-/haarself binne 14 dae na aflegging van die toets van sy/haar uitslag te vergewis en vir die korrekte module in die korrekte semester te registreer (sien hieronder).

b) Module(s) / *Module(s)*

Academic Literacy Development (ALDE111) / *Ontwikkeling van Akademiese Geletterdheid (ALDA111)*

Students who are identified as at-risk by the test, must register for the module ALDE111 [English] or ALDA111 [Afrikaans], depending on the language in which the compulsory test was written.

Studente wat deur die toets as risikogevalle geïdentifiseer word, moet vir die module ALDA111 [Afrikaans] óf ALDE111 [Engels] registreer, afhangende van die taal waarin hulle die verpligte vaardigheidstoets afgelê het.

Erkenning word slegs toegestaan in gevalle waar die modules op dieselfde NKR-vlak is (NKR5), die kredietwaarde minstens dieselfde is (12) en die inhoude vergelykbaar is.

iv. Language and mode of delivery / *Taal en modus van aanbieding*

ALDE111 is presented in English and ALDA111 in Afrikaans. The module is presented in both contact and distance learning mode. Note that only students who are formally registered for distance learning may follow the module in this mode. Moreover, distance learning is presented in English only.

ALDA111 word in Afrikaans aangebied en ALDE111 in Engels. Die module word in beide kontak- en afstandsmodusse aangebied, maar let daarop dat slegs studente wat formeel vir afstandsonderrig geregistreer is, dit in die afstandsmodus mag volg. Afstandsmodules word verder slegs in Engels aangebied.

Hierdie module is op NKR-vlak 5 en het 'n waarde van 12 krediete. Let daarop dat dit wel vir kredietdoeleindes van die kurrikulum in

berekening gebring word. Krediete hiermee verdien, dra dus 'n gewig van 12 krediete in die eerstejaarskurrikulum.

ii. Composition of module and calculation of module marks / *Samestelling van module en punteberekening*

For admission to the module ALDE122 / ALDA122, a student required to take ALDE111 / ALDA111, must first pass this module. In all other cases students have immediate access to ALDE122 [Semester 2] / ALDA122 [Semester 2].

Akademiese Geletterdheid behels twee lesings per week en klasbywoning is verpligtend. Rekenaar- en Inligtingsvaardighede word op outonome wyse bemeester, maar daar is ook verskeie geleenthede vir kontaksessies tot studente se beskikking indien hul daarvan gebruik wil maak. Altwee die komponente moet geslaag word om die module te kan slaag.

A system of continuous assessment is followed. The final module mark is calculated as follows: Exam mark = 40% and Participation mark = 60%. For admission to the exam in ALDE122 / ALDA122, a participation mark of 40% is required.

'n Stelsel van deurlopende assessering word gebruik. Die finale modulepunt word soos volg bereken: Eksamenpunt = 40% en Deelnamepunt = 60%. Vir toelating tot die eksamen in ALDA122 / ALDE122 word 'n deelnamepunt van 40% vereis.

The exam consists of two papers, viz. Academic Literacy and Computer and Information Literacy. The subminimum required to pass the Academic Literacy component, is 40%. The subminimum required to pass the Computer and Information Literacy component, is 50%. These components are dealt with in a ratio of 80:20 when calculating the final

mark (80% for the academic literacy and 20% for the computer and information literacy component).

Die eksamen bestaan uit twee vraestelle, naamlik Akademiese Geletterdheid en Rekenaar- en Inligtingsvaardighede. Die subminimum wat vir eersgenoemde komponent behaal moet word om die module te kan slaag, is 40%. Die subminimum wat vir laasgenoemde komponent behaal moet word om die module te kan slaag, is 50%. Hierdie twee komponente word in 'n 80:20-verhouding hanteer vir die berekening van die finale punt – 80% vir die eerste komponent (Akademiese Geletterdheid) en 20% vir die tweede komponent (Rekenaar- en Inligtingsvaardighede).

iii. Important additional information / *Belangrike addisionele inligting*

THE.1.3.17 EVALUATION
EVALUERING

In the BA, BDiv, BTh, Honours, MDiv, MTh, MA and PhD programmes (excluding the mini dissertations, dissertations and theses) a system of continuous evaluation is consistently employed in which the following

assessment methods are used: self-evaluation exercises, written and oral tests and examinations, essays, assignments, oral presentations, class discussions and critical evaluations of books and articles.

In die BA, BDiv, BTh-, Honneurs-, MDiv-, MTh-, MA- en PhD-programme (uitgesonderd skripsies, verhandelinge en proefskrifte) word 'n stelsel van deurlopende evaluering konsekwent gehandhaaf, waarin gebruik gemaak word van byvoorbeeld die volgende assesseringsmetodes: selfevalueringsoefeninge, geskrewe en mondelinge toetse en eksamens, opstelle, werkstukke, mondelinge voordragte, klasbesprekings en kritiese bespreking van boeke en artikels.

Formative and summative evaluation are integrated in this process. For every examination, internal examiners and moderators are appointed by the Faculty Board of the Faculty of Theology. The evaluation method for each separate module is explained in the study guide or e-learning environment of the specific module.

In hierdie proses word formatiewe en summatiewe evaluering geïntegreer. Vir elke eksamen word interne eksaminatore en interne moderatore deur die Fakulteitsraad van die Fakulteit Teologie benoem. Elke afsonderlike module se evalueringsmetode word in die studiegids of e-leeromgewing van die betrokke module verduidelik.

Students who wish to view their marked examinations scripts have to lodge a formal request in this regard as regulated by the General Academic Rules (see A.1.13.7) after examination marks were published. This request is made on the relevant form and submitted to the Faculty Administrator who, in consultation with the lecturer, will arrange for the script to be viewed.

Studente wat verlang om hulle gemerkte eksamenskrifte te sien, moet 'n formele versoek daarvoor indien soos gereguleer deur die Algemene Akademiese Reëls (sien A.1.13.7) nadat eksamenpunte gepubliseer is. Hierdie versoek word op die voorgeskrewe vorm gedoen en ingedien by die Fakulteitsadministrateur, wat in oorleg met die betrokke dosent sal reël dat die antwoordskrif besigtig word.

In the BDiv, Hons, MDiv, MA, MTh and PhD qualifications, students have to complete a research proposal, mini dissertation, dissertation or thesis. This will be examined in accordance with General Academic Rules (see A.4.11 and A.5.11) by at least one internal examiner and one external examiner for the Masters, and at least one internal and two externals for the PhD, appointed by Senate.

In die BDiv-, Hons-, MDiv-, MTh-, MA- en PhD-kwalifikasies moet die student ook onderskeidelik 'n navorsingsvoorstel, skripsie, verhandeling of proefskrif skryf. Die skripsie en verhandeling word in ooreenstemming met die Algemene Akademiese Reëls (sien A.4.11 en A.5.11) deur minstens een interne eksaminator en een eksterne eksaminator vir die Meestersgraad geëksamineer, en die proefskrif deur ten minste een interne en ten minste twee eksterne eksaminatore, in alle gevalle deur die Senaat van die Universiteit benoem.

Every six months, the supervisor or promoter of a postgraduate student must submit a report on the progress made by a student on the research component of the programme concerned to the Manager Higher Degrees with cognizance of the relevant Research Director, and if such progress proves to be unsatisfactory, the student must be given a written warning by the Executive Dean concerned.

Die studieleier of promotor van 'n nagraadse student moet elke ses maande 'n vorderingsverslag oor die student aan die Bestuurder Hoërgrade met kennisname van die spesifieke Navorsingsdirekteur indien oor die navorsingskomponent van die betrokke program. Indien sulke vordering nie na wense is nie moet 'n geskrewe waarskuwing aan die student uitgereik word deur die betrokke Uitvoerende Dekaan.

THE.1.3.18 MODERATION
MODERERING

Moderation of examination results in the Faculty of Theology is regulated by General Academic Rules (see A.2.5.1, A.3.5.1, A.4.11.2 and A.5.11.2) for the different qualifications offered in the faculty.

Moderering van eksamenuitslae in die Fakulteit Teologie word gereguleer volgens die Algemene Akademiese Reëls (sien A.2.5.1, A.3.5.1, A.4.11.2 en A.5.11.2) vir die verskillende kwalifikasies wat by die fakulteit beskikbaar is.

THE.1.3.18.1 EXTERNAL MODERATION
EKSTERNE MODERERING

Only exam results would be subjected to external moderation. Examination papers and memorandums (including documents like mini dissertations where applicable), and a maximum of 5 examination scripts of all exit level modules are externally moderated every three years as indicated on a schedule proposed by the School Directors and approved by the Executive Dean annually.

Slegs eksamenuitslae is onderworpe aan eksterne moderering. Eksamenvraestelle en memorandums (insluitend dokumente soos skripsies waar van toepassing) en 'n maksimum van 5 antwoordstelle van alle uittreevlakmodules word elke drie jaar eksterne gemodereer, soos aangedui op 'n skedule wat deur die Skooldirekteure voorgestel word, en jaarliks deur die Uitvoerdende Dekaan goedgekeur word.

THE.1.3.19 PASS REQUIREMENTS OF A CURRICULUM
SLAAG VAN 'N KURRIKULUM

A curriculum is successfully completed when each individual module has been passed (see A.2.6.1).

'n Kurrikulum word geslaag deur al die modules waaruit 'n kurrikulum saamgestel is, afsonderlik te slaag (sien A.2.6.1).

THE.1.3.20 TERMINATION OF STUDIES
TERMINERING VAN STUDIE

A student whose studies in the past have been terminated may apply for admission to another study programme, but must in the course of the application mention the termination.

'n Student wie se studies getermineer is mag weer aansoek doen vir toelating tot 'n ander kwalifikasie. Melding moet egter in die aansoek gemaak word dat sy/haar studies in die verlede getermineer is.

THE.1.3.21 DISTANCE LEARNING
AFSTANDSLEER

Distance learning is an approach which combines the principles of learner-centeredness, lifelong learning, flexibility provision, the removal of barriers to learning, accessibility to learning, the recognition of prior learning, the provision

of learner support, the construction of learning programmes in the expectation that learners can succeed, online learning and the maintenance of rigorous quality assurance.

Afstandsleer is 'n benadering wat die beginsels van leerdergesentreerdheid, lewenslange leer, buigbare voorsiening, die verwydering van struikelblokke wat leer verhoed, leertoeganklikheid, die erkenning van vorige leer, die voorsiening van ondersteuning aan leerders, die saamstel van leerprogramme met die verwagting dat leerders suksesvol kan wees, aanlynleer en die instandhouding van streng gehalteversekering, kombineer.

The Unit for Distance Learning presents several distance programmes on behalf of the faculties at a number of Learning Support Centers in Southern Africa. Distance learning programmes are offered on the following principles:

1. Students can apply any time of the year, but register for the two semesters before certain due dates.
2. Each programme has a minimum and maximum duration and the programme must be completed within this time frame.
3. A pre-requisite requirement for distance students in Theology is that they have access to a computer and good internet. All the modules are developed as online modules and a student works through the module according to the schedule provided by the lecturer.
4. Students are supported by means of a Call Centre, contact with lecturers and facilitators on eFundi or email.
5. Students do not have a second examination opportunity directly after the first opportunity. If they fail the first opportunity (e.g. June), they write the failed module during the next examination opportunity (e.g. November). It is important that a module is completed within one academic year. A valid participation mark will give the student access to two examination opportunities, where after a student must generate a new participation mark by re-registering for the module.
6. Students write their examinations (if applicable) at several examination centres nationally.

Die Eenheid vir Afstandsleer bied verskeie afstandsprogramme aan namens fakulteite by 'n aantal afstandsleersentrums in Suidelike Afrika. Afstandsleer-programme word aangebied met die volgende beginsels in gedagte:

1. *Studente kan enige tyd van die jaar aansoek doen, maar registreer vir die twee semester voor sekere spertye.*
2. *Elke program het 'n minimum en maksimum duur en die program moet binne hierdie tyd afgehandel word.*
3. *'n Voorvereiste vir afstandstudente in Teologie is dat hulle toegang moet hê tot 'n rekenaar en goeie internet. Al die modules word as interaktiewe aanlynmodules ontwikkel en 'n student werk deur die module volgens die skedule wat deur die dosent verskaf word.*
4. *Studente word dmv van 'n Inbelsentrum en kontak met dosente en fasiliteerders op eFundi en eposse ondersteun.*
5. *Studente se tweede eksamengeleentheid is nie direk na die eerste geleentheid nie. Indien hulle onsuksesvol was in die eksamen (bv. Junie), skryf hulle die module tydens 'n volgende eksamengeleentheid (bv. November). Dit is belangrik dat 'n module in een akademiese jaar voltooi*

moet word. 'n Geldige deelnamepunt gee 'n student toegang tot twee eksamengeleenthede. Indien 'n student na 'n tweede eksamengeleentheid nog steeds nie geslaag het nie, moet hy/sy weer registreer vir die module, weer 'n deelnamepunt verwerf en weer eksamen skryf.

6. *Studente skryf hul eksamens (indien van toepassing) by verskeie eksamensentrums nasionaal.*

Take note of the following:

1. ENLS112 and ENLS121 are only offered on first year level – there will not be an opportunity to proceed with ENLS on subsequent levels.
2. Prospective PGCE students selecting a language (AFLL/ENLL/SSLL/SETM) instead of one of the social sciences (GEOG/HIST) as 2nd school subject, are advised to also include the third year language modules as additional modules, to meet the admission requirements set by some universities for the PGCE.
3. In order to **apply** for the PGCE in the field of Life Orientation, students must have a third year average of at least 65% in Psychology.
4. In order to **apply** for a Hons degree in Psychology, students need to have an overall average of at least 65% in ALL Psychology modules.
5. In order to **apply** for a Hons degree in Theology, students need to have an average of at least 65% in the third year modules of BYBV.

6. The recommendation in the third year to *consider additional modules,* is due to the following:
    - At most universities, students who plan to teach languages after completion of a PGCE, need to study a language up to third year level.
    - Students who plan to apply for post graduate studies in Psychology, may consider to already complete STTN.
    - Students who take HIST or GEOG up to third year level, may create better career possibilities in Education (although not required for the PGCE).

Neem kennis van die volgende:

1. *ENLS112 en ENLS121 word net op eerstejaarsvlak aangebied – dit is nie moontlik om voort te gaan met ENLS op hoër vlakke nie.*
2. *Voornemende NGOS-studente wat 'n taal (AFLL/ENLL/SSLL/SETM) in plaas van een van die sosiale wetenskappe (GEOG/HIST) as 2de skoolvak kies, word, aanbeveel om die taalmodules tot op derdejaarsvlak as addisionele modules in te sluit, om te voldoen aan die toelatingsvereistes wat by sommige universiteite vir die NGOS gestel word.*
3. *Om te kan **aansoek** doen vir die NGOS in die veld van Lewensoriëntering, moet studente in hulle derdejaarmodules van PSYC 'n gemiddeld van ten minste 65% handhaaf.*
4. *Om te kan **aansoek** doen vir nagraadse studies in Sielkunde, moet studente 'n gemiddeld van ten minste 65% in AL die PSYC modules handhaaf.*
5. *Om te kan **aansoek** doen vir nagraadse studie in Teologie, moet student 'n gemiddeld van ten minste 65% handhaaf in die derdejaarmodules van BYBV.*
6. *Die aanbeveling in die derde jaar om addisionele modules te oorweeg, is om die volgende redes:*
    - *By die meeste universiteite moet studente wat beplan om tale te onderrig na afhandeling van die NGOS, die tale tot op derdejaarsvlak neem.*
    - *Studente wat beplan om aansoek te doen vir nagraadse studies in Sielkunde, moet oorweeg om STTN te voltooi.*
    - *Studente wat HIST of GEOG tot op derdejaarsvlak neem, mag beter loopbaanmoontlikhede in Onderwys skep (alhoewel dit nie 'n vereiste is vir die NGOS nie).*

Take note of the following:

1. ENLS112 and ENLS121 are only offered on first year level – there will not be an opportunity to proceed with ENLS on subsequent levels.
2. Prospective PGCE students selecting a language (AFLL/ENLL/SSLL/SETM) instead of one of the social sciences (GEOG/HIST) as 2nd school subject, are advised to also include the third year language modules as additional modules, to meet the admission requirements set by some universities for the PGCE.
3. In order to **apply** for the PGCE in the field of Life Orientation, students must have a third year average of at least 65% in Psychology.

4. In order to **apply** for a Hons degree in Psychology, students need to have an overall average of at least 65% in ALL Psychology modules.
5. In order to **apply** for a Hons degree in Theology, students need to have an average of at least 65% in the third year modules of BYBV.
6. The recommendation in the third year to *consider additional modules,* is due to the following:
    - At most universities, students who plan to teach languages after completion of a PGCE, need to study a language up to third year level.
    - Students who plan to apply for post graduate studies in Psychology, may consider to already complete STTN.
    - Students who take HIST or GEOG up to third year level, may create better career possibilities in Education (although not required for the PGCE).

Neem kennis van die volgende:

1. *ENLS112 en ENLS121 word net op eerstejaarsvlak aangebied – dit is nie moontlik om voort te gaan met ENLS op hoër vlakke nie.*
2. *Voornemende NGOS-studente wat 'n taal (AFLL/ENLL/SSLL/SETM) in plaas van een van die sosiale wetenskappe (GEOG/HIST) as 2de skoolvak kies, word, aanbeveel om die taalmodules tot op derdejaarsvlak as addisionele modules in te sluit, om te voldoen aan die toelatingsvereistes wat by sommige universiteite vir die NGOS gestel word.*
3. *Om te kan **aansoek** doen vir die NGOS in die veld van Lewensoriëntering, moet studente in hulle derdejaarmodules van PSYC 'n gemiddeld van ten minste 65% handhaaf.*
4. *Om te kan **aansoek** doen vir nagraadse studies in Sielkunde, moet studente 'n gemiddeld van ten minste 65% in AL die PSYC modules handhaaf.*
5. *Om te kan **aansoek** doen vir nagraadse studie in Teologie, moet student 'n gemiddeld van ten minste 65% handhaaf in die derdejaarmodules van BYBV.*
6. *Die aanbeveling in die derde jaar om addisionele modules te oorweeg, is om die volgende redes:*
    - *By die meeste universiteite moet studente wat beplan om tale te onderrig na afhandeling van die NGOS, die tale tot op derdejaarsvlak neem.*
    - *Studente wat beplan om aansoek te doen vir nagraadse studies in Sielkunde, moet oorweeg om STTN te voltooi.*
    - *Studente wat HIST of GEOG tot op derdejaarsvlak neem, mag beter loopbaanmoontlikhede in Onderwys skep (alhoewel dit nie 'n vereiste is vir die NGOS nie).*

THE.1.7.6 Admission requirements for the qualification
Toelatingsvereistes vir die kwalifikasie

According to the Academic Rules of the University the admission requirements for all formal academic qualifications offered by the University are set out in the Admission Policy as approved by Senate and Council.

Volgens die Akademiese Reëls van die Universiteit word die toelatingsvereistes vir alle formele kwalifikasies wat by die Universiteit aangebied word, uiteengesit in die Toelatingsbeleid soos goedgekeur deur die Senaat en die Raad van die Universiteit.

This means that all school-end certificates have to be endorsed to indicate that the minimum statutory requirements for obtaining admission to B-degree studies at a university in the RSA have been met. The Faculty nevertheless reserves the right to apply further screening, the results of which will be used to consider the applications of candidates for admission.

Dit beteken dat alle skooleindesertifikate ge-endosseer moet word om aan te dui dat die minimum wetsvereistes nagekom is om toelating tot B-graad studies by 'n Universiteit te verkry. Die Fakulteit behou egter die reg om verdere sifting toe te pas welke resultate gebruik sal word om aansoeke vir toelating van kandidate te oorweeg.

THE.1.8.2 Duration of Study
Duur van studie

The minimum duration of the study period for this qualification is three years. The maximum period is five years full time, and six years for distance studies, provided that students may apply for an extension of the period in accordance with General Academic Rules (see A.1.14 & A.1.17).

Die minimum duur van die studietydperk vir hierdie kwalifikasie is drie jaar. Die maksimum termyn is vyf jaar voltyds of ses jaar vir afstandstudie, met dien verstande dat aansoek gedoen kan word om die tydperk te verleng in ooreenstemming met die Algemene Akademiese Reëls (sien A.1.14 & A.1.17).

THE.1.8.3 Admission requirements for the qualification
Toelatingsvereistes vir die kwalifikasie

According to the General Academic Rules (see A.1.5) the admission requirements for all formal academic qualifications offered by the University are set out in the Admission Policy as approved by Senate and Council.

Ooreenkomstig die Algemene Akademiese Reëls (sien A.1.5) van die Universiteit is die toelatingsvereistes vir alle formele akademiese kwalifikasies wat deur die Universiteit aangebied word, uiteengesit in die Toelatingsbeleid soos goedgekeur deur die Senaat en die Raad.

This means that all school-end certificates have to be endorsed to indicate that the minimum statutory requirements for obtaining admission to B-degree studies at a university in the RSA have been met. The Faculty nevertheless reserves the right to apply further screening, the results of which will be used to consider the applications of candidates for admission.

Dit beteken dat skooleindsertifikate geëndosseer moet wees dat daar voldoen is aan die minimum statutêre vereistes vir toelating tot B-graadstudie aan 'n Universiteit in die RSA. Die Fakulteit behou hom egter die reg voor om verdere keuring toe te pas, aan die hand van welke resultate oorweging aan kandidate se aansoeke verleen sal word.

THE.1.8.4 Articulation for further study
Artikulasie vir verdere studie

The BTh degree provides admission to BTh Honours (provided the final year of the BTh curriculum was completed with an average of at least 60%), or to BA Honours in Ancient Languages (provided the final year of the BTh curriculum was completed with an average of at least 60% and provided enough credits were obtained in the specified Ancient Language modules).

A student who achieved a B Degree with PHIL212 (Introduction to a Christian Philosophy) and PHIL222 (Introduction to History of Western Philosophy) may qualify for admission to the BPhil Honors (in Philosophy) and the MPhil (structured degree with a mini dissertation in philosophy). Further information can be obtained from the Director of the School of Philosophy.

PHIL212 (Introduction to Christian Philosophy) and PHIL222 (Introduction to History of Western Philosophy) can also be taken instead of the compulsory "Understand the World" modules.

Die BTh gee toelating tot BTh Honneurs (indien die BTh-kurrikulum met 'n gemiddeld van minstens 60% in die finale jaar voltooi is), óf tot BA Honneurs Antieke Tale (indien die BTh-kurrikulum met 'n gemiddeld van minstens 60% in die finale jaar voltooi is en mits voldoende krediete in die betrokke Antieke Taal-modules verwerf is).

'n Student wat 'n B-graad met PHIL212 (Inleiding in 'n Christelike Filosofie) en PHIL222 (Inleiding in die geskiedenis van die Westerse Filosofie) geslaag het, kan in aanmerking kom om te kwalifiseer vir die BPhil Honneurs (in Filosofie) en die MPhil (gestruktureerde graad met 'n mini-skripsie in Filosofie). Verdere inligting kan van die Direkteur van die Skool vir Filosofie verkry word.

PHIL212 (Inleiding in 'n Christelike Filosofie) en PHIL222 (Inleiding in die geskiedenis van die Westerse Filosofie) kan ook in die plek van die verpligte "Verstaan die Wêreld"-modules geneem word.

THE.1.12.3 Admission Requirements
Toelatingsvereistes

The admission requirements for all formal academic qualifications offered by the University are set out in the Admission Policy as approved by Senate and Council. In addition to these general requirements, the following apply:

a) Admission requirements: A qualification on NQF level 8 achieved with a minimum average of 65%, and a minimum mark of 65% in the methodology module in the preceding qualification must be achieved.

b) With due consideration of the exceptions which may be approved by Senate, the subjects to be studied for this degree are as follows:

- one of the subjects in which the student has obtained an Honours Bachelor degree or in which the status of such a Bachelor degree has been conferred on him/her; or
- the subject in which the student has completed a four-year degree or the status of such a degree has been conferred on him/her.

c) In order to gain admission to master's study, the subject group may, on the recommendation of the Director of the School, require additional work in Greek, Semitic Languages and theory of textual interpretation. Students are admitted provisionally to the relevant curriculum until they have fulfilled such possible requirements.

d) Together with the application form and other relevant documents, students must submit a preliminary “research motivation” of approximately 1 000 words. This document must identify the title of the proposed study and the research problem. It should also contain a brief background explaining why the particular topic is important. Source references should comply with the accepted NWU style (Harvard method). This document forms part of the criteria to determine which study leader will be most suitable for the particular research.

e) Admission to MA is handled by the Manager Higher Degrees, in consultation with the probable study leader. Selection is based on academic

results and previous assignments and/or research outputs, and the preliminary "research motivation" as mentioned above.

f) A module in research methodology may also be prescribed.

g) In addition to the general admission requirements of the University as set out in the Admission Policy, and the Faculty Specific Admission Requirements, an applicant who obtained any prior qualification(s) at an institution(s) not accredited in South Africa, must also include an SAQA certificate of such qualifications with his/her application.

h) Certificate of proof of English proficiency: Prospective students from non-English speaking countries must submit a certificate of English language proficiency, either the TOEFL score sheet or results of the University of Cambridge International English Language Testing System. b) Om toelating tot die studie op meestersvlak te verkry, kan die vakgroep op aanbeveling van die Bestuurder Hoërgrade saam met die spesifieke subprogramleier addisionele werk vereis. Totdat aan hierdie moontlike addisionele vereistes voldoen is, word studente slegs voorwaardelik tot die tersaaklike kurrikulum toegelaat.

c) Saam met die aansoekvorm en ander tersaaklike dokumente, moet 'n student 'n navorsingsmotivering van ongeveer 1 000 woorde indien. Hierdie dokument moet die onderwerp van die voorgenome studie en die navorsingsprobleem identifiseer. 'n Kort agtergrond moet gegee word wat verduidelik waarom die spesifieke onderwerp van belang is. Bronverwysings moet voldoen aan die aanvaarde NWU-styl (Harvard-metode). Hierdie dokument word o.a. gebruik as deel van die siftingskriteria en om te bepaal watter studieleier die mees geskikte is vir die beplande navorsing.
