BUSINESS SCHOOL

This programme, with an exclusive leadership focus, is unique in design and implementation.

It equips leaders to lead, think and behave differently in order to make a profound difference in their teams and in their organisations.

The content is science-based, the learning experience is intense and the leadership skill developed of practical value. It is a challenging, sophisticated and an extensive developmental experience at a full professional level in respect of leadership theory and practice.

It culminates in a presentation made to the senior management on a project based on systems thinking.

The programme is quality assured by NWU Business School.
