FACULTY OF ECONOMIC AND  
MANAGEMENT SCIENCES  
POSTGRADUATE PROGRAMMES

**Potchefstroom Campus**

Address all correspondence to:

The Registrar  
North-West University  
Potchefstroom Campus  
Private Bag X6001  
Potchefstroom  
2520

Tel: (018)299-1111/2222

Fax: (018)299-2799

Internet: <http://www.nwu.ac.za>

PLEASE MENTION YOUR UNIVERSITY NUMBER IN ALL CORRESPONDENCE.

The General Academic Rules of the University, to which all students have to subject themselves and which apply to all the qualifications offered by the University, appear in a separate publication and are available on the web page at: [http://www.nwu.ac.za/jaarboek/index\\_e.html](http://www.nwu.ac.za/jaarboek/index_e.html).

**Please note:** Although the information in this Calendar has been compiled with the utmost care and accuracy, the Council and the Senate of the University accept no responsibility whatsoever for errors that may occur. Before students finally decide on the selection of modules, they must consult the class timetable. If a clash occurs in the planned selection of a student, the relevant module combination is not permitted.

## **E.6 GENERAL FACULTY RULES FOR THE DIFFERENT POST-GRADUATE QUALIFICATIONS IN THE FACULTY OF ECONOMIC AND MANAGEMENT SCIENCES**

### **E.6.1 AUTHORITY OF THE A-RULES**

The faculty rules applicable to the different programmes of the Faculty of Economic and Management Sciences and included in this calendar of the Faculty are subject to the general academic rules of North West University, as determined from time to time by the Council of North West University on the recommendation of the Senate, and therefore the faculty rules have to be read together with those general academic rules (hence referred to as general rule(s)).

The *General Academic Rules*, which is published in the WebPages of the University

<http://www.nwu.ac.za/governance&management/policy&rules/index.html>.

### **E.6.2 WARNING AGAINST PLAGIARISM**

Assignments are individual tasks and not group activities (unless explicitly indicated as group activities).

For further details see: <http://www.nwu.ac.za/governance&management/policy&rules/index.html>

### **E.6.3 CAPACITY STIPULATION**

Please take cognisance of the fact that, owing to specific capacity constraints, the University reserves the right to select candidates for placement in certain fields of study. This means that prospective students who comply with the minimum requirements may not necessarily be admitted to the relevant courses

### **E.6.4 SCHOOLS AND FOCUS AREAS IN THE FACULTY**

The Faculty of Economic and Management Sciences consists of five schools. A director manages each school. In every school there are different programmes, each with a programme leader. The schools are especially responsible for the teaching of undergraduate and post-graduate programmes. In the Faculty there is also an Institute for Tourism, Wildlife Economics and Leisure Studies.

The different schools, programmes and the institute are the following:

<b>SCHOOL</b>	<b>PROGRAMMES/INSTITUTE</b>
Potchefstroom Business School	MBA - Education Middle Management Programme Advanced Management Programme
School of Human Resource Sciences	Industrial Sociology Industrial Psychology
School of Economics	International Trade Risk Management Economics

School of Business Management	Marketing Entrepreneurship Tourism Management Business Ethics Institute for Tourism, Wildlife Economics and Leisure Studies
School of Accounting Sciences	Chartered Accountants Training Financial Accountants Training Management Accountant Training Forensic Accountant Training

Research in the Faculty is managed by the **director** of the **Research Unit (Workwell: Research Unit for People, Policy & Performance)**. From 2009 a new research unit is added, namely **Thinkwell: Economic value of wellness research**.

Research Unit	Programmes
WorkWell	Economic Competitiveness
Thinkwell	Work Wellness Life Wellness Consumer Wellness Organisational Wellness.

The directors of the research units is responsible for the management of the research component of the master's and Ph.D. education programmes. More information is available on the WebPages of the research unit (<http://www.workwell.ac.za>). Research is also conducted together with other research focus areas/units such as the Research Unit for Business Mathematics (BMI).

There is also an Institute, namely the **Institute of Tourism, Wildlife-economics and Leisure Studies**.

#### E.6.5 QUALIFICATIONS, PROGRAMMES AND CURRICULA

In the Faculty of Economic and Management Sciences different qualifications can be obtained at a post-graduate level; some of these only on a full-time basis and some both on a full-time and part-time basis. All of these degrees are presented in different programmes. Each programme consists of different curricula, of which everyone is compiled from relevant modules. Each module represents (the contents of) a subdivision of a "subject". Examples of "subjects" are Economics, International Trade, Risk Management, Labour Economics, Business Management, Tourism Management, Industrial Psychology, Industrial Sociology, Management Accounting, Financial Accounting and Forensic Accounting.

Information on the rules for the different qualifications, programmes and curricula are explained in this Calendar. For administrative purposes the different programmes/curricula are grouped under the different schools (in

which they are primarily presented) and each of these programmes/curricula is provided with a unique degree/qualification code.

A prospective student must first decide which qualification he or she wishes to obtain, after which the specific programme/curriculum is selected.

North West University is authorised to award the following degrees at a post-graduate level in the Faculty of Economic and Management Sciences:

## E.6.6 QUALIFICATIONS, PROGRAMMES AND CURRICULA

<b>Postgraduate degrees</b>				
<b>QUALIFICATION</b>	<b>PROGRAMME</b>	<b>Curriculum and code</b>	<b>Method of delivery</b>	<b>NQF level</b>
<b>SCHOOL OF ECONOMICS</b>				
Honours Baccalaureus Commercii (BCom(Hons))	Economics (no new enrollments in 2009)	504126: E640P	Full-time and Part-time	8

Philosophia Doctor (PhD)	Business Administration	509102: E901P	Full-time and Part-time	10

#### **E.6.7 MODULES AND CREDITS**

- a) A module has a code and a descriptive name, for example ABCP874. The meaning of the digital codes is explained in general rule A.1.38.
- b) Each of the modules carries a specific "weight", which is known as credits (general rule A.1.29).

## **E.7 RULES FOR THE DEGREE HONOURS BACCALAUREUS COMMERCII (B.COM.(HONS)) AND THE DEGREE HONOURS BACCALAUREUS ARTIUM (B.A.(HONS))**

(The latter refers to the B.A.(Hons) in either Industrial Psychological Counselling/Industrial Psychology, Human Resource Management, Labour Relations and Tourism.)

### **E.7.1 ADMISSION REQUIREMENTS**

A student must comply with rule A.12.1 when applying for admission to the B.Com.(Hons) or B.A.(Hons) degree (the latter in the case of studies in B.A.(Hons) Industrial Psychology, Industrial Sociology or Tourism). Apart from this requirement the student must already have obtained a B.Com./B.A. degree or B.Com./B.A. status as approved by the Faculty Board. He/she must comply with all the core module requirements of the primary part of the intended B.Com.(Hons)/B.A.(Hons) studies. Furthermore he/she must comply with the specific requirements of the relevant programme. The general ability and academic achievements of the student in these core modules must, in each of the modules included, be of a satisfactory standard in the opinion of the relevant school director.

Specific requirements regarding the B.Com.(Hons) degree

- a) A module from human sciences for exemption from MHP111.
- b) A mathematics module for exemption from WISK123 for curricula requiring the latter.
- c) A statistics course for exemption from STTK122 for curricula requiring the latter.
- d) A general guideline of a minimum of 60% per module applies or whatever the relevant school may determine.

### **E.7.2 DURATION OF THE STUDIES**

The minimum duration of the studies is one year full-time and the maximum duration is two years full-time. For part-time studies the minimum duration is two years and the maximum duration is three years.

### **E.7.3 EXAMINATIONS**

#### **E.7.3.1 Examination opportunities**

The examination opportunities and relevant rules are in accordance with general rule A.8.1.

#### **E.7.3.2 Composition of the participation mark**

A participation mark for a module (general rule A.1.7) may be compiled from tests, assignments and other forms of assessment.

#### **E.7.3.3 Admission to examinations**

- a) Admission to the examination in any module is gained by obtaining a proof of participation (general rules A.1.4 to A.8.6).

- b) A proof of participation, which grants admission to the examinations, will only be issued after a student has, to the satisfaction of the school director, complied with the requirements explained in the study guide of the relevant module.

**E.7.3.4 Module mark**

The module mark (general rule A.1.39) is calculated according to the ratio between the participation mark and the examination mark as indicated in the study guide.

**E.7.3.5 Pass requirements of a module and programme**

- a) The stipulations of general rules A.8.4-A.8.7.11 apply.
- b) The subminimum for all modules in which examinations are taken is 40% (general rule A.8.7.5).
- c) The pass requirement of a module in which examinations are taken, is a module mark of 50% (general rule A.8.7.1).
- d) By passing all the modules of which the programme is compiled individually, the programme (general rule A.8.5) is passed.
- e) General rules A.8.7.9 and A.8.7.10 stipulate the requirements for a programme to be passed with honours.
- f) As far as the B.Com.(Hons) Chartered Accountancy programme is concerned, the following additional rules ((g) to (i) apply:
- g) Students have to pass all of the modules in one examination opportunity to obtain the degree. Re-admission to the programme does not take place automatically. If only three (3) modules are passed, an Honours B.Com. Accountancy is acquired.
- h) All students must obtain at least one month of practical experience at an accounting/auditing firm or at any other acknowledged training office of the SAICA during their studies (undergraduate or post-graduate).
- i) On obtaining the degree the Certificate in the Theory of Accounting (CTA) is awarded automatically.
- j) If a student's progress during the year is not satisfactory he/she may not be allowed to the final STR examinations (end examination).

**E.7.3.6 Repetition of modules**

A once only repetition of modules not passed takes place in terms of the stipulations of general rule A.10.

**E.7.3.7 Termination of studies**

A student's studies may be terminated in terms of the stipulations of general rule A.9.

## E.7.4 SCHOOL OF ECONOMICS

### E.7.4.1 SPECIFIC REQUIREMENTS IN THE SCHOOL OF ECONOMICS

The specific requirements of the three honours programmes in the School of Economics is stated at the specific curriculum.

### E.7.4.2 LIST OF MODULES IN THE SCHOOL OF ECONOMICS

Code	DESCRIPTIVE NAME	Credits	Semester
EKNP611	Micro-economics	16	1
EKNP612	Macro-economics	16	1

**E.7.4.4 MODULE OUTCOMES IN THE SCHOOL OF ECONOMICS**

Module Code: ECON610	Semester 1	NQF-level: 7 (8)
<b>Titel: Investment Management</b>		
Module outcomes: After completion of this module, you should be able to design or develop a rigorous process for an investment management firm utilising the following knowledge: <ul style="list-style-type: none"> <li>• Top down aspects of portfolio management</li> <li>• Asset allocation</li> <li>• Risk assessment and risk management</li> <li>• Equity analysis</li> <li>• Government, corporate and inflation-protected bonds in portfolio management</li> <li>• Industry analysis</li> <li>• Style analysis</li> <li>• Tax-efficient investing</li> <li>• Trading</li> <li>• Socially responsible investing and corporate engagement</li> <li>• Alternative investments</li> <li>• Hedge fund strategies.</li> </ul>		
Method of delivery: Full time		

<b>Module Code: ECON611</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Intermediate Microe-conomics</b>		
<p>Module outcomes: After completion of this module, you should be able to demonstrate:</p> <ul style="list-style-type: none"> <li>• the ability to solve microeconomic problems using logical and quantitative skills;</li> <li>• the ability to think critically and analytically on 'real world' issues and to analyse critically a range of microeconomic policy issues;</li> <li>• the ability to evaluate microeconomic arguments and evidence; and</li> <li>• the ability to present microeconomic arguments orally and in writing.</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON612</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Macro-economics</b>		
<p>Module outcomes: After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate a thorough understanding of the functioning of the Macro-economy over both the long- and short-term;</li> <li>• demonstrate the ability to analyze and address macroeconomic problems, such as growth, inflation and unemployment, using various analytical methods;</li> <li>• apply your knowledge of the different viewpoints concerning the interrelationships and interdependencies of the economy as a whole to evaluate macroeconomic policy recommendations in the South African context.</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON613</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Export Market Development</b>		
<p>Module outcomes: After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of the pressures being exerted on companies by the international business environment;</li> <li>• demonstrate as an individual and/or part of a group how to assess whether or not a company is ready to export – even in the face of local market shrinkage and/or competitive pressures – to venture into foreign markets;</li> <li>• demonstrate well-rounded and systematic knowledge of the number of techniques used to determine the potential of foreign markets and, using these techniques, identifying appropriate market segments and market entry strategies – all against a backdrop of varying company requirements and circumstances;</li> <li>• demonstrate the competence to evaluate various types and sources of foreign market information and the techniques used to assess and interpret such information;</li> <li>• demonstrate the competence to evaluate each of the controllable elements of marketing from an international perspective and, through this evaluation, determine how best the elements can be combined and applied in the face of varying company and market circumstances.</li> </ul>		
Method of delivery: Full time		

<b>Module Code: ECON614</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Economic Development</b>		
<p>Module outcomes: After completion of this module, the student should be able to</p> <ul style="list-style-type: none"> <li>• demonstrate a solid knowledge of the principles and application of Economic Development.</li> <li>• participate intelligently as an economist in the development debate</li> <li>• interpret, understand and express the interrelated aspects and applications of Economic Development, within the theoretical framework</li> <li>• understand the practical circumstances in less developed countries (LDCs) and</li> <li>• formulate consistent economic policy advice that could address the economic problems of less developed countries, especially for African countries south of the Sahara, including South Africa</li> <li>• draft a socio – economic analyses of an area and write reports, including the application of regression analyses and other techniques that was studied in other related disciplines, to <i>apply</i> and <i>explain</i> various aspects of economic development phenomena.</li> <li>• suggest an economic policy framework</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON615</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Derivatives in Practice</b>		
<p>Module outcomes: After completion of this module, you should be able to:</p> <ul style="list-style-type: none"> <li>• apply derivative instruments of CBOT, LME, SAFFEX and related markets to solve risk management scenarios</li> <li>• demonstrate practical knowledge of how to hedge price risks of: <ul style="list-style-type: none"> <li>• plastic,</li> <li>• selected metals,</li> <li>• gold,</li> <li>• maize, wheat, sunflower,</li> <li>• shares on the JSE,</li> <li>• bonds,</li> <li>• interest rate and</li> <li>• foreign exchange with derivate instruments</li> </ul> </li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON616</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: International Economic Theory</b>		
<p>Module outcomes: After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of international trade theory;</li> <li>• demonstrate the competence to evaluate international trade policy;</li> <li>• analyse as an individual and/or part of a group, exchange rates and open-economy macroeconomics.</li> </ul>		
Method of delivery: Full time		

<b>Module Code: ECON617</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Econometrics</b>		
<p>Module outcomes:</p> <p>After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of time series regression models and specification testing of the results;</li> <li>• demonstrate as individual and/or part of a group, the practical skills to estimate and test time series regression models with Eviews software,</li> <li>• undertake specification testing, including testing for stationarity, structural breaks, multicollinearity, heteroscedasticity, autocorrelation and cointegration, and to formulate solutions for practical problems in the field of Economic analyses;</li> <li>• demonstrate the competence to identify a research question in the fields of Economics, Risk Management or International Trade, retrieve relevant information, apply time series econometric methods to analyse and interpret the research results, and then communicate the findings in an ethically sound oral presentation using the appropriate IT as well as in a report / article of 20 pages.</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON618</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Research Methods</b>		
<p>Module outcomes:</p> <p>After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of the research process, construction of questionnaires, conducting surveys and analysis of survey data;</li> <li>• demonstrate as individual and/or part of a group, the practical skills to plan a research project, design a questionnaire, undertake a pilot study, analyse the results using SPSS and disseminate them;</li> <li>• demonstrate the competence to identify a research question in the fields of Economics, Risk Management or International Trade, retrieve relevant information, apply basic statistics and econometric methods to analyse and interpret the research results, and then communicate the findings in an ethically sound oral presentation using the appropriate IT as well as in a project report / article of 20 pages.</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON619</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: International Cargo Movement</b>		
<p>Module outcomes:</p> <p>After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of various forms of cargo and the means by which they can be conveyed across borders or to the other side of the world;</li> <li>• demonstrate and understanding of the various transport services currently available in the southern African region;</li> <li>• demonstrate well-rounded and systematic knowledge of transport infrastructure in southern Africa, with focus on the initiatives that have been launched to boost the region's physical distribution capabilities;</li> <li>• demonstrate as an individual and/or part of a group, the general principles influencing the packing, marking and stowage of goods for international transit, and in this demonstration illustrate how these principles are applied</li> </ul>		

<p>in the case of general versus dangerous cargo and air versus ocean shipments;</p> <ul style="list-style-type: none"> <li>• demonstrate the competence to evaluate the principles underlying cargo insurance as well as some of the practical aspects surrounding insurance policies and claims;</li> <li>• analyse as an individual and/or part of a group, the main functions of customs and the specific measures that customs authorities use to control imports and exports.</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON621</b>	<b>Semester 2</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: International Trade Relations</b>		
<p>Module outcomes: After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of the changing face of the world economy and the factors influencing international competitiveness;</li> <li>• demonstrate the competence to evaluate the underlying causes of economic wellbeing as reflected in a country's economic growth and development, as well as the role of the balance of payments and other selected indicators in highlighting a country's general economic performance and potential;</li> <li>• analyse as an individual and/or part of a group, the macroeconomic policies which a country's national authorities implement to maximise savings and investment, control inflation and currency fluctuations and enhance a country's competitiveness;</li> <li>• demonstrate well-rounded and systematic knowledge of the composition of the international monetary system;</li> <li>• analyse as an individual and/or part of a group, the economic events and decisions – both locally and internationally – that have moulded South Africa's business environment in recent years.</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON622</b>	<b>Semester 2</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Fiscal and Monetary Policy</b>		
<p>Module outcomes: After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of current fiscal and monetary policy issues in the South African context;</li> <li>• demonstrate as an individual and/or part of a group, the practical skills to identify current policy issues (e.g. fiscal rules or monetary targets) and to recommend the appropriate policy action;</li> <li>• demonstrate the competence to evaluate different forms of government intervention in the economy and to communicate recommendations to policymakers and stakeholders in written reports and oral presentations using the appropriate IT.</li> </ul>		
Method of delivery: Full time		

<b>Module Code: ECON623</b>	<b>Semester 2</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Risk Management</b>		
<p>Module outcomes: After completion of this module, you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate a solid knowledge of bank risk management and regulation with the focus on STRATEGIC risk management strategies and less on the actual risk measurement.</li> <li>• demonstrate in depth knowledge of Basel II.</li> <li>• discuss strategic risk management and the role of the ALCO</li> <li>• describe the management of: <ul style="list-style-type: none"> <li>○ interest rate risk,</li> <li>○ liquidity risk,</li> <li>○ credit risk,</li> <li>○ market risk,</li> <li>○ operational risk and</li> <li>○ foreign exchange risk in banks in written reports.</li> </ul> </li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON624</b>	<b>Semester 2</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Economic Modelling</b>		
<p>Module outcomes: Upon completion of this module, you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of general equilibrium and macro-econometric models and their application to answer "what if"-questions in Economics;</li> <li>• demonstrate as individual and/or part of a group, the practical skills to build a 1-2-3 general equilibrium model (in Excel) and a small macro-econometric model (in EViews) and run a simulation;</li> <li>• demonstrate the competence to identify a research question in the field of Economics, retrieve relevant information, use a small general equilibrium model or macro-econometric model to simulate the shock, interpret the results and then communicate the findings in an ethically sound oral presentation using the appropriate IT as well as in a project report / article of 20 pages.</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON625</b>	<b>Semester 2</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Export Administration</b>		
<p>Module outcomes: After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of role played by various public and private sector entities in a typical export transaction, as well as the documents and sequence of steps that are required to effect, for example, international carriage, insurance, customs clearance and payment;</li> <li>• demonstrate an understanding of the origin, purpose and role of Incoterms;</li> <li>• demonstrate and evaluate as an individual and/or part of a group, the close relationship between export costing and the Incoterms;</li> <li>• demonstrate the competence to cost accurately for export;</li> <li>• demonstrate and apply as an individual and/or part of a group, the process of evaluating and responding to export enquiries and the subsequent successful expedition of exports</li> <li>• demonstrate well-rounded and systematic knowledge of the documentary</li> </ul>		

requirements associated with each stage of the export process.		
Method of delivery: Full time		
<b>Module Code: ECON626</b>	<b>Semester 1</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: International Trade Law</b>		
<p>Module outcomes: After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of the broad structure of the international legal environment, as well as some of the traditional and more contemporary beliefs and practices which lend colour to the international legal landscape;</li> <li>• demonstrate as an individual and/or part of a group, the general principles surrounding the formation and termination of contracts (and some country variations in this regard) and the contractual chain which characterises a typical international trade transaction;</li> <li>• demonstrate the competence to evaluate the legal principles governing buying and selling internationally, the importance of intellectual property protection in this regard and some of the new legal challenges posed by Internet-based commerce</li> <li>• demonstrate well-rounded and systematic knowledge of the contract of cargo insurance.</li> </ul>		
Method of delivery: Full time		
<b>Module Code: ECON627</b>	<b>Semester 2</b>	<b>NQF-level: 7 (8)</b>
<b>Titel: Research Project</b>		
<p>Module outcomes: After completion of this module you should be able to:</p> <ul style="list-style-type: none"> <li>• demonstrate well-rounded and systematic knowledge of the research process;</li> <li>• demonstrate as an individual the practical skills to plan a research project, undertake the study, analyse the results and disseminate them;</li> <li>• demonstrate the competence to identify a research question in the fields of Economics, Risk Management or International Trade, retrieve relevant information, apply basic statistics and econometric methods to analyse and interpret the research results, and then communicate the findings in an ethically sound oral presentation using the appropriate IT as well as in an honours dissertation.</li> </ul>		
Method of delivery: Full time

**INDUSTRIAL PSYCHOLOGY**

<b>Module code: BSKP671</b>	<b>Semester 1</b>	<b>NQF Level: 8</b>
<b>Title: Human Resource Management Strategies</b>		
<b>Module outcomes:</b>		
<ul style="list-style-type: none"> <li>• Know and understand the extent, realities and complexities of personnel psychology and strategic human resource management, the relationship between this study area and the other specialist fields within industrial psychology, as well as the application of this knowledge and understanding in terms of solving complex human resource management issues in order to contribute to the bottom-line of any organisation.</li> <li>• Know and understand the nature of the utility theory and the systems theory for personnel psychology/strategic human resource management and planning, selection of management personnel (with assessment centres as selection and developmental instrument), strategic supply of personnel, strategic performance evaluation, strategic performance management and reward, evaluating personnel/human resource management activities/functions and the management of the personnel/human resource function.</li> <li>• Understand the components of a strategic approach towards human resource planning.</li> <li>• Know and understand the variables and changing tendencies at a global level that impact on human resource management in South Africa.</li> <li>• Explain the tendencies and variables within the broad South African social, political and economic environment that have implications for the management of people working in South African organisations.</li> <li>• Explain the current status of the South African economy (compared to international standards) and how it relates to human resource management.</li> <li>• Demonstrate an understanding of the impact and effect of the international economy on South African organisations.</li> <li>• Understand the dynamics of the South African labour market.</li> <li>• Apply knowledge regarding environmental tendencies to understand, predict and manage human resource problems and opportunities .</li> </ul>		
<b>Method of delivery:</b>	Part-time in 2009	
<b>Assessment modes:</b>	Students will be informed	
<b>Module code: BSKP611</b>	<b>Semester: 1</b>	<b>NQF level: 8</b>
<b>Title: Psychometrics</b>		
<b>Module outcomes</b>		
<ul style="list-style-type: none"> <li>• Know and understand the issues (e.g. ethics and fairness) involved in psychometric testing of human resources.</li> <li>• Use the underlying principles of development, evaluation and application of psychometric measuring instruments which are used in the workplace for diagnoses, prognosis and prediction of work-related behaviour.</li> <li>• Know and understand psychometrics, testing and assessment which form and support the process of testing.</li> <li>• Use testing in a professional and ethical way by following good testing practices.</li> <li>• The application of contextual knowledge and skills (relative to diverse client populations which can be evaluated).</li> </ul>		
<b>Method of delivery:</b>	Full-time in 2009	

<b>Module code: BSKP612</b>	<b>Semester: 1</b>	<b>NQF level: 8</b>
<b>Title: Psychological Evaluation</b>		
<b>Module outcomes:</b> The student should be able		
<ul style="list-style-type: none"> <li>• to know which tests registered psychometrists may use in the work and educational context at national and international level.</li> <li>• Know and understand the principles of psychometric evaluation.</li> <li>• Know and understand the variety of psychological tests that registered psychometrists may use at national and international level to measure an individual's abilities, personality, interests and motivation.</li> <li>• The application of knowledge and skills in order to provide feedback regarding individuals' functioning, by indicating treatment and/or referral options.</li> <li>• The application of knowledge and skills in order to provide feedback to individuals and to stimulate growth.</li> <li>• Know and understand the ethics involved in the psychological evaluation of individuals.</li> <li>• The application of knowledge and skills to use technically reliable tests, to do the necessary preparations for a test session, to administer tests under standardised circumstances, to mark, analyse and interpret the test and to provide feedback.</li> <li>• The application of contingent management skills to handle test-related problems.</li> </ul>		
<b>Method of delivery:</b> Part-time in 2009		

<b>Module code: BSKP613</b>	<b>Semester 1</b>	<b>NQF level: 8</b>
<b>Title: Organisational Behaviour</b>		
<b>Module outcomes:</b>		
<ul style="list-style-type: none"> <li>• Have a complete and systematic knowledge of the world of Organisational Behaviour and of diversity management, and of the role of individuals, groups and group processes in Organisational Behaviour (learning objectives for each chapter).</li> <li>• Demonstrate skills based upon an informed comprehension of theories and concepts, to identify challenges and issues dealing with the world of Organisational Behaviour, diversity management, the role of individuals and groups and group processes in Organisational Behaviour (exercises).</li> <li>• Have the ability to undertake a literature and environmental review, prepare a basic report on challenges and issues dealing with the world of Organisational Behaviour, diversity management, the role of individuals and groups and group process in Organisational Behaviour, individually or as a member of a team, and to communicate the report in writing as well as orally (assignments).</li> </ul>		
<b>Method of delivery:</b> Part-time in 2009		

<b>Module code: BSKP616</b>	<b>Semester: 1</b>	<b>NQF level: 8</b>
<b>Title: Career Psychology</b>		
<b>Module outcomes:</b>		
<ul style="list-style-type: none"> <li>• Know and understand the concept career and the historical roots, nature and bases of career psychology and to apply this knowledge and concept to analyse the relationship between career psychology and other specialist fields of industrial psychology.</li> <li>• Know and understand the meaning and functions of work and the relationship between work and relaxation of the present day employee and the application of this knowledge</li> </ul>		

<p>and concept to obtain insight regarding the contemporary work ethic.</p> <ul style="list-style-type: none"> <li>• Know and understand the different theories of career success and the adjustment and use of knowledge to obtain insight with regard to the dynamics of the improvement of the own and others' work/career choices and adjustment.</li> <li>• Know and understand the dynamics of adolescent and adult career behaviour, career development and career self-management (including persons from minority groups and special groups such as working women and employees with disabilities) and the roll of the organisation in this regard and the application of this knowledge and concept to improve own and others' entry into the world of work, socialising, innovation, stabilisation, mid-career, late career and adjustments at retirement.</li> <li>• Know and understand the dynamics underlying current career issues and the application of this knowledge and concept in the handling of own and others' career issues and problems.</li> </ul>		
<b>Method of delivery:</b> Full-time in 2009		
<b>Module code: BSKP621</b>	<b>Semester 2</b>	<b>NQF Level: 8</b>
<b>Title: Organisational development</b>		
<b>Module outcomes:</b>		
<ul style="list-style-type: none"> <li>• Understand and evaluate the concept, components and characteristics of organisational development.</li> <li>• The application of knowledge and skills to explain organisational functioning and changes.</li> <li>• Know and understand the nature of current and future changes that could impact on organisations, as well as the strategies that organisations can use to address these changes.</li> <li>• Evaluate the role of paradigms in change management.</li> <li>• Know and understand process consultation as an organisational developmental intervention and apply process consultation skills in diagnosing and intervening in organisations</li> <li>• The application of knowledge and skills regarding organisational diagnoses in order to address problems and identify opportunities within the organisation.</li> <li>• The application of knowledge and skills to evaluate organisational development strategies (at individual, group and organisational level) and to intervene within organisations.</li> </ul>		
<b>Method of delivery:</b> Part-time in 2009		
<b>Module code: BSKP622</b>	<b>Semester: 2</b>	<b>NQF level: 8</b>
<b>Title: Human Capacity Building</b>		
<b>Module outcomes:</b>		
<ul style="list-style-type: none"> <li>• Understand and evaluate the organisation's vision, values and strategic objectives.</li> <li>• Direct human resource development activities while keeping in mind the national training strategy.</li> <li>• Analyse the external and internal environmental forces which have an impact on training and development.</li> <li>• Formulate a Human Resource Development mission, main values and strategic objectives (human resource development plan) which correlate with the organisation's strategy.</li> <li>• Examine and obtain knowledge of the needs of clients of the human resource development department (capabilities of the training and development consultant, competency-based training and development, performance management, models of identifying, training and development needs).</li> </ul>		

<ul style="list-style-type: none"> <li>• The application of knowledge and skills about psychological strengths to evaluate individuals and the drafting of self-development programmes for employees at different levels of an organisation.</li> <li>• Design and implement training strategies to close the gap between training needs and actual work ability.</li> <li>• Understand and implement different evaluation strategies.</li> <li>• Understand and sketch the different rolls of the training and development consultant.</li> </ul>		
<b>Method of delivery:</b> Part-time in 2009		
<b>Module code: BSKP623</b>	<b>Semester 2</b>	<b>NQF level: 8</b>
<b>Title:</b> Research Report		
<b>Module outcomes:</b>		
<ul style="list-style-type: none"> <li>• Evaluate and integrate industrial sociological literature with research opportunities to identify problem-solving methods.</li> <li>• The application of knowledge and skills to undertake scientific research to determine reliable and relevant consequences to make the required recommendations.</li> </ul>		
<b>Method of delivery:</b> Practical		
<b>Assessment modes:</b> Research Report - weight - 100		
<b>Module code: BSKP626</b>	<b>Semester 2</b>	<b>NQF level: 8</b>
<b>Title:</b> Work wellness		
<b>Module outcomes:</b>		
Have an extensive, in-depth, systematic and integrated knowledge and a coherent and critical understanding of		
<ul style="list-style-type: none"> <li>• the principles and the theoretical structure of the nature and economic viability, underlying premises, legal drivers and functional pillars/components of employee wellness and employee health and wellness programmes in organisations, and be able to apply it to an analysis and evaluation of its physical, emotional, spiritual, occupational and social components in order to do risk assessment in an organisation by using the basic principles of an integrated model of employee wellness which can be supported by literature on the basis of an evaluation of different theories and models of employee wellness and the use of a variety of qualitative and quantitative techniques and instruments in order to identify and evaluate the underlying processes in a variety of situations/organisations, to use a variety of methods/interventions (primary, secondary and tertiary) to enhance health in the workplace / to maintain a safe, risk-free work environment / to improve employee wellness so that the management of an organisation may be convinced of the importance of implementing an employee wellness programme, so that the process of strategic planning and managing of an employee health and wellness function in an organisation may be explained and so that a policy for employee health and wellness may be written for a specific organisation.</li> <li>• To be able to find, interpret, integrate and use relevant literature to research complex and real problems and issues of employee wellness by making use of a variety of relevant research methods and techniques, and to communicate the results to an audience in writing and orally by means of various information, technological and other aids (for instance a report, conference paper or a PowerPoint presentation).</li> <li>• To demonstrate an in-depth knowledge and understanding of the ethical principles and guidelines applicable to employee health and wellness officials by demonstrating a capacity to handle learning tasks in an autonomous, professional and value-driven manner and by demonstrating the necessary knowledge, skills and attitudes which are</li> </ul>		

required to function effectively in interpersonal relationships, both in group and individual situations, as well as the knowledge, dispositions, skills, attitudes and conduct required of a person in order to become an effective and efficient employee health and wellness expert.

**Method of delivery:** Fulltime in 2009

**Module code:** BSKP627

**Semester:** 2

**NQF level:** 8

**Title:** Advanced Practical Work

**Module outcomes:**

- The student must be able to know and can apply different ways of counselling people in the workplace. Be able to refer people to other professionals when needed. The application of knowledge and skills to counsel people who are retiring. The application of knowledge and skills to investigate and facilitate the adjustment of employees in the workplace. The application of skills to counsel people in need (e.g. during organisation transformation, retrenchments and other crises). Apply knowledge and skills to evaluate, present and develop career planning and life-skills workshops for students and adults in the work place. Is able to practically determine: the meaning(s) that work and to be working hold for the modern person, how optimal occupational choice should be facilitated, which career tasks have to be carried out in the different career stages (in relation to the specific career issues that come to the fore), and which learning experiences are involved when facilitating vocational adjustment. Applying knowledge and skills to investigate and facilitate the adaptation of employees in the workplace. Applying contextual knowledge and skills to ensure that the diverse client population are evaluated in a scientific and fair manner. Applying knowledge and skills to analyse and compile posts according to specific criteria. Know and understand a job evaluation system and the conditions necessary for its effective implementation. Form part of a panel that evaluates these jobs; correctly analysing and grading these posts. Develop a remuneration system based on performance. Compile competency profiles of different posts at different levels. Compile a recruitment advertisement for a specific post. Develop an induction programme for new employees; present and evaluate the programme. Develop a structured interview for a specific post, train the line managers and interview candidates in a scientific and fair manner. Show competency in personnel administration. Apply skills to ensure a scientific and fair performance management process. Support and assist in the development of an affirmative action programme in the work context. Develop a training programme for line managers, present and evaluate the programme. Perform an organisation diagnosis in an organisation according to the prescribed model, diagnose problems and opportunities in the organisation in the correct manner; write a report and present a presentation regarding the diagnosis. Present a self-development programme to employees of an organisation and assist the members to deal with change and stress in the workplace. Make recommendations regarding organisational socialising mechanisms that can be used to ensure organisational efficiency. Facilitate strategic planning sessions and write a report concerning the session. Select, implement and evaluate organisational development interventions. Present and evaluate a diversity training programme. Undertake leadership development according to the prescribed guidelines. Identify the lifecycle of an organisation according to the correct measures and make recommendations as to how the effectiveness of the organisation can be improved.
- Identify the different symptoms of the different forms of psychopathology in the work context and be able to diagnose them according to an international model (e.g. DSM IV). Understand the psychodynamics underlying psychopathology. The application of knowledge and skills to ensure the application of ethics and fairness in the use of psychometric assessment instruments. The application of psychometric knowledge and

skills to make a diagnosis, prognosis and prediction of work-related behaviour. Use tests and questionnaires in a professional and ethical way by following good testing practices. The application of conceptual knowledge and skills to ensure that the diverse client population is assessed scientifically and fairly. The application of knowledge and skills to provide feedback to individuals and to stimulate growth. Make use of technically reliable tests and questionnaires, make the necessary preparations for the test session, apply the tests and questionnaires under standardised circumstances, mark the tests, analyse the results and interpret the results according to the prescribed procedures and provide feedback. The application of contingent management skills to handle test-related problems. Use various instruments to examine the motivation levels of employees and suggest corrective actions, use the action research model effectively.

**Method of delivery:** Practical

**Module code:** BSKP628

**Semester:** 2

**NQF level:** 8

**Title:** Practical Work

**Module outcomes:**

- Know and understand how to apply different ways of counselling to individuals in the workplace (for different reasons, including retirement, organisational transformation, retrenchments and other crises) and of referring these individuals to the appropriate professional where necessary.
- Applying knowledge and skills to evaluate, present and develop career planning workshops and life skills workshops for students and adults in the workplace. Is able to practically determine: the meaning(s) that work and to be working hold for the modern person, how optimal occupational choice should be facilitated, which career tasks have to be carried out in the different career stages (in relation to the specific career issues that come to the fore), and which learning experiences are involved when facilitating vocational adjustment.
- Applying knowledge and skills to investigate and facilitate the adaptation of employees in the workplace.
- Applying contextual knowledge and skills to ensure that the diverse client population are evaluated in a scientific and fair manner.
- Applying knowledge and skills to analyse and compile posts according to specific criteria.
- Know and understand a job evaluation system and the conditions necessary for its effective implementation.
- Form part of a panel that evaluates these jobs; correctly analysing and grading these posts.
- Develop a remuneration system based on performance.
- Compile competency profiles of different posts at different levels.
- Compile a recruitment advertisement for a specific post.
- Develop an induction programme for new employees; present and evaluate the programme.
- Develop a structured interview for a specific post, train the line managers and interview candidates in a scientific and fair manner.
- Show competency in personnel administration.
- Apply skills to ensure a scientific and fair performance management process.
- Support and assist in the development of an affirmative action programme in the work context.
- Develop a training programme for line managers, present and evaluate the programme.
- Perform an organisation diagnosis in an organisation according to the prescribed model, diagnose problems and opportunities in the organisation in the correct manner; write a report and present a presentation regarding the diagnosis.

<b>Method of delivery:</b> Practical work		
<b>Module code:</b> BSKP631	<b>Semester:</b> 2nd quarter	<b>NQF Level:</b> 8
<b>Title:</b> Facilitation		
<b>Module outcomes:</b>		
<p>Have overall knowledge of the principles, theory and functioning of an appropriate facilitation model, to apply the knowledge by means of analysing and evaluating psychological problems such as emotional issues, and be able to paraphrase and clarify problems by applying facilitation skills in the employment of effective problem-solving goals as well as identifying relevant facilitation strategies to integrate into a strategic plan as part of a wellness promotional plan of an organisation and to generate solutions for problems based on proof-related arguments.</p>		
<b>Method of delivery:</b> Full time in 2009		

## INDUSTRIAL SOCIOLOGY

<b>Module code</b> BSOP 614	<b>Semester:</b> 1	<b>NQF level:</b> 8
<b>Title:</b> Research Methodology		
<b>Module outcomes:</b>		
<p>Know and understand various methods and strategies regarding data collection which will enable the student to make applicable and relevant conclusions in a research project. Know and understand the requirements for statistical measuring and analysis. Apply knowledge and skills in the drafting of a research proposal as part of a research project.</p>		
<b>Method of delivery:</b> Full time / Part time		
<p>Assessment takes place by means of the following:</p> <ul style="list-style-type: none"> <li>Group discussions</li> <li>Class tests</li> <li>Assignments</li> <li>Dissertations by students</li> <li>Case studies</li> <li>Examinations</li> </ul>		
<b>Assessment methods:</b> Formative: 5 x Assignments - Weight = 70		

5 x Presentations - Weight = 30		
Summative: 1 x Examination (3 Hours) - Weight = 50		
<b>Module code BSOP 615</b>	<b>Semester: 1</b>	<b>NQF Level: 8</b>
<b>Title: Advanced Labour Relations</b>		
<b>Module outcomes:</b>		
Know and understand the various components related to labour relations and to nurture relevant skills in the effective management of labour relations. Know and understand how to practice as a labour relations specialists		
<b>Method of delivery:</b> Full time / Part time		
Assessment takes place by means of the following: Group discussions Class tests Assignments Dissertations by students Case studies Examinations		
<b>Assessment methods:</b> Formative: 3 x Assignments - Weight = 70		
Summative: 1 x Examination (3 Hours) - Weight = 100		
<b>Module code: BSOP 616</b>	<b>Semester: 1</b>	<b>NKR Level: 8</b>
<b>Title: Labour Market Principles</b>		
<b>Module outcomes:</b>		
Have a comprehensive understanding of the various principles, theories and functions of the labour market. To apply such by means of analysing and evaluating labour market concerns like labour demand and supply, wages, productivity, globalisation and human capital investment, labour market dispensations and discrimination, labour market organisations. To argue solutions to problems based on current factual proof of evidence.		
Geared with a range of research methods and techniques are able to search, interpret and integrate relevant literature concerning complex and concurrent problems, and to present such in a written and oral formatted presentation.		
To apply the contents of this module within an ethical thought paradigm.		
<b>Method of delivery:</b> Full time / Part time		
Assessment takes place by means of the following: Group discussions Class tests Assignments Dissertations by students Case studies Examinations		
<b>Assessment methods:</b> Formative: 3 x Assignments - Weight = 50		
Summative: 1 x Examination (3 Hours) - Weight = 50		

<b>Module code BSOP 671</b>	<b>Semester: 1</b>	<b>NQF Level: 8</b>
<b>Title: Industrial Sociological Theories</b>		
<b>Module outcomes:</b> Evaluate various sociological thought schools and theories and to apply such to sociological problems. To apply sociological theories to current and identified labour relations problems and to suggest possible solutions to such problems. Know and understand social change in society and the effect of this on organisations. To apply knowledge and skills regarding social change in order to identify, explain and solve problematic labour situations.		
<b>Method of delivery:</b> Full time / Part time		
Assessment takes place by means of the following: Group discussions Class tests Assignments Dissertations by students Case studies Examinations		
<b>Assessment methods:</b> Formative: 1 x Assignments - Weight = 50 1 x Presentations - Weight = 50 Summative: 1 x Examination (3 Hours) - Weight = 50		
<b>Module code: BSOP 621</b>	<b>Semester: 2</b>	<b>NQF Level: 8</b>
<b>Title: Group Dynamics</b>		
<b>Module outcomes:</b> Know and understand the study area of Group Dynamics, the importance, structure and function of small groups as subsystems in interaction. Know the most prominent exponents and their relevant perspectives as reiterated in the field of Group Dynamics. Geared with the necessary capabilities, to explore and apply explanatory possibilities to empirical problems within an organisation. To demonstrate knowledge and understanding of concepts like group communication, group cohesion, task groups, the importance and implications of small groups to the individual and the development of group dynamics. To apply gained knowledge of group dynamics by exploring explanatory possibilities regarding the individual and groups.		
<b>Method of delivery:</b> Full time / Part time		
Assessment takes place by means of the following: Group discussions Class tests Assignments Dissertations by students Case studies Examinations		
<b>Assessment methods :</b> Formative: 5 x Assignments - Weight = 40 5 x Case studies - Weight = 30 5 x Focus questions Weight = 30 Summative: 1 x Examination (4 Hours) - Weight = 50		

<b>Module code BSOP 623</b>	<b>Semester: 1</b>	<b>NQF Level: 8</b>
<b>Title: Research Report</b>		
<b>Module outcomes:</b> Evaluate and integrate industrial sociological literature with research opportunities to identify problem-solving methods. The application of knowledge and skills to undertake scientific research to determine reliable and relevant consequences to make the required recommendations.		
<b>Method of delivery:</b> Full time / Part time		
<b>Assessment methods :</b> Formative: 1 x research report- Weight = 100		
<b>Module code BSOP 624</b>	<b>Semester: 1</b>	<b>NQF Level: 8</b>
<b>Title: Applied Labour Relation</b>		
<b>Module outcomes:</b> To understand the external regulations that impact on labour relations. Integrate and manage labour relation procedures at different levels in the workplace. The application of external regulation requirements to improve the labour relations climate in the organisation.  The management of related workplace issues to the advantage of both management and labour.		
<b>Method of delivery:</b> Full time / Part time		
<ul style="list-style-type: none"> <li>▪ Assessment takes place by means of the following: <ul style="list-style-type: none"> <li>• Group discussions</li> <li>• Class tests</li> <li>• Assignments</li> <li>• Dissertations by students</li> <li>• Case studies</li> <li>• Examinations</li> </ul> </li> </ul>		
<b>Assessment methods:</b> Formative: 2 x Assignments - Weight = 70 1 x Presentations - Weight = 30 Summative: 1 x Examination (4 Hours) - Weight = 50		

## **E.7.7 SCHOOL OF ACCOUNTING SCIENCES**

### **E.7.7.1 SPESIFIC REQUIREMENTS**

#### **E.7.7.1.1 CHARTERED ACCOUNTANCY**

- a) To be admitted to the B.Com.(Hons) (Chartered Accountancy) degree the student must have obtained a B.Com., B.Acc., or another degree as approved by the Faculty Board. This degree must include the following modules (or equivalent courses): Accounting (RECP311, 321 (RECP371 from 2010)), Auditing (RHRP311, REOP321), Management Accounting (BRKP311, 321), Taxation (REBP311, 321 (REBP312, 322 from 2010)) and Commercial Law (RHRP121,311). Alternatively the student must have completed at least one year of part time studies in Honours B.Com. (Chartered Accountancy) or equivalent studies at a university.
- b) The student must have obtained an average of at least 60% in Accounting, and 55% in Auditing, Management Accounting, and Taxation in his/her final year to be admitted to full-time one-year studies. If one of the above mentioned modules was passed by adjustment, then admission will be rejected.
- c) A student who obtained any other degree than a B.Com(CA) or equivalent should obtain the honours B.Com (Financial Accounting) first, to be admitted to the Honours B.Com(CA). During that honours year the modules of Auditing on third year level should be done and passed additionally in order to be considered for the honours B.Com (CA).
- d) To be admitted to this degree an application must be made on the prescribed form to the programme leader of the Programme for the Chartered Accountant Training (CA) before the onset of the academic year.

#### **E.7.7.1.2 FINANCIAL ACCOUNTANCY**

- a) To be admitted to the B.Com.(Hons) (Financial Accountancy) degree the student must be in possession of a B.Com. or other degree, as approved by the Faculty Board. This degree must include the following modules (or equivalent courses): Financial Accounting (REKP311, 321), Income Tax (REIP311, 321), Management Accounting (BRKP211, 221, 311, 321), Auditing (REOP211, 221) and Commercial Law (RHRP121, 311). For REKP311, 321 and REIP311, 321 or equivalent courses an average module mark of 60% is required and for the others an average of 50%.
- b) To be admitted to this degree an application must be made on the prescribed form to the programme leader of the Programme for the Financial Accountant Training (CPA) before the onset of the academic year.
- c) Successful completion of this B.Com.(Hons) (Financial Accountancy) degree may grant the student who complies with the required minimum pass percentages of 60% admission to the B.Com.(Hons) (Chartered Accountancy) degree. In such a case the students must already have obtained credits for Auditing (REOP321) and Commercial Law (RHRP311).

**E.7.7.1.3 MANAGEMENT ACCOUNTANCY**

BRKP311, 321 (60% average) and RECP311, 321 (50% average) or REKP311, 321 (60% average).

**E.7.7.1.4 FORENSIC ACCOUNTANCY**

- a) The student must have obtained an average of at least 60% in Forensic Accounting and Accounting and at least 55% in Auditing and Taxation in his/her final year to be admitted to full-time one-year studies.
- b) In the honours year there are two options:
- If all the prerequisites for the honours degree were complied with, the first option is to register full-time for the honours degree in Forensic Accounting.
  - The second option is to register part-time for honours in Forensic Accounting (over 2 years). In this instance the student will register for FORP671 and JURI411 together with the prescribed undergraduate BRKP modules. If the BRKP-modules are passed with an average of 55% the student can change to honours in Chartered Accounting in the second year. Upon completion of honours in Chartered Accounting, the contents of the honours in forensics will also have been reached.

**E.7.7.2 LIST OF MODULES IN THE SCHOOL OF ACCOUNTING SCIENCES**

Code	DESCRIPTIVE NAME	Credits	Semester
<b>Accounting Sciences: Management Accounting</b>			
BRKP671	Financial Decision Making: Financial Management and Strategy	32	Year module
BRKP672	Information Systems and Integrated Systems	32	Year module
BRKP674	Organisational Management	32	Year module
BRKP676	Management Accounting: Financial Analysis	32	Year module
BRKP613	Planning and Decision Making Techniques	16	First
BRKP614	Management Decision Making	16	First
BRKP623	Performance Evaluation and -Management	16	Second
<b>Accounting Sciences: Chartered Accountancy</b>			
RECP671	Advanced Financial Accounting	48	Year module
RECP672	Advanced Auditing	48	Year module
RECP673	Advanced Taxation	48	Year module

RECP674	Advanced Management Accounting and Financial Management	48	Year module
<b>Accounting Sciences: Financial Accountancy</b>			
REKP671	Accounting: Advanced GAAP and Group Statements	32	Year module
REKP672	Accounting: Practical Accountancy	32	Year module
REKP673	Financial Analysis	32	Year module
REIP671	Taxation: Advanced Taxation and Trusts	32	Year module
BRKP671	Financial Decision Making: Financial Management and Strategy	32	Year module
<b>Accounting Sciences: Forensic Accountancy</b>			
RECP671	Advanced Financial Accounting	48	Year module
FORP672	Forensic Case Studies	48	Year module
FORP671	Advanced Forensic Accounting	48	Year module

### E.7.7.3 CURRICULA (SCHOOL OF ACCOUNTING SCIENCES)

**E.7.7.4 MODULE OUTCOMES (SCHOOL OF ACCOUNTING SCIENCES)**

**CHARTERED ACCOUNTANCY**

Module code: RECP 671	Year Module	NQF level: 8
<b>Title: Advanced Financial Accounting</b>		
Module outcomes: After completion of the module the learner should be able to: <ul style="list-style-type: none"> <li>demonstrate the ability to compile advanced financial statements according to International Financial Reporting Standards and the Companies Act of South Africa, including consolidated financial statements, based on extensive and systematic knowledge of the subject;</li> <li>technically analyse, evaluate and selectively handle standards, individually as well as in an integrated manner, according to the demand of the problem (e.g. journal entry, ledger or financial statements) and theoretically motivate and discuss them;</li> <li>communicate academic, professional and vocational information effectively orally or in writing, with evidence of creative interpretation and solutions for problems applicable to the context.</li> </ul>		
Method of delivery: Full-time		
Assessment modes: Formative: Will be communicated in writing to students at the start of the semester Summative: 2 x 5 hour examination; weight – 75%		
Module code: RECP 672	Year Module	NQF level: 8
<b>Title: Advanced Auditing</b>		
Module outcomes: On completion of the module the learner should be able to display knowledge and apply this knowledge on cases with regard to: <ul style="list-style-type: none"> <li>Principles of Corporate Governance</li> </ul>		

<ul style="list-style-type: none"> <li>• Legislated and Regulatory Corporate Governance</li> <li>• The Code of Corporate Practices and Conduct of the King II Report</li> <li>• Business ethics and SAICA Code of Professional Conduct</li> <li>• Risk management and internal control</li> <li>• The legal and regulatory environment governing auditors and their responsibilities, functions and qualities</li> <li>• The audit process</li> <li>• Competencies in applying IT in business/accounting</li> <li>• Competencies in managing IT</li> <li>• Competencies in evaluating IT</li> </ul>		
Method of delivery: Full- time		
Assessment modes: Formative: Will be communicated in writing to students at the start of the semester Summative: 1 x 4 hour examination; weight – 75%		
<b>Module code: RECP 673</b>	<b>Year Module</b>	<b>NQF level: 8</b>
<b>Title: Advanced Income Tax</b>		
Module outcomes: On completion of the module the learner should be able to:		
<ul style="list-style-type: none"> <li>• Interpret the Income Tax Act case law as well as practice notes issued by the South African Revenue Service;</li> <li>• Demonstrate his/her ability to calculate the normal income tax payable by individuals on taxable income, including remuneration, fringe benefits, lump sum receipts and the operation of an enterprise or business.</li> <li>• Deal with advanced tax questions on tax advice and planning covering the entire spectrum of taxpayers and sections and taxes.</li> <li>• Demonstrate his/her ability to calculate employee tax to be deducted from remuneration as well as provisional tax payable on income other than remuneration.</li> <li>• Substantiate with reference to legislation and case law why items are taxable/deductible.</li> <li>• Comply with all legislation and requirements of the attached SAICA syllabus.</li> <li>• Make your decisions and applications in this course in an ethically accountable manner.</li> </ul>		
Method of delivery: Full- time		
Assessment modes: Formative: Will be communicated in writing to students at the start of the semester Summative: 1 x 5 hour examination; weight – 75%		
<b>Module code: RECP674</b>	<b>Year Module</b>	<b>NQF level: 8</b>
<b>Title: Management Accounting and Financial Management</b>		
Module outcomes:		
<u>Management Accounting</u>		
Upon completion of this module, the student should be able to:		
<b>General</b>		
<ul style="list-style-type: none"> <li>• Be able to do planning, control and decision making to act as a responsible steward.</li> <li>• Be able to apply profit planning and budgetary control in the planning process resulting in the optimum usage of available resources, but also supply in the needs of consumers.</li> <li>• Exercise control to ensure that that goals that have been set with planning, are achieved.</li> <li>• Take informed decisions by the conscious exercise of a choice between two or more alternatives,</li> </ul>		

- Be able to take into account and supply the necessary information in taking a decision.
- Be able to obtain the necessary information by using methods, systems and techniques so that the goals of decision making, planning and control are met.

**Specific**

- Develop budgets using both traditional and contemporary techniques
- Explain and apply the principles of standard costing, calculate variances in a variety of contexts and critically evaluate the worth of standard costing in the light of contemporary criticisms;
- Separate costs into their fixed and variable components and use these in break-even analysis and in decision-making under multiple constraints
- Establish relevant cash flows for decision making and apply these principles in a variety of contexts including process/product viability and pricing including evaluation of the tension between short-term, "contribution based" pricing and long-term, "return on investment" pricing. and learning curves
- Undertake sensitivity analysis and assess the impact of risk in decision models using probability analysis, expected value tables and decision trees as appropriate
- Apply learning curves in forecasting future costs and the techniques of activity-based management target costing and value analysis is managing future costs
- Prepare appropriate financial statements for cost, profit and investment centre managers, calculate appropriate financial performance indicators, assess the impact of alternative transfer pricing policies and discuss the behavioural consequences of management control systems based on responsibility accounting decentralization and delegation

Financial Management

Upon completion of this module, the student should be able to:

**General**

- Obtain knowledge in order to understand complex investments, financing and dividend decisions, within the context of the company as well as the contexts of the environment.
- To obtain the ability to make suggestions with regards to the responsible management of a company and its assets by effective use of financial aids within the boundaries of the strategic aim of the company.

**Specific**

- Identify and interpret guidelines for performance, risk and uncertainty.
- Give advice on complex investing, financing and dividend decisions.
- Apply the principles of financing to the valuation of a company and the valuation of financial assets by using the valuation techniques.
- Advise management with regards to current asset management, foreign exchange and investments.
- Give advice with regards to changes in ownership transactions.
- Evaluate and choose financial instruments for effective minimizing of risk.

Method of delivery: Full time

Assessment modes: Formative: Will be communicated in writing to students at the start of the semester  
Summative: 1 x 5 hour examination; weight – 75%

**FINANCIAL ACCOUNTING**

<b>Module code: REKP 671</b>	<b>Year Module</b>	<b>NQF-level: 8</b>
<b>Advanced Financial Accounting: International Financial Reporting Standards (IFRS)</b>		
<p>Module outcomes:</p> <p>After completion of this module the student should be able to:</p> <ul style="list-style-type: none"> <li>• Demonstrate his/her knowledge of IAS 24 of which the objective is to prescribe the accounting treatment for related party disclosure.</li> <li>• Demonstrate his/her knowledge of IAS 12 of which the objective is to prescribe the accounting treatment for income taxes including assessed losses and other complex deferred tax transactions.</li> <li>• Demonstrate his/her knowledge of IFRS 2 of which the objective is to prescribe the accounting treatment for share-based payments.</li> <li>• Demonstrate his/her knowledge of IAS 16 of which the objective is to prescribe the accounting treatment for property, plant and equipment including revaluations and other complex transactions.</li> <li>• Demonstrate his/her knowledge of IAS 36 of which the objective is to prescribe the accounting treatment for impairment of assets including cash generating units.</li> <li>• Demonstrate his/her knowledge of IFRS 5 of which the objective is to prescribe the accounting treatment for non-current assets held for sale and discontinued operations.</li> <li>• Demonstrate his/her knowledge of IAS 11 of which the objective is to prescribe the accounting treatment for construction contracts.</li> <li>• Demonstrate his/her knowledge of IAS 41 of which the objective is to prescribe the accounting treatment for agriculture.</li> <li>• Demonstrate his/her knowledge of IAS 20 of which the objective is to prescribe the accounting treatment for government grants and disclosure of government assistance.</li> <li>• Demonstrate his/her knowledge of IAS 33 of which the objective is to prescribe the accounting treatment for earnings per share including headline and diluted earnings per share.</li> <li>• Demonstrate his/her knowledge of IAS 21 of which the objective is to prescribe the accounting treatment for the effects of changes in foreign exchange rates.</li> <li>• Demonstrate his/her knowledge of IAS 32 and 39 of which the objective is to prescribe the accounting treatment for financial instruments.</li> <li>• Demonstrate his/her knowledge of IAS 19 of which the objective is to prescribe the accounting treatment for employee benefits.</li> <li>• Demonstrate his/her knowledge of IAS 26 of which the objective is to prescribe the accounting treatment for retirement benefit plans.</li> <li>• Demonstrate his/her knowledge of IFRS 4 of which the objective is to prescribe the accounting treatment for insurance contracts.</li> </ul>		
Method of delivery: Fulltime and part time		
Assessing methods:	4 x Tests during the year – 25% 1 x Mid year exam – 25% 1 x Exam – 50%	
<b>Module code: REKP672</b>	<b>Year course</b>	<b>NQF level: 8</b>
<b>Title: ACCOUNTING: PRACTICAL ACCOUNTANCY</b>		
<p>Module outcomes:</p> <p>After completion of this module, the student should be able to:</p> <ul style="list-style-type: none"> <li>• Explain the motivation for establishing a trust; name the party's to a trust; know what the duties and powers of trustees are and how the office of the trustee may be vacated;</li> </ul>		

discuss the rights of the trust beneficiary and know what the remedies are to protect his interest; know the ways in which a trust can be terminated; calculate the tax payable by the trust and place it on record; explain the function of the annual financial statements of a trust and know how to compile the financial statements for presentation to interested parties.

- Demonstrate a clear understanding of the disclosure requirements for share title schemes; prepare the annual financial statements of share titles for presentation to the body corporate and other interested parties.
- Demonstrate that he/she knows the powers, duties and responsibilities of the accounting officer as defined in the Close Corporation Act.
- Demonstrate that he/she understands what the professional code of conduct for a professional accountant entails as defined in the Code of Conduct issued by the South African Institute of Professional Accountants (SAIPA).
- Demonstrate basic knowledge and understanding of the administration of deceased estates,
- Demonstrate basic knowledge and understanding of the administration of deceased estates, types of marriages, intestate and testate succession, function and powers of the Master; compile the liquidation and distribution account with cognizance of the influence of VAT and capital gains tax into account.
- Explain the motivation for the compilation of working papers used by a professional accountant and demonstrate knowledge of the preparation of working papers required by SAIPA when drafting or reviewing the annual financial statements of a client.
- Demonstrate a basic knowledge and application of the provisions regarding corporate governance contained in the King Report.
- Demonstrate an understanding of the most important principles of the administration of the law of succession; apply the principles related to insolvency practices and to draw a complete estate account of an insolvent estate; think skillfully and creatively about the administration of insolvent estates and communicate solutions effectively.

**Method of delivery:** Fulltime and part time

**Assessment methods:**

Formative: 4 x class tests – weight 25  
 1 x 3 hour Semester test – weight 25  
 Summative: 1 x 3 hour Examination – weight 50

**Module code:** REKP673

**Year Module**

**NQF level:** 8

**Title: Advance Accountancy – Group Statements and Changes in capital structure**

Module outcomes:

On completion of the module the learner should be able to:

- Understand and master basic consolidation procedures.
- Understand and master more complex consolidation procedures concerning intergroup transactions, preference shares, mixed groups, joint ventures, associates and the tax implications thereof.
- Prepare consolidated financial statements (Statement of comprehensive income, Statement of changes in financial position and statement of changes in equity)
- Prepare consolidated journal entries.
- Understand and master the accounting treatment of changes in capital structure (liquidations, reorganisations and acquisitions and take overs).

Method of delivery: Full- time and Part-time

Assessment modes:
Formative: 4 x class test – weight 25 1 x 3 hour Semester test – weight 25
Summative: 1 x 3 hour examination – weight 50

### CIMA (MANAGEMENT ACCOUNTING)

<b>Module code: BRKP676</b>	<b>Year module</b>	<b>NQF level: 8</b>
<b>Title: Financial Analysis</b>		
<p>Module outcomes:</p> <p><u>Group statements</u></p> <p>On completion of the module the learner should be able to:</p> <ul style="list-style-type: none"> <li>• Explain the requirements for a company to be a subsidiary, associate and joint venture of another company and also apply the principles of recording.</li> <li>• Prepare consolidated financial statements as well as record inter company transactions.</li> <li>• Record acquisitions during the financial year as well as changes in control in the consolidated financial statements.</li> <li>• Explain the principles of accounting for a capital reconstruction scheme or a demerger.</li> <li>• Explain foreign currency translation principles as well as the correct treatment for foreign loans financing equity investments.</li> </ul> <p><u>Other</u></p> <p>On completion of the module the learner should be able to:</p> <ul style="list-style-type: none"> <li>• Apply and explain foreign currency exchange procedures.</li> <li>• Explain the treatment of financial instruments in the financial statements of the issuer, identify circumstances where amortised cost, fair value and hedge accounting are applicable for financial instruments as well as explain the principles of the accounting methods.</li> <li>• Discuss and calculate earnings per share in line with IAS 33.</li> <li>• Explain measurement of income and capital.</li> <li>• Explain measures to minimize distortion in financial statements when price levels change.</li> <li>• Understand and explain aspects of non-financial-, environmental- and social reporting.</li> <li>• Prepare and interpret a segmental analysis.</li> <li>• Capita Selecta</li> </ul>

## FORENSIC ACCOUNTING

<b>Module Code: FORP671</b>	<b>Year Module</b>	<b>NQF-level: 8</b>
<b>Titel: FORENSIC ACCOUNTANCY</b>		
<p>Module outcomes:</p> <p>Upon completion of this module the student must have insight into:</p> <ul style="list-style-type: none"> <li>• The forensic investigative environment;</li> <li>• The processes within the South African Constitutional order and legal system that may have an influence on the scope of work of the forensic accountant;</li> <li>• Work Acceptance Procedures, Engagement Letters, Quality Control, Risk and Project Management, relevant to the private South African forensic accountant;</li> <li>• Available computer-aided forensic accounting techniques and processes related thereto;</li> <li>• Certain types of search warrants relevant to the scope of work of the forensic accountant, the form and substance thereof and the execution thereof;</li> <li>• The processes involved with and management of the commercial crime scene;</li> <li>• Manipulating GAAP and Witness Statements;</li> <li>• The practical application of the forensic investigation process in a forensic accountant practise;</li> <li>• Advanced <i>capita selecta</i> of legal principles relating to the forensic environment and Money laundering; and</li> <li>• Fraud risk factors, controls in the prevention of fraud and methods in the detection of fraud.</li> </ul>		
<b>Module Code: FORP672</b>	<b>Year Module</b>	<b>NQF-Level: 8</b>
<b>Titel: : FORENSIC CASE STUDIES</b>		
<p>Module outcomes:</p> <p>Upon completion of this module the student must have insight into:</p> <ul style="list-style-type: none"> <li>• The dimensions and methods of research;</li> <li>• The nature of research and scientific writing.</li> <li>• Apply the various interviewing strategies based on extensive and systematic knowledge of the subject.</li> <li>• Demonstrate the various interviewing techniques in given situations.</li> <li>• The practical application of the forensic investigation process;</li> <li>• The practical application of research methodology;</li> <li>• The practical application of interviewing techniques; and</li> <li>• The practical application of conducting case studies and submitting reports on findings.</li> </ul>		

**E.8 RULES FOR THE DEGREE MAGISTER COMMERCII (M.COM.) AND MAGISTER ARTIUM (MA)**

(The latter applies in the case of the M.A. in Industrial Psychology, M.A. in Industrial Sociology and the M.A. in Tourism.)

**E.8.1 DURATION OF THE STUDIES**

- a) The minimum duration of the studies is one year and the maximum duration is three years, calculated from the date of first registration for the relevant programme.
- b) General rule A.13.5.2 determines the procedure for the extension of the period of study.

**E.8.2 ADMISSION AND REGISTRATION**

The admission requirements and dates of registration and reregistration are determined in terms of general rules A.13.1 - A.13.3.

**E.8.3 APPROVAL OF THE STUDY PROGRAMME**

Approval of the study programme and the rules followed in the procedure are determined in terms of general rule A.14.4. The study programme must, to the satisfaction of the director of the research focus area, contribute to the research programme(s) of the University as determined by the different research focus areas.

**E.8.4 SPECIFIC ADMISSION REQUIREMENTS**

- a) A student must be in possession of a Honours B.A. or Honours B.Com. degree or have the status of a Honours B.A. or Honours B.Com. degree as approved by the Senate. The study content of this degree must be to the satisfaction of the Dean and the director involved with the intended M.Com. studies.
- b) The student must have obtained an average of at least 60% in the Honours B.Com.
- c) The student must have obtained at least 60% in the B.Com.(Hons) modules upon which the intended studies are based.
- d) The research ability of the student must be to the satisfaction of the School director and the Director of the research area/unit. Students whose ability in research methods are deemed not to be adequate by the school director and research director will only be accepted into an M-programme after successfully completing the faculty's short courses in research methodology.
- e) Students with an honours degree in Industrial Psychology who, for whatever reason, may not continue with a master's degree in Industrial Psychology, will when they have completed a preliminary oral examination to the satisfaction of the programme leader of Industrial Sociology, be allowed to enrol for a master's degree in Industrial Sociology (Labour Relations), provided the academic requirements of the latter programme are complied with.

- f) Prospective M.Com. and M.A. Industrial Psychology students are subject to a selection programme available at the School Director.

All students applying for the Masters Programme in Industrial Psychology or Human Resource Management at the North-West University (Potchefstroom Campus or Vaal Triangle Campus), should pass a competency examination in Statistics. Students who do not obtain a minimum of 50% in this examination, can be denied admission to the Masters Programme in Industrial Psychology, or must be prepared to complete a workshop on basic statistical methods (as prescribed by the Programme for Industrial Psychology) at their own cost. Students must complete this workshop within the first six months of their Masters Training, but will be allowed to do it simultaneously with the other compulsory modules which form part of the Masters Programme.

- g) If the M-study consist only out of a research part then the application of a prospective student will be accepted after a research proposal was accepted by the school and if there is a study leader available.

## **E.8.5 EXAMINATIONS**

### **E.8.5.1 Examination opportunities**

The examination opportunities and relevant rules are determined in terms of general rule A.8.1.

### **E.8.5.2 Nomination of examiners**

The nomination of examiners and moderators take place in terms of general rule A.8.2.

### **E.8.5.3 Admission to examinations**

- a) The admission to the examination in any module takes place by acquiring a proof of participation (general rules A.1.6 and A.8.6).
- b) A proof of participation, which grants admission to the examination, will only be issued after a student has complied with the requirements for the relevant module to the satisfaction of the school director in consultation with the subject group chairperson involved.

### **E.8.5.4 Examinations**

- a) The examination for the master's degree is taken in terms of the prescriptions of general rule A.13.6.
- b) A student registering at such a stage of the year that he/she cannot catch up on the examination paper section of that specific year will have to complete the examination paper section right at the end of the second study year. Such a student must submit the research proposal to the Executive Committee of the Faculty Council for approval within six months after registration as indicated by general rule A.13.4.8.
- c) A dissertation or minidissertation is submitted only with the written consent of the study leader(s) (general rule A.13.9).

- d) The number of times that a learner may present him-/herself for examination and the repetition of modules are determined in terms of general rule A.13.14.
- e) Requirements for a dissertation/minidissertation:
- i) The requirements to which a dissertation or minidissertation must conform are determined in terms of general rule A.13.7.
  - ii) Students must make quite sure of the contents of the **Manual for Postgraduate Studies** (general rule A.13.7.2).
- f) Participation mark
- A participation mark for modules may be compiled from assignments and other forms of assessment.
- g) Module mark/Results
- The module mark of modules (examination papers) in which examinations are taken, is calculated according to the provisions of general rules A.8.7 (pass mark of 50%), A.8.7.4 (ratio between participation and examination mark), A.8.7.5 (subminimum of 40%), A.8.7.9 and A.8.7.10 (distinction). The calculation of the module mark and results of a dissertation or minidissertation are determined in terms of the provisions of general rule A.13.12.

#### E.8.5.5 Termination of studies

A student's studies may be terminated on the basis of the provisions of general rule A.9.

## **E.9 RULES FOR THE DEGREE PHILOSOPHIAE DOCTOR**

### **E.9.1 ADMISSION AND REGISTRATION**

Admission to studies for the Ph.D. degree takes place in terms of the stipulations of general rule A.14.1.

### **E.9.2 DURATION OF THE PH.D. STUDIES**

- a) The minimum duration of the studies is two years and the maximum duration four years, taken from the date of first registration for the specific programme.
- b) Exemption from a part of the period of study or credits takes place in terms of general rule A.14.5.2.
- c) Extension of the period of study is decided in terms of general rule A.14.6.

### **E.9.3 APPROVAL OF THE STUDY PROGRAMME**

Approval of the study programme and the procedure that must be followed take place in terms of general rule A.14.4. The study programme must, to the satisfaction of the director of the research focus area, contribute to the research programme(s) of the University as determined by the different research focus areas.

### **E.9.4 SPECIFIC ADMISSION REQUIREMENTS**

- The research ability of the student must be to the satisfaction of the School director and the director of the research area/unit. Students whose ability in research methods are deemed not to be adequate by the school director and research director will only be accepted into a M-programme after successfully completing the faculty's short courses in research methods.
- Part time students may register for the PhD-degree after a research proposal was accepted by the school and if a promotor is available for the study.

### **E.9.5 EXAMINATIONS**

Examinations take place in terms of general rules A.14.7; A.14.9; A.14.10; A.14.13 and A.14.14.

#### **E.9.5.1 Requirements of a thesis**

The requirements to which a thesis must conform are determined in terms of general rule A.14.8.

**E.9.6 LIST OF CURRICULA, PROGRAMMES AND MODULES**
