

Errata

After this yearbook had been finalised some of the names of the qualifications have been changed and other qualifications been registered with the SAQA Board in a revised form.

Qualifications which were changed, are the

- Post Graduate Diploma in Education (PGDE), now a *Masters Certificate in Education* (MCE)

Thus, where there is referred to the PGDE in this yearbook the reference must be changed to the MCE.

- Diploma in Education (DE), now a *Professional Diploma in Education* (PDE)

With the PDE to be introduced in 2003, the DE will still be offered in 2002.

- Post Graduate Certificate in Education, now a *Graduate Certificate in Education*

This change does not affect the contents of the qualification.
